Parliamentary Notice

ROYAL ASSENT

On Tuesday, March 29th, 1966, the Honourable the Lieutenant Governor entered the Chamber of the Legislative Assembly and took his seat upon the Throne.

Mr. Speaker addressed His Honour in the following words:—

"May it please Your Honour:

The Legislative Assembly of the Province has at its present Sittings thereof passed certain Bills to which, in the name and on behalf of the said Legislative Assembly, I respectfully request Your Honour's Assent."

The Clerk Assistant then read the titles of the Bills that had passed as follows:—

Bill 68, An Act to amend The Motor Vehicle Fuel Tax Act.

Bill 69, An Act to amend The Motor Vehicle Fuel Tax Act, 1965.

Bill 70, An Act to amend The Retail Sales Tax Act, 1960-61.

Bill 71, An Act to amend The Tobacco Tax Act, 1965.

Bill 72, An Act to amend The Gasoline Tax Act.

Bill 73, An Act to amend The Land Transfer Tax Act.

Bill 74, An Act to amend The Succession Duty Act.

Bill 77, An Act to incorporate The Ontario Education Capital Aid Corporation.

To these Acts the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:

"In Her Majesty's name, the Honourable the Lieutenant Governor doth assent to these Bills."

His Honour was then pleased to retire.

IN THE SUPREME COURT OF ONTARIO

IN THE MATTER OF The Quieting Titles Act, R.S.O. 1960, Chapter 340; and

IN THE MATTER OF Lot Twenty-five (25) on the north side of Arthur Street and part of Lot Twenty-five (25) on the south side of Victoria Street in the City of Brantford.

NOTICE IS HEREBY GIVEN that Elvira Rossi has made application to the Supreme Court of Ontario for a Certificate of Title to all and singular that certain parcel or tract of land and premises situate, lying and being in the City of Brantford, in the County of Brant, and being composed of,

FIRSTLY: All of Lot Twenty-five (25) on the north side of Arthur Street in the said City of Brantford;

SECONDLY: Part of Lot Twenty-five (25) on the south side of Victoria Street, more particularly described as follows:

Commencing at a point in the westerly limit of Drummond Street at a distance of ninety-eight (98) feet measured southerly thereon from the southerly limit of Victoria Street; thence westerly parallel with Victoria Street a distance of sixty-six (66) feet to the westerly limit of said Lot Twenty-five (25); thence southerly along the westerly limit of said Lot Twenty-five (25) a distance of thirty-four (34) feet to the southwesterly angle of said lot; thence easterly along the southerly limit of said lot a distance of sixty-six (66) feet to the southwesterly angle of said lot; thence northerly along the westerly limit of Drummond Street a distance of thirty-four (34) feet to the place of beginning, the said land being the lands intended to be conveyed in Instruments Nos. 93643, 99415, and 93999 for the City of Brantford, under The Quieting Titles Act, Revised Statutes of Ontario, 1960, Chapter 340, and has produced evidence, whereby she appears to be the owner thereof in fee simple, free from all encumbrances, easements and rights-of-way, save and except arrears of taxes and penalties and a mortgage No. A 71272, dated the 1st day of June, 1965, and registered the 28th day of July, 1965, in favour of Hamilton Trust and Savings Corporation.

Wherefore, any other person, having or pretending to have any title to or interest in the said land or any part thereof, is required, on or before Monday, the 18th day of April, 1966, now next ensuing, to file a statement of his claim verified by affidavit in my office at the Court House in the City of Brantford, in the County of Brant, and in default every such claim will be barred and the title of the said Elvira Rossi will become absolute and indefeasible at law and in equity subject only to the exceptions and qualifications mentioned in subsection 1 in the 22nd section of the said Quieting Titles Act, and subject only to the above-mentioned mortgage.

AND TAKE NOTICE that I further direct that this Notice shall be advertised in THE ONTARIO GAZETTE for one insertion, and in The Brantford

Expositor for four insertions of one per week, commencing March 25th, 1966, and thereafter on April 1st, April 8th, and April 15th, 1966.

Dated this 21st day of March, 1966.

 - (l) free from any damage, injury or defect or a combination thereof that is not referred to in clauses c, d, e, f, g, h, i, j, k, l, m, n, o, p, q, r or s and that materially affects their appearance, edibility or shipping quality; and
 - (u) free from any combination of two or more of the defects referred to in clauses c, d, e, f, g, h, i, j, k, l, m, n, o, p, q, r, s and t the total area of which exceeds the greater single area tolerance prescribed for the particular defects of the combination;
 - (v) of the amount of colour specified in section 55, 56 or 57, as the case may be, for the variety; and
 - (w) properly packed.
3. Canada Commercial Grade, consisting of apples that are,
- (a) mature, hand-picked, reasonably clean, sound, of one variety and sized;
 - (b) free from insect larvae and Red Banded Leaf Roller injury;
 - (c) free from bruises that,
 - (i) are soft, or
 - (ii) affect an aggregate area per apple exceeding one and one-half of an inch in diameter;
 - (d) free from drought spots that,
 - (i) exceed three per apple,
 - (ii) affect an aggregate area per apple exceeding one-half of an inch in diameter, or
 - (iii) have noticeably depressed or discoloured the affected area;
 - (e) free from hail injury that has,
 - (i) not broken the skin but affects an aggregate area per apple exceeding three-quarters of an inch in diameter,
 - (ii) broken the skin and is not well healed,
 - (iii) broken the skin and is well healed but affects an aggregate area per apple exceeding one-quarter of an inch in diameter, or
 - (iv) noticeably depressed the affected area or seriously affected the appearance of the apple;
 - (f) free from insect injury that is,
 - (i) leaf roller, other than Red Banded Leaf Roller injury and affects more than 5 per cent of the surface area of an apple,
 - (ii) curculio or plant bug injury and is not completely and smoothly healed or that shows evidence of penetration below the surface of the apple,

- (iii) insect punctures or stings and exceeds three-eighths of an inch in depth or one-eighth of an inch in diameter inclusive of any encircling ring or discolouration, or
 - (iv) four or more insect punctures or stings, other than bud moth stings, per apple;
 - (g) free from six or more bud moth stings per apple;
 - (h) free from apple maggot punctures or stings that affect more than 25 per cent of the apples in the lot;
 - (i) free from limb rub that,
 - (i) is soft, or
 - (ii) affects more than 5 per cent of the surface area of an apple;
 - (j) free from russetting that,
 - (i) is rough and affects more than 5 per cent of the surface of the apple exclusive of the stem cavity, or
 - (ii) although it is smooth is not characteristic of the variety and affects more than 25 per cent of the surface of the apple, exclusive of the stem cavity;
 - (k) free from scab spots that affect an aggregate area per apple exceeding one-half of an inch in diameter;
 - (l) free from scale and scale spots that exceed ten per apple;
 - (m) in the case of apples of varieties other than McIntosh, when packed in boxes, trays or cells, free from skin punctures that,
 - (i) exceed two per apple,
 - (ii) individually exceed three-sixteenths of an inch in diameter, or
 - (iii) affect more than 10 per cent of the apples in the lot;
 - (n) in the case of apples of varieties other than McIntosh, when packed other than in boxes, trays or cells, free from skin punctures that,
 - (i) exceed two per apple,
 - (ii) individually exceed three-sixteenths of an inch in diameter, or
 - (iii) affect more than 20 per cent of the apples in the lot;
 - (o) in the case of apples of McIntosh variety, when packed in boxes, trays or cells, free from skin punctures that,
 - (i) exceed two per apple,
 - (ii) individually exceed three-sixteenths of an inch in diameter, or
 - (iii) affect more than 20 per cent of the apples in the lot;
 - (p) in the case of apples of McIntosh variety, when packed other than in boxes, trays or cells, free from skin punctures that,
 - (i) exceed two per apple,
 - (ii) individually exceed three-sixteenths of an inch in diameter, or
 - (iii) affect more than 30 per cent of the apples in the lot;
 - (q) free from storage scald that affects more than 25 per cent of the surface area of the apple;
 - (r) free from sun scald or spray burn that,
 - (i) is soft or has caused blistering or cracking of the skin, or
 - (ii) affects more than 10 per cent of the surface area of the apple and does not blend with the colour of the apple;
 - (s) free from watercore,
 - (i) existing around the core and extending to the circular area formed by the vascular bundles,
 - (ii) surrounding the vascular bundles when the affected areas surrounding two or more adjacent vascular bundles meet or coalesce, or
 - (iii) existing in more than a slight degree outside the circular area formed by the vascular bundles;
 - (t) free from any damage, injury or defect that is not referred to in clauses *c, d, e, f, g, h, i, j, k, l, m, n, o, p, q, r* or *s* and that materially affects their appearance, edibility or shipping quality;
 - (u) free from any combination of two or more of the defects referred to in clauses *c, d, e, f, g, h, i, j, k, l, m, n, o, p, q, r, s* and *t* the total area of which exceeds the greater single area tolerance prescribed for the particular defects of the combination;
 - (v) of the amount of colour specified in section 55, 56 or 57, as the case may be, for the variety; and
 - (w) properly packed.
4. Canada Commercial Cookers Grade, consisting of apples that are,
- (a) of the Northern Spy variety, the Wealthy variety or a variety that matures earlier than the Wealthy variety;
 - (b) in the case of apples of the Northern Spy variety, of a minimum diameter of $2\frac{1}{2}$ inches and, in the case of apples of all other varieties, of a minimum diameter of $2\frac{1}{4}$ inches; and
 - (c) able to meet the requirements for Canada Commercial Grade apples in all respects other than,
 - (i) the requirement prescribed in clause *v* of paragraph 3, and

- (ii) in the case of apples of the Wealthy variety and the varieties that mature earlier than apples of the Wealthy variety, the requirement for maturity in clause *a* of paragraph 3.

5. Canada Hailed Grade, consisting of apples that are,

- (a) able to meet the requirements for Canada Commercial Grade apples in all respects other than,

- (i) the requirement prescribed in clause *e* of paragraph 3, and

- (ii) the requirement prescribed in clause *v* of paragraph 3;

- (b) free from damage by hail injury that,

- (i) has broken the skin and is not well healed,

- (ii) has broken the skin and is well healed but exceeds three-eighths of an inch in diameter or affects an aggregate area per apple exceeding one inch in diameter,

- (iii) has not broken the skin but affects an aggregate area per apple exceeding $1\frac{1}{2}$ inches in diameter, or

- (iv) exceeds $\frac{1}{4}$ of an inch in depth; and

- (c) of not less than the amount of colour for Canada Fancy Grade apples specified in section 55, 56 or 57, as the case may be, for the variety.

6. Small-one Grade, consisting of apples that,

- (a) are not less than two inches or more than $2\frac{1}{4}$ inches in diameter;

- (b) are one of the varieties of Early McIntosh, Golden Russet, Jonathan, McIntosh, Melba, Scarlet Pippin or Fameuse; and

- (c) in all other respects meet the requirements for Canada Extra Fancy Grade apples.

(2) In subsection 1, "sized" means,

- (a) of a minimum diameter of $2\frac{1}{4}$ inches;

- (b) if packed in packages having tiers, are packed according to actual count, and

- (i) if packed in a package containing one hundred or more apples, do not vary more than five-sixteenths of an inch in diameter in any one package, or

- (ii) if packed in a package containing less than one hundred apples, do not vary more than one-quarter of an inch in diameter in any one package; and

- (c) if packed in a package other than a package referred to in clause *b*, are packed in accordance with one of the following diameter size ranges:

- i. $2\frac{1}{4}$ inches to $2\frac{1}{2}$ inches.

- ii. $2\frac{1}{4}$ inches to $2\frac{3}{4}$ inches.

- iii. $2\frac{1}{4}$ inches and up.

- iv. $2\frac{1}{2}$ inches to $2\frac{3}{4}$ inches.

- v. $2\frac{1}{2}$ inches to 3 inches.

- vi. $2\frac{1}{2}$ inches and up.

- vii. $2\frac{3}{4}$ inches to 3 inches.

- viii. $2\frac{3}{4}$ inches and up.

- ix. 3 inches and up.

(3) In clause *h* of paragraph 1 of subsection 1, clause *k* of paragraph 2 of subsection 1 and clause *j* of paragraph 3 of subsection 1,

- (a) "rough" means bark-like, pebbly or thick and not blending with the normal colour of an apple; and

- (b) "smooth" means net-like, streaked, patchy or solid, readily apparent but smooth to touch.

(4) In clause *h* of paragraph 1 of subsection 1 and clause *k* of paragraph 2 of subsection 1 "fine" means of very smooth texture and generally inconspicuous.

(5) Apples that meet the requirements for Canada Commercial Grade apples may be alternatively designated as Canada Cee Grade or Canada "C" Grade.

3. Section 55 of Regulation 141 of Revised Regulations of Ontario, 1960, as amended by section 20 of Ontario Regulation 213/62, is revoked and the following substituted therefor:

55.—(1) Apples of Canada Extra Fancy Grade of the red or red-striped varieties named in Column 1 of Part 1 of Schedule 2 shall possess a minimum percentage of their surface area,

- (a) of solid or block red colour of the shade considered fully characteristic of the variety when fully mature as prescribed in Column 2 of Part 1 of Schedule 2 and a minimum of an additional 15 per cent of their surface area of a reddish colour; or

- (b) of a red or red-striped colour of the shade considered fully characteristic of the variety when fully mature as prescribed in Column 3 of Part 1 of Schedule 2.

(2) Apples of Canada Fancy Grade of the red or red-striped varieties named in Column 1 of Part 1 of Schedule 2 shall possess a minimum percentage of the surface area,

- (a) of solid or block red colour of the shade considered fully characteristic of the variety when fully mature as prescribed in Column 4 of Part 1 of Schedule 2 and a minimum of an additional 15 per cent of their surface area of a reddish colour; or

- (b) of a red or red-striped colour of the shade considered fully characteristic of the variety when fully mature as prescribed in Column 5 of Part 1 of Schedule 2.

(3) Apples of Canada Commercial Grade of red or red-striped varieties named in Column 1 of Part 1 of Schedule 2 shall possess a minimum percentage of their surface area of red or red-striped colour of the shade considered characteristic of the variety when mature as prescribed in Column 6 of Part 1 of Schedule 2.

4. Section 56 of Regulation 141 of Revised Regulations of Ontario, 1960, as amended by section 21 of Ontario Regulation 213/62, is revoked and the following substituted therefor:

- (a) of Canada Extra Fancy Grade named in Column 1 of Part 3 of Schedule 2 shall be as prescribed in Column 2 of Part 3 of Schedule 2;
- (b) of Canada Fancy Grade named in Column 1 of Part 3 of Schedule 2 shall be as prescribed in Column 3 of Part 3 of Schedule 2; and
- (c) of Canada Commercial Grade named in Column 1 of Part 3 of Schedule 2 shall be as prescribed in Column 4 of Part 3 of Schedule 2.

6. Section 58 of Regulation 141 of Revised Regulations of Ontario, 1960 is revoked and the following substituted therefor:

58. The tolerances by count for variations incidental to commercial grading and handling of apples shall not be more than,

- (a) 5 per cent, in a lot, below the prescribed minimum size;
- (b) 5 per cent, in a lot, exceeding the prescribed maximum size;
- (c) 10 per cent of the packages, in a lot of apples packed in packages having tiers, containing more than 10 per cent by count of apples that exceed the maximum size variations as defined in clause *b* of subsection 2 of section 54;
- (d) 3 per cent, in a lot, affected by decay;
- (e) 5 per cent, in a lot, having the same grade defect;
- (f) 10 per cent, in a lot, having grade defects other than those referred to in clauses *a*, *b* and *c* but including those referred to in clauses *d* and *e*; or
- (g) 5 per cent, in a lot of apples of Canada Extra Fancy Grade, fairly well formed.

7. Section 59 of Regulation 141 of Revised Regulations of Ontario, 1960, as amended by section 5 of Ontario Regulation 191/65, is revoked and the following substituted therefor:

59. The net weight of apples when packed in bags shall be three pounds, four pounds, five pounds, eight pounds or ten pounds.

8. Sections 60, 61, 62 and 63 of Regulation 141 of Revised Regulations of Ontario, 1960 are revoked.

9. Section 64 of Regulation 141 of Revised Regulations of Ontario, 1960, as amended by section 23 of Ontario Regulation 213/62, is revoked.

(2) The grades for greenhouse cucumbers are as follows:

1. Canada No. 1 Grade, consisting of greenhouse cucumbers that are,

- (a) of similar varietal characteristics;
- (b) fresh, sound and firm;
- (c) fairly straight and not more than slightly tapered;
- (d) of a good green colour, characteristic of cucumbers, over a minimum of 85 per cent of the surface area of each cucumber but not including that area of a cucumber occupied by striping characteristic of cucumbers;
- (e) free from decay;
- (f) free from any injury or defect or a combination thereof that is not referred to in clauses *b*, *c*, *d* and *e* and that materially affects their appearance, edibility or shipping quality;
- (g) of a minimum length of six inches;
- (h) when in a package, not subject to variations of more than one-half of an inch in diameter or 1½ inches in length; and
- (i) properly packed.

2. Canada No. 2 Grade, consisting of greenhouse cucumbers that are,

- (a) of similar varietal characteristics;
- (b) fresh, sound and firm;
- (c) not materially curved, constricted, pointed or otherwise materially misshapen;
- (d) of a good green colour, characteristic of cucumbers, over a minimum of 75 per cent of the surface area of each cucumber but not including that area of a cucumber occupied by striping characteristic of cucumbers;
- (e) free from decay;
- (f) free from any injury or defect or a combination thereof that is not referred to in clauses *b*, *c*, *d* and *e* and that seriously affects their appearance, edibility or shipping quality;
- (g) of a minimum length of five inches;
- (h) when in a package, not subject to variations of more than three-quarters of an inch in diameter or two inches in length; and

(i) properly packed.

(3) The tolerances by count for variations incidental to commercial grading and handling of greenhouse cucumbers shall be not more than,

- (a) 5 per cent below the minimum length;
- (b) in the case of greenhouse cucumbers packed in packages, 10 per cent of the packages containing greenhouse cucumbers that exceed the size variations referred to in clause *h* of paragraph 1 of subsection 2 or clause *h* of paragraph 2 of subsection 2;
- (c) 1 per cent affected by decay; and
- (d) 5 per cent affected by grade defects that are not referred to in clauses *a* and *b*, but including that referred to in clause *c*.

(2) Subsection 4 of the said section 91 is amended by striking out "this section" in the first line and inserting in lieu thereof "subsection 1".

13. Section 92 of Regulation 141 of Revised Regulations of Ontario, 1960, as amended by section 31 of Ontario Regulation 213/62, is further amended by inserting after "handling of" in the second line "field".

14.—(1) Subsection 1 of section 132 of Regulation 141 of Revised Regulations of Ontario, 1960, as amended by section 40 of Ontario Regulation 213/62, is further amended by striking out "and hothouse" in the first line.

(2) Paragraph 1 of the said subsection 1 is amended by inserting after "coloured" in the third line "field".

(3) Paragraph 2 of the said subsection 1, as amended by section 40 of Ontario Regulation 213/62, is further amended by inserting after "coloured" in the third line "field".

(4) Paragraph 3 of the said subsection 1, as amended by section 40 of Ontario Regulation 213/62, is further amended by inserting after "coloured" in the second line "field".

(5) Subsection 3 of the said section 132 is amended by inserting after "Grade" in the second line "field".

(6) Subsection 4 of the said section 132 is amended by inserting after "of" in the first line "field".

(7) Subsection 6 of the said section 132 is amended by inserting after "Grade" in the third line "field tomatoes".

(8) Subsection 9 of the said section 132 is amended by inserting after "Grade" where it occurs the second time in the second line "field".

(9) Subsections 10 and 11 of the said section 132 are revoked.

15. Regulation 141 of Revised Regulations of Ontario, 1960, as amended by Ontario Regulations 160/61, 261/61, 184/62, 213/62, 215/63, 69/64, 191/65 and 12/66 is further amended by adding thereto the following sections:

132a.—(1) The grades for greenhouse tomatoes are as follows:

1. Canada No. 1 Grade, consisting of greenhouse tomatoes that are,

- (a) of similar varietal characteristics;
- (b) smooth, clean and sound;
- (c) mature, uniformly coloured and not soft;

(d) free from disease, blemishes, decay or other injury;

(e) of a minimum diameter of 1½ inches;

(f) when in a package,

(i) not subject to variations of more than one-half of an inch in diameter, or

(ii) if the tomatoes in the package are of a minimum diameter of 2½ inches, not subject to variations of more than one inch in diameter; and

(g) properly packed.

2. Canada No. 2 Grade, consisting of greenhouse tomatoes that are,

(a) of similar varietal characteristics;

(b) clean, sound, mature and not soft;

(c) free from decay or misshapen specimens;

(d) free from damage; and

(e) properly packed.

(2) In paragraph 2 of subsection 1, "free from damage" means the greenhouse tomatoes are free from,

(a) growth cracks that are,

(i) not well healed, or

(ii) well healed but exceed three-quarters of an inch in aggregate length;

(b) blotchy ripening that affects more than,

(i) 15 per cent of the surface area of an individual greenhouse tomato, or

(ii) 15 per cent of the tomatoes in the lot;

(c) any injury or defect or a combination thereof that is not referred to in clauses *a* or *b* and that materially affects their appearance, edibility or shipping quality.

(3) For variations incidental to grading, packing and handling of Canada No. 1 Grade and Canada No. 2 Grade greenhouse tomatoes, the tolerances by count shall be not more than,

(a) 5 per cent below the minimum size;

(b) when in packages, 10 per cent of the packages containing greenhouse tomatoes that exceed the permitted size variation referred to in clause *f* of paragraph 1 of subsection 1;

(c) 1 per cent affected by decay; and

(d) 5 per cent of grade defects that are not referred to in clauses *a* and *b* but including that referred to in clause *c*.

(4) In subsection 1, "mature" means possessing at least a definite tinge of pink at the blossom end.

132b.—(1) When packed in tomato tubes, the net weight of field tomatoes or greenhouse tomatoes shall be not less than fourteen ounces.

(2) The net weight of field tomatoes or greenhouse tomatoes, when packed in packages other than tomato tubes, tomato cartons or baskets or cartons of two-quart, four-quart, six-quart, eleven-quart, half-bushel or bushel capacity, shall be one pound, two pounds, three pounds, five pounds,

eight pounds, ten pounds, fifteen pounds or twenty pounds.

16. Schedule 2 of Regulation 141 of Revised Regulations of Ontario, 1960, as amended by section 3 of Ontario Regulation 215/63, is revoked and the following substituted therefor:

O. Reg. 72/66.

Electricians.

Made—March 17th, 1966.

Filed—March 21st, 1966.

REGULATION MADE UNDER THE APPRENTICESHIP AND TRADESMEN'S QUALIFICATION ACT, 1964

1. In this Regulation,

(a) "certified trade" means the trade of electrician;

(b) "electrician" means a person who,

(i) lays out, assembles, installs, repairs, maintains, connects or tests electrical fixtures, apparatus, control equipment and wiring for systems of alarm, communication, light, heat or power in buildings or other structures,

(ii) plans proposed installations from blueprints, sketches or specifications and installs panel boards, switch boxes, pull boxes and other related electrical devices,

(iii) measures, cuts, threads, bends, assembles and installs conduits and other types of electrical conductor enclosures that connect panels, boxes, outlets and other related electrical devices,

(iv) installs brackets, hangers or equipment for supporting electrical equipment,

(v) installs in or draws electrical conductors through conductor enclosures,

- (vi) prepares conductors for splicing of electrical connections, secures conductor connections by soldering or other mechanical means and re-insulates and protects conductor connections, or

- (vii) tests electrical equipment for proper function.

2.—(1) The certified trade is composed of two branches.

(2) Branch 1 is the trade of a construction and maintenance electrician as defined in subclause i of clause b of section 1.

(3) Branch 2 is the trade of a domestic and rural electrician who performs the work of an electrician in the construction, erection, repair, remodelling or alteration of houses, multiple dwelling buildings containing six or fewer dwellings, or buildings or structures used for farming, or who performs maintenance to electrical equipment in houses, multiple dwelling buildings containing six or fewer dwellings or farms.

3. The trade of an electrician is designated as a certified trade for the purpose of the Act.

4. An apprentice training programme is established for the certified trade and shall consist of training and instruction,

- (a) at full-time educational day classes provided at a Provincial Institute of Trades,

- (i) in either Course 1 or Course 2 as set out in Schedule 1, in the case of an apprentice in Branch 1, or

- (ii) in Course 3 as set out in Schedule 1, in the case of an apprentice in Branch 2,

or an equivalent course of training and instruction approved by the Director; and

- (b) in practical training and instruction provided by an employer of the apprentice,

- (i) in either Course 1 or Course 2 as set out in Schedule 2, in the case of an apprentice in Branch 1, or

- (ii) in Course 3 as set out in Schedule 2, in the case of an apprentice in Branch 2.

5.—(1) Subject to subsections 2 and 3, an apprentice,

- (a) in Branch 1 shall complete five periods of training and instruction of 1800 hours each; and

- (b) in Branch 2 shall complete four periods of training and instruction of 1800 hours each.

(2) An apprentice in Branch 1 who holds a Grade 12 Secondary School Graduation Diploma shall complete five periods of training and instruction of 1600 hours each.

(3) An apprentice in Branch 2 who holds a Grade 12 Secondary School Graduation Diploma shall complete four periods of training and instruction of 1600 hours each.

6. The holder of a certificate of qualification in Branch 2 of the certified trade is entitled to a certificate of qualification in Branch 1 of the certified trade upon completion of a further period of training and instruction of 2000 hours that shall include a course of study approved by the Director.

7. Any person who,

- (a) applies in the prescribed form for apprenticeship in the certified trade; and

- (b) becomes an apprentice in the certified trade within three months after commencing to work in that trade,

is exempt from subsection 2 of section 10 of the Act.

8.—(1) Subject to subsection 2, the rate of wages for an apprentice in any branch of the certified trade, whether for his regular daily hours or for hours in excess of his regular daily hours, shall be not less than,

- (a) 40 per cent, during the first period of training and instruction;

- (b) 50 per cent, during the second period of training and instruction;

- (c) 60 per cent, during the third period of training and instruction;

- (d) 70 per cent during the fourth period of training and instruction; and

- (e) 80 per cent during the fifth period of training and instruction, where applicable,

of the rate of wages or its equivalent for a journeyman employed by the same employer in the same branch of the trade and with whom the apprentice is working.

(2) The rate of wages for a Branch 2 electrician during the 2000 hour period of training and instruction mentioned in section 6 shall be not less than 80 per cent of the wages for a Branch 1 electrician.

9. The subjects of examination for an apprentice are the subjects set out in column 1 of schedules 1 and 2.

10. A certificate of qualification expires with the last day of February in each year.

11. The holder of a certificate of qualification, or a renewal thereof, in either Branch A or Branch B of the certified trade of electrician issued under Ontario Regulation 271/64 shall be deemed to be the holder of a certificate of qualification in Branch 1 of the certified trade.

12. The Act and this Regulation do not apply to persons permanently employed in an industrial plant at a limited purpose occupation in the electrical trade.

13. Ontario Regulation 271/64 is revoked.

D. & M. Transport Limited, 15093
55 Dromore Cres.,
Willowdale, Ontario.

The Ontario Highway Transport Board, pursuant to Section 16 of The Ontario Highway Transport Board Act, will review the terms of its certificate dated April 6th, 1965, which led to the issuance of Class 'D' public commercial vehicle operating licence No. 447, because the licensee was, as alleged, hauling a trailer registered in the name of Gordon McKay Transport Limited, Hickson, Ontario, which operation is not authorized under the terms of the said operating licence, and has fixed Wednesday, the 25th day of May, 1966, at 10 a.m. (E.D.S.T.) at its Chambers, 67 College Street, Toronto, Ontario, for that purpose.

The Board may amend or revoke the terms of its certificate.

D. S. CHURCH,
Secretary.

THE MEDICAL SERVICES INSURANCE ACT, 1965**O. Reg. 96/66.**

General.

Made—March 29th, 1966.

Filed—April 6th, 1966.

**REGULATION MADE UNDER
THE MEDICAL SERVICES INSURANCE ACT,
1965****1. For the purpose of section 20 of the Act,**

(a) "certified specialist" means,

- (i) a legally qualified medical practitioner in Ontario who holds a certificate from the Royal College of Physicians and Surgeons of Canada certifying that he is a specialist in the care or services that are normally considered to include the care or services in question; or

- (ii) a legally qualified physician practising outside Ontario who holds a certificate from the appropriate authority in the jurisdiction in which he practises certifying that he is a specialist in the care or services that are normally considered to include the care or services in question; and

- (b) "referral" means a request by a physician for a covered person, made after an initial examination of the covered person, that the services of another physician be made available to the covered person.

2.—(1) Persons,

- (a) who have resided in Ontario for a period of twelve consecutive months immediately prior to making application for subsidy assistance;
- (b) who are not dependants;
- (c) who have no taxable income in the year preceding the year in which application is made for subsidy assistance; and
- (d) who do not receive or qualify to receive medical services under any enactment of any other jurisdiction,

are designated a class of persons who qualify for total subsidy assistance under clause *a* of subsection 1 of section 6 of the Act.

(2) Any person to whom subsection 1 applies may apply for a standard medical services insurance contract to the Medical Services Insurance Division and shall state on his application, which will be signed by him, that he and his dependants, if any, had no taxable income and paid no income tax in the year preceding the year in which his application is made.

(3) Persons who are recipients of assistance or benefits under,

- (a) *The Blind Persons' Allowances Act*;
- (b) *The Disabled Persons' Allowances Act*;
- (c) *The General Welfare Assistance Act*;
- (d) *The Mothers' Allowances Act*;
- (e) *The Old Age Assistance Act*;
- (f) *The Rehabilitation Services Act*; or
- (g) the *Old Age Security Act* (Canada) and are declared by the Department of Public Welfare to be eligible for medical services insurance without payment of a subscription,

are designated a class of persons to whom a standard medical services insurance contract shall be automatically provided under clause *b* of subsection 1 of section 6 of the Act without payment of a subscription.

3.—(1) Persons,

- (a) who have resided in Ontario for a period of twelve consecutive months immediately prior to making application for subsidy assistance;
- (b) who are not dependants;
- (c) who do not receive or qualify to receive medical services under any enactment of any other jurisdiction; and
- (d) whose taxable incomes for the year preceding the year in which application is made for subsidy assistance were,

- (i) for a single person, not more than \$500,
- (ii) for a family of two, not more than \$1000 in total, and
- (iii) for a family of three or more, not more than \$1300 in total,

are designated a class of persons who qualify to be provided with a standard medical services insurance contract under subsection 2 of section 6 of the Act on compliance with subsections 2 and 3.

(2) A person to whom subsection 1 applies may apply for a standard medical services insurance contract to the Medical Services Insurance Division and shall state on his application, which will be signed by him, the amounts of taxable income on which he and his dependants, if any, paid income tax for the year preceding the year in which his application is made.

(3) A person to whom this section applies shall pay a subscription specified as follows:

1. For a single person having an income of not more than \$500, a subscription of \$30 per annum.
2. For a family of two, having a total taxable income of not more than \$1000, a subscription of \$60 per annum.
3. For a family of three or more, having a total taxable income of not more than \$1300, a subscription of \$60 per annum.

4. Notwithstanding sections 2 and 3, no subsidy assistance shall be provided,

- (a) to a person who is exempt from the payment of income tax because he is a member of a religious or charitable society or community; or
- (b) to a married person with dependants who qualifies under sections 2 and 3 where such married person refuses to make application to cover all his dependants under the standard medical services insurance contract.

5. Persons to whom sections 2 and 3 do not apply are designated a class of persons to whom a standard medical services insurance contract shall be provided upon application therefor and payment of a subscription as follows:

1. For a single person, \$60 per annum.
2. For a family of two, \$120 per annum.
3. For a family of three or more, \$150 per annum.

6.—(1) An application to the Council under subsection 1 of section 7 of the Act shall be made on a supplied form and the applicant shall furnish such other information as the Council requires to consider the application.

(2) In a recommendation to the Minister under subsection 2 of section 7 of the Act, the Council shall state the reason for its recommendation that assistance be either granted or not granted to the applicant.

(3) Where the Council recommends that assistance towards the purchase of a standard contract be provided or assistance be provided to continue the applicant's medical service insurance, the applicant who receives such assistance shall notify the Council forthwith of any change in circumstances respecting his unemployment, illness or disability as set out in his application for assistance.

7.—(1) Where a standard medical services insurance contract is cancelled under clause *a*, *c* or *d* of subsection 1 of section 17 of the Act, the covered person may appeal to the Council by submitting to the Council within thirty days after he received notice of such cancellation written notice setting out the reasons for the appeal.

(2) Where no notice of appeal is submitted to the Council within thirty days prescribed in subsection 1, the cancellation of the contract becomes effective immediately thereafter.

8. The Minister may, on the recommendation of the Council, accept changes in the schedule of fees of the Ontario Medical Association during the two-year period mentioned in subsection 1 of section 20, if these changes refer only to new procedures or to any incidental or ancillary matters in the schedule of fees and do not result in substantially increased costs to the Medical Services Insurance Plan.

9. The following surgical procedures are specified as benefits under the standard medical services insurance contract, subject to the limitation that such procedures are to be performed in hospital by a dental surgeon who has been appointed to the dental staff of the respective hospital on the recommendation of the chief of the surgical staff and the agreement of the Medical Advisory Committee of the respective hospital:

1. Surgical removal of teeth, erupted, unerupted or impacted.
2. Alveoloplasty and gingivoplasty.
3. Sulcus deepening and ridge construction.
4. Exposure of tooth for orthodontic treatment.
5. Treatment of traumatic injuries to soft tissues within the mouth.
6. Root resection.
7. Incision and drainage of abscess of dental origin.
8. Frenectomy.
9. Closed reduction of fractures of mandible and maxilla.
10. Excision of intra-oral cysts.
11. Intra-oral biopsy.
12. Excision of benign intra-oral tumours.
13. Removal of root or foreign body from maxillary antrum.
14. Repair and closure of antro-oral fistula.
15. Closed reduction of temporo-mandibular dislocation.
16. Sialolithotomy.
17. Excision of ranula.

Hospital Management.

Made—April 5th, 1966.

Filed—April 13th, 1966.

REGULATION MADE UNDER
THE PUBLIC HOSPITALS ACT

1. Section 1 of Regulation 523 of Revised Regulations of Ontario, 1960 is revoked and the following substituted therefor:

1. In this Regulation,

- (a) "abortion" means the interruption of a pregnancy before the twentieth week of the period of gestation;
- (b) "active medical staff" means members of the medical staff who are appointed by the board to attend indigent patients in the hospital;
- (c) "attending physician" means a medical practitioner who attends a patient in the hospital;
- (d) "birth" means the complete expulsion or extraction from its mother of a foetus which did at any time after being completely expelled or extracted from the mother breathe or show any other sign of life, whether or not the umbilical cord was cut or the placenta attached;
- (e) "chronically ill person" means a person who, in the opinion of a medical practitioner, has reached the apparent limit of his recovery or has a chronic illness or other condition of a long-term nature and requires continued medical and skilled nursing care in a chronic unit or a hospital for chronically ill patients, but does not require care in a mental hospital or a tuberculosis sanatorium;
- (f) "consultant medical staff" means members of the medical staff who are appointed by the board to act as consultants;
- (g) "convalescent person" means a person whose condition, in the opinion of a medical practitioner, has passed the acute or emergency stage and is im-

proving or can be improved by continued medical and skilled nursing care in a convalescent unit or a hospital for convalescent patients;

- (h) "custodial care" means the personal care, assistance and protection required by a person who has reached the apparent limit of his recovery and whose condition is such that such care is necessary, or who has such a degree of senile deterioration that such care is necessary, but who does not require continued medical and skilled nursing care in a hospital;
- (i) "custodial person" means a person who, in the opinion of a medical practitioner, requires custodial care;
- (j) "dental staff" means the dentist or dentists to whom the board has granted the privilege of attending patients in the hospital in co-operation with a member of the medical staff;
- (k) "dentist" means a person holding a certificate of licence under *The Dentistry Act*;
- (l) "medical practitioner" means a legally qualified medical practitioner;
- (m) "medical staff" means the medical practitioners to whom the board has granted the privilege of diagnosing, prescribing for and treating patients in the hospital;
- (n) "neonatal death" means the death of a child before the end of the twenty-eighth day after birth;
- (o) "president" means the president of the medical staff;
- (p) "secretary" means the secretary of the medical staff;
- (q) "still-birth" means the complete expulsion or extraction from its mother after the twentieth week of pregnancy of a foetus that did not, at any time after being completely expelled or extracted from the mother, breathe or show any other sign of life;
- (r) "surgeon" means a member of the medical staff who performs a surgical operation on a patient; and
- (s) "vice-president" means the vice-president of the medical staff.

2. Section 2 of Regulation 523 of Revised Regulations of Ontario, 1960 is revoked and the following substituted therefor:

- 2.—(1) Subject to subsections 2 and 3, a hospital shall be governed and managed by a board elected or appointed in accordance with the provisions of the authority under which the hospital is created, established or incorporated.
- (2) The president is a member of the board with all rights and responsibilities of a board member.
- (3) Where a hospital has 100 beds or more,
 - (a) the president and vice-president; and

(b) one of,

- (i) the chief of the medical staff,
- (ii) the secretary of the medical staff,
- (iii) the chairman of the medical advisory committee, or
- (iv) the vice-chairman of the medical advisory committee,

as provided for by a by-law that may be passed by the board after consideration of a recommendation from the medical staff,

are members of the board with all the rights and responsibilities of a board member.

- (4) A medical staff officer entitled to membership on the board under this section shall be in addition to the number of board members provided by or in accordance with the provisions of the authority under which the hospital is created, established or incorporated and shall not replace elected, appointed or *ex officio* members of the board.

3. Section 6 of Regulation 523 of Revised Regulations of Ontario, 1960 is revoked and the following substituted therefor:

6.—(1) The board shall pass by-laws that provide for,

- (a) the appointment and functioning of,
 - (i) an administrator or superintendent,
 - (ii) a medical staff, and
 - (iii) a person licensed under *The Public Accountancy Act* as an auditor;

(b) in each Group A hospital, the appointment and functioning of a medical advisory committee which shall include the president, vice-president and secretary of the medical staff and the chief of the dental staff and shall be constituted in accordance with provisions in the agreement between the hospital and the university with which it is affiliated;

(c) in each hospital other than a Group A hospital, the election by the medical staff of a medical advisory committee for recommendation to the board for appointment;

(d) the appointment of members of the medical staff, on the recommendation of the medical staff, or the election of such members by the medical staff, to,

- (i) a credentials committee,
- (ii) a records committee,

and, where there are ten or more members on the active medical staff,

(iii) an admission and discharge committee, and

(iv) except in hospitals for convalescent persons and hospitals for chronically ill persons, a tissue committee or a medical audit and tissue committee,

and that prescribe the duties and powers of such committees;

(e) the method of determining the professional privileges granted to each member of the medical staff;

(f) an annual physical examination of student nurses, graduate nurses and registered nursing assistants;

(g) a physical examination and stool examination and culture of each employee who handles food within seven days of the commencement of his employment and annually thereafter; and

(h) the establishment and functioning of an administrative and accounting system.

(2) Where the board of a hospital other than a Group A hospital does not appoint the medical advisory committee recommended by the medical staff within thirty days after receiving the recommendation, the board shall forthwith provide the secretary with a statement in writing of the reasons for not accepting the recommendation of the medical staff, whereupon the medical staff shall, within thirty days after the secretary receives such statement, make a further recommendation to the board.

(3) The board may provide in hospital by-laws for the appointment and functioning of,

- (a) a dental staff; and
- (b) a chief of the dental staff.

(4) A hospital that has not passed by-laws in respect of the administrative staff, dental staff or medical staff shall pass such by-laws as are required by the Commission in a written notice to the hospital, and submit them to the Commission not later than six months after the notice is received by the administrator.

(5) A hospital shall amend or revise its by-laws as required by the Commission in a written notice to the hospital and submit to the Commission the amendment or revision not later than four months after the notice is received by the administrator.

(6) The by-laws shall provide that the medical advisory committee shall,

(a) make recommendations to the board concerning,

(i) every application for appointment or re-appointment to the medical staff and to the dental staff, where there is a dental staff,

(ii) the hospital privileges to be granted to each member of the medical staff,

(iii) the hospital privileges to be granted to each member of the dental staff, where there is a dental staff,

(iv) by-laws respecting the medical staff and the dental staff, where there is a dental staff,

(v) rules respecting the medical staff and the dental staff, where there is a dental staff,

(vi) the dismissal, suspension or restriction of hospital privileges of any member of the medical staff or the dental staff who contravenes any provisions of the by-laws, *The Public Hospitals Act*, *The Hospital Services Commission Act* or the regulations made under those Acts, and

(vii) the quality of medical care provided in the hospital;

(b) provide supervision over the practice of medicine in the hospital; and

(c) advise the board on any matter referred to it by the board.

4. Section 14 of Regulation 523 of Revised Regulations of Ontario, 1960 is amended by striking out "shall be sent to the Minister" in the last line and inserting in lieu thereof "shall be sent to and approved by the Commission before work is commenced".

5. Section 17 of Regulation 523 of Revised Regulations of Ontario, 1960 is revoked and the following substituted therefor:

17. A hospital shall keep a register of patients, which shall never be destroyed, containing,

(a) a register number;

(b) the name of the patient;

(c) the sex of the patient;

(d) the age of the patient;

(e) the date of admission; and

(f) the name of the admitting physician,

for each patient admitted to the hospital.

6. Section 22 of Regulation 523 of Revised Regulations of Ontario, 1960 is revoked and the following substituted therefor:

22.—(1) Subject to subsection 2, the medical staff shall hold monthly meetings of which one shall be the annual meeting.

(2) Where the medical advisory committee submits a request in writing to the board, the board may authorize the medical staff,

(a) to omit the monthly meeting for the month of July;

(b) to omit the monthly meetings for the months of July and August; or

(c) subject to subsections 3, 4 and 5, to omit the monthly meetings.

(3) Where the medical staff of a general hospital is authorized to omit monthly meetings,

(a) the medical staff shall hold at least four meetings in each fiscal year, of which one shall be the annual meeting;

(b) the medical advisory committee shall meet monthly to consider medical staff affairs, including reports of all committees of the medical staff;

(c) the medical advisory committee shall report its proceedings to the medical staff and to the board at least four times in each fiscal year; and

(d) the medical staff in each department of the hospital shall hold at least ten monthly departmental meetings in each fiscal year.

(4) Where the medical staff of a hospital for convalescent persons or a hospital for chronically ill persons is authorized to omit monthly meetings,

(a) the medical staff shall hold at least two meetings in each fiscal year, of which one shall be the annual meeting;

(b) the medical advisory committee shall meet at least once in every three months to consider medical staff affairs, including reports of all committees of the medical staff; and

(c) the medical advisory committee shall report its proceedings to the medical staff and to the board at least twice in each fiscal year.

(5) Notwithstanding subsections 1, 2 and 3, in a Group A hospital,

(a) the medical staff shall hold at least one meeting in each fiscal year, which shall be the annual meeting;

(b) the medical advisory committee shall meet monthly to consider medical staff affairs, including reports of all committees of the medical staff;

(c) the medical advisory committee shall report its proceedings to the medical staff at least once in each fiscal year and to the board at least six times in each fiscal year; and

(d) the medical staff in each department of the hospital shall hold at least ten monthly departmental meetings in each fiscal year.

7. Subsection 1 of section 24 of Regulation 523 of Revised Regulations of Ontario, 1960 is amended by striking out "medical-staff" in the first line and inserting in lieu thereof "medical".

8. Section 28 of Regulation 523 of Revised Regulations of Ontario, 1960 is amended by striking out "active" in the sixth line thereof.

9. Regulation 523 of Revised Regulations of Ontario, 1960 is amended by adding thereto the following section:

30a.—(1) No person shall be admitted to a hospital except,

(a) on the order of a medical practitioner who is a member of the medical staff of that hospital; and

(b) when the medical practitioner is of the opinion that it is medically necessary for the person to be admitted to the hospital as an in-patient.

(2) No person shall be admitted to a hospital for treatment by a dentist except,

(a) when the dentist is of the opinion that it is necessary for the person to be admitted to the hospital as an in-patient; and

(b) on the joint order of the dentist and of a medical practitioner who are members of the staff of that hospital.

10. Section 31 of Regulation 523 of Revised Regulations of Ontario, 1960 is revoked and the following substituted therefor:

- 31.—(1) A patient shall not be discharged from a hospital except on a discharge order written and signed by a member of the medical staff.
- (2) When a patient is no longer in need of treatment in a hospital, the attending physician shall write and sign an order that the patient be discharged.
- (3) A patient shall be deemed to be discharged when the attending physician, or another member of the medical staff to whom the attending physician has delegated the duty, writes and signs the discharge order under subsection 2 and communicates it to the patient.
- (4) When the patient is discharged, he shall leave the hospital the same day but, with the approval of the administrator, the patient may, at his option, remain in the hospital for a further period not exceeding twenty-four hours.
- (5) When a patient under the age of sixteen years is discharged, the person liable for his maintenance shall remove him from the hospital on the day he is discharged but, at the request of the person so liable, the patient may, with the approval of the administrator, remain in the hospital for a further period not exceeding twenty-four hours.

11. Section 35 of Regulation 523 of Revised Regulations of Ontario, 1960 is revoked and the following substituted therefor:

- 35.—(1) All orders for treatment shall be,
 - (a) in writing and signed by the attending physician or attending dentist on a paper attached to the medical record of the patient or in a book designated for physicians' orders; and
 - (b) dated and signed by the attending physician or attending dentist or by a medical practitioner authorized by the attending physician or a dentist authorized by the attending dentist,
 but an attending physician or a medical practitioner authorized by him, or an attending dentist or a dentist authorized by him, may dictate by telephone orders for treatment to a person designated by the administrator to take such orders.
- (2) The person to whom an order for treatment has been dictated shall transcribe and sign it and endorse thereon the name of the medical practitioner or dentist who dictated the order and the date and time of receiving the order.
- (3) When a medical practitioner or dentist has dictated an order by telephone, he shall sign the order on his first visit to the hospital thereafter.

12. Section 37 of Regulation 523 of Revised Regulations of Ontario, 1960 is amended by striking out "and" at the end of clause *h*, by adding "and" at the end of clause *i*, and by adding thereto the following clause:

(j) death certificate.

13.—(1) Subsection 1 of section 41 of Regulation 523 of Revised Regulations of Ontario, 1960 is amended by striking out "subsections 2 and 3" in the first line and inserting in lieu thereof "subsections 2, 2a, 2b and 3".

(2) Clause *c* of subsection 2 of the said section 41, as remade by section 1 of Ontario Regulation 247/64, is revoked.

(3) The said section 41 is amended by adding thereto the following subsections:

(2a) Notwithstanding subsection 1, a coroner, or a legally qualified medical practitioner, magistrate or police officer so authorized in writing and directed by a coroner, may inspect and receive information from medical records and may reproduce and retain copies therefrom for the purposes of an inquest or to determine whether an inquest is necessary, where the coroner has,

- (a) issued his warrant to take possession of the body;
- (b) issued his warrant for an inquest; or
- (c) attended at the hospital to view the body and make an investigation in accordance with *The Coroners Act*.

(2b) Notwithstanding subsection 1,

- (a) elected members of the Council of the College of Physicians and Surgeons of Ontario, *ex officio*; and
- (b) a medical practitioner or medical practitioners appointed by the College of Physicians and Surgeons of Ontario, with the approval of the Commission,

may inspect and receive information from medical records and may reproduce and retain copies therefrom for the purposes of the College.

14. Sections 55 to 65, both inclusive, of Regulation 523 of Revised Regulations of Ontario, 1960 are revoked and the following substituted therefor:

HOSPITAL EMPLOYEES

55. For the purpose of this Regulation, "hospital employees" include,

- (a) graduate and student nurses;
- (b) interns;
- (c) graduate and student physiotherapists and occupational therapists;
- (d) registered nursing assistants, student nursing assistants and any other employees on the nursing staff;
- (e) ward maids and ward orderlies;
- (f) laboratory technicians and student laboratory technicians;
- (g) X-ray technicians and student X-ray technicians;
- (h) dietitians, student dietitians and food handlers;
- (i) school teachers;
- (j) social workers; and
- (k) all other hospital employees.

56.—(1) Within fourteen days of his employment, each hospital employee shall receive an intradermal tuberculin test and an X-ray film of his chest shall be taken.

- (2) Notwithstanding subsections 1 and 5, where a person starting employment in a hospital gives to the administrator evidence that he has had an X-ray film of his chest made during the year preceding the date of his employment, he shall not be required to have another X-ray of his chest until twelve months after the date of the last previous X-ray film of his chest.
 - (3) Each hospital employee mentioned in clauses *a* to *j*, inclusive, of section 55 who has a negative tuberculin reaction shall receive an additional tuberculin test within six months of the date of the first test and shall receive an additional test within six months of the date of each test where the result of the test is negative.
 - (4) Each hospital employee mentioned in clause *k* of section 55 who has a negative tuberculin reaction shall receive an additional tuberculin test within twelve months of the date of the first test and shall receive an additional test within twelve months of the date of each test where the result of the test is negative.
 - (5) Each hospital employee who is found to have a positive tuberculin reaction shall have an X-ray film of his chest taken forthwith and every twelve months thereafter.
 - (6) Where a hospital employee has a negative tuberculin reaction to the tuberculin test done within fourteen days of his employment and has a positive tuberculin reaction to a later tuberculin test, he shall have an X-ray film of his chest taken forthwith after having the positive tuberculin reaction and every three months for the next year; again in six months, and then every twelve months thereafter.
 - (7) Every hospital employee whose X-ray film shows evidence of abnormal shadowing shall forthwith receive a further examination to determine the nature of the disease.
 - (8) No tests other than the intra-dermal (Mantoux) test, using one-twentieth of a milligram of Old Tuberculin, shall be used for the tests required under this section.
 - (9) Notwithstanding subsection 1, where a person starting employment in a hospital gives the administrator evidence that she is pregnant, she shall receive an intra-dermal tuberculin test, but an X-ray film of her chest shall not be made.
 - (10) Where a hospital employee gives the administrator evidence that she is pregnant and she has a positive tuberculin reaction to the intra-dermal test made under subsection 9 or to a later test made under subsection 3, an X-ray film of her chest shall not be made if she gives the administrator evidence that she had a normal X-ray of her chest made within the twelve months prior to the date of the positive tuberculin reaction unless,
 - (a) there is additional evidence indicating the possibility that she may have active tuberculosis; and
 - (b) all proper technical precautions are taken to protect the foetus from radiation during the making of the X-ray.
57. Notwithstanding subsections 2 and 6 of section 56, where a hospital employee is found to have developed a positive tuberculin reaction because of the administration of Bacillus Calmette-Guerin Vaccine, the employee shall have an X-ray film of his chest taken within six months of the making of the X-ray film referred to in subsection 1 or 2 of section 56 and within six months after developing a positive reaction and every twelve months thereafter.
 58. Notwithstanding section 56, where a hospital employee produces a certificate by a duly qualified medical practitioner stating that the intra-dermal (Mantoux) test causes an unusually severe reaction in the employee, the intra-dermal test shall not be performed on that employee, but an X-ray film of his chest shall be made within fourteen days of his employment and every twelve months thereafter.
 59. No hospital employee found to be suffering from active tuberculosis shall be permitted to work in the hospital, and the administrator shall report the case within twenty-four hours to the medical officer of health of the municipality in which the employee resides.
 60. Where a hospital employee shows evidence of tuberculosis, the administrator, within seven days of the time of the diagnosis, shall,
 - (a) give written notice of the diagnosis to the Commission, the Department and The Workmen's Compensation Board; and
 - (b) forward to The Workmen's Compensation Board a complete report of the medical findings,
 and shall keep for inspection by the Commission and the Department a copy of the complete report and of the employee's record of examinations, X-rays and tests.
 - 61.—(1) The administrator shall keep a permanent record of all examinations and tests of every employee of the hospital and, if requested, shall send a copy of every record, including the X-ray films, to The Workmen's Compensation Board, to the Department or to the Commission.
 - (2) The permanent record of all examinations and tests referred to in subsection 1 shall be kept by the administrator for three years after the employee has ceased to be employed in the hospital.
 - (3) Any officer of the Department who is authorized by the Deputy Minister, any officer of the Commission who is authorized by the chairman, or any officer of The Workmen's Compensation Board who is authorized by its chairman, may inspect the medical records of the hospital employees at any time.
 - (4) The hospital is responsible for all examinations of the hospital employees and none of the expenses thereby incurred are payable by the employees.
 62. Where a medical practitioner believes or suspects that a person admitted by him to a hospital is suffering from tuberculosis, he shall notify the administrator forthwith.
 63. No hospital employee shall be detailed to care for a patient believed or suspected to be suffering from tuberculosis until the employee has received instruction as to the necessary technique to protect himself and others against infection and, where possible, the employee so detailed shall be a positive reactor to the tuberculin test.

64.—(1) Upon ceasing to be employed, every hospital employee who has been employed for six or more months shall have an X-ray film taken of his chest.

(2) Upon ceasing to be employed, every hospital employee shall be provided by the administrator with evidence showing,

(a) the employee's reaction to any tuberculin tests received by him while an employee in the hospital with the dates of such tests; and

(b) the date on which the last X-ray film was taken of the employee's chest, with a copy of the report of that film.

65. Nothing contained in this Regulation shall prevent an employee from being employed in a hospital when his tuberculosis is inactive.

15. Section 66 of Regulation 523 of Revised Regulations of Ontario, 1960, as remade by section 1 of Ontario Regulation 211/62, is revoked and the following substituted therefor:

HOSPITALS FOR THE CHRONICALLY ILL

66.—(1) A certificate under section 13 of the Act for the admission of an indigent person or the dependant of an indigent person to a hospital for the chronically ill shall be made by a medical practitioner in Form 5.

(2) A certificate under subsection 3 of section 14 of the Act that a person referred to a hospital for the chronically ill from an active treatment hospital is a chronically ill person shall be made in Form 5 by the person's attending physician who is a member of the medical staff of the active treatment hospital from which the patient is referred.

(3) A person, whether or not an indigent person, or the dependant of an indigent person, may be admitted directly to a hospital for chronically ill persons without being referred to it from an active treatment hospital if the person is certified by a medical practitioner in Form 5 to be a chronically ill person and in need of treatment in a hospital for chronically ill persons.

HOSPITALS FOR CONVALESCENT PERSONS

66a.—(1) A certificate under subsection 2 of section 14 of the Act that a person referred to a hospital for convalescent persons from an active treatment hospital is a convalescent person shall be made in Form 6 by the person's attending physician who is a member of the medical staff of the active treatment hospital from which the patient is referred.

(2) A person, whether or not an indigent person, or the dependant of an indigent person, may be admitted directly to a hospital for convalescent persons if the person is certified by a medical practitioner in Form 6 to be a convalescent person and in need of treatment in a hospital for convalescent persons.

16. Form 5 of Regulation 523 of Revised Regulations of Ontario, 1960 is revoked and the following substituted therefor:

THE PENSION BENEFITS ACT, 1965

O. Reg. 103/66.

General.

Made—April 14th, 1966.

Filed—April 15th, 1966.

REGULATION MADE UNDER THE PENSION BENEFITS ACT, 1965

1. In this Regulation,

- (a) "accountant" means a public accountant licensed under *The Public Accountancy Act* or having such other qualifications as may be accepted by the Commission;
- (b) "actuary" means a Fellow of the Canadian Institute of Actuaries;
- (c) "experience deficiency", when applied to a pension plan, means any deficit, determined at the time of a review of the plan, that is attributable to factors other than,
- (i) the existence of an initial unfunded liability, or
 - (ii) the failure of the employer to make any payment as required by the terms of the plan or by the Act or this Regulation;
- (d) "fully funded", when applied to a pension plan, means a pension plan that at any particular time has assets that will provide for the payment of all pension and other benefits required to be paid under the terms of the plan in respect of service rendered by employees and former employees prior to that time;

- (e) "government" means Her Majesty in right of Ontario, an agent of Her Majesty, a municipality as defined in *The Department of Municipal Affairs Act* and a metropolitan municipality and the local boards thereof;
- (f) "initial unfunded liability" means the amount by which on the 1st day of January, 1965, or the date on which the plan qualifies for registration, or subsequently as the result of an amendment, the assets are required to be augmented to ensure that the plan is fully funded;
- (g) "provisionally funded", when applied to a pension plan, means a pension plan that at any particular time has not assets sufficient to make it fully funded but has made provision for special payments sufficient to liquidate all initial unfunded liabilities or experience deficiencies; and
- (h) "special payment" means a payment or payments made to or under a pension plan for the purpose of liquidating an initial unfunded liability or experience deficiency in accordance with section 2.

2.—(1) An application for registration of a pension plan shall be in Form 1.

(2) Every pension plan submitted for registration shall include a provision for funding which shall set forth the obligation of the employer to contribute both in respect of the current service cost of the plan and in respect of any initial unfunded liabilities and experience deficiencies.

(3) The employer shall pay currently into any plan or fund providing pensions for his employees,

- (a) all current service costs, including any contributions made by employees;
- (b) where the plan has an initial unfunded liability, special payments consisting of equal annual amounts sufficient to liquidate such initial unfunded liability over a term not exceeding,
 - (i) in the case of an initial unfunded liability existing on the 1st day of January, 1965, in any pension plan established before that date, twenty-five years from that date, and
 - (ii) in the case of an initial unfunded liability resulting from an amendment to a pension plan made on or after the 1st day of January, 1965, or resulting from the establishment of a pension plan on or after the 1st day of January, 1965, fifteen years from the date of such amendment or establishment or the number of years to the anniversary of such date in 1989, whichever is the greater;
- (c) where a pension plan has an experience deficiency, special payments consisting of equal annual amounts sufficient to liquidate such experience deficiency over a term not exceeding five years from the date on which the experience deficiency was determined.

(4) Payments in respect of current service shall be made not later than 120 days after the end of the fiscal year of the pension plan to which they relate.

(5) Where special payments are required, the amount of such payments required to be made in respect of any fiscal year of the plan shall be not less than the annual amount required to liquidate the initial unfunded liability during the balance of the

applicable period specified in subsection 3, but where a fiscal year of the plan is subject to the Act and the regulations for less than twelve months, the amount required to be paid shall be proportionate to the number of months that the Act and the regulations apply.

(6) A special payment shall be made not later than thirty days after the end of the fiscal year to which it applies.

(7) Where two or more special payments are made in respect of a fiscal year or special payments are made in advance or any surplus is allocated to the amortization of an initial unfunded liability or experience deficiency, the minimum annual amount of the special payments required to be paid with respect to the next and subsequent fiscal years shall be re-computed.

(8) Where an insured pension plan established before the 1st day of January, 1965 is funded by level premiums to retirement age for each individual member, it shall be deemed to meet the requirements of subclause i of clause b of subsection 3.

(9) Where a plan has an initial unfunded liability and the requirements with respect to special payments under this Regulation differ from those under the legislation or regulations of any designated province to which the plan is also subject, the Commission may permit an appropriate variation from the requirements of this section with respect to the special payments required.

(10) Unless otherwise provided in the plan, the fiscal year of a pension plan shall be deemed to be from the 1st day of January to the 31st day of December and, except on such basis as may be approved by the Commission, no fiscal year of a pension plan shall exceed twelve months.

(11) Subject to subsections 5 and 7, if the report of a person authorized by section 5 discloses a surplus in a pension plan, the amount of any future payments required to be made to the fund or plan may be reduced by the amount of such surplus.

(12) Where a pension plan is administered for the employees of a government, the special payments in respect of an initial unfunded liability existing on the 1st day of January, 1965 may be limited to the annual amount required to prevent any increase in such liability.

3.—(1) On or before the 1st day of January, 1966, in the case of pension plans registered on or before that date, or within sixty days after the date of establishment of the plan in other cases, the employer shall submit a report of the person authorized by section 5 certifying,

- (a) the estimated cost of benefits in respect of service in the first year during which such plan is registered and the rule for computing such cost in subsequent years up to the date of the next report;
- (b) the initial unfunded liability, if any, for benefits under the pension plan as at the date on which the plan qualified for registration; and
- (c) the special payments required to liquidate such initial unfunded liability in accordance with section 2.

(2) Where an insured pension plan is funded by level premiums extending not beyond the retirement age for each individual member, the report may certify the adequacy of the premiums to provide for the payment of all benefits under the plan in lieu of the matters required to be certified under clauses a, b and c of subsection 1.

4.—(1) The employer in respect of a registered pension plan shall cause the plan to be reviewed by a person authorized by section 5 not more than three

years after registration and at intervals of not more than three years thereafter and the person reviewing the plan shall prepare a report certifying,

- (a) the estimated cost of benefits in respect of service in the next succeeding year and the rule for computing such cost in subsequent years up to the date of the next report;
- (b) the surplus or the experience deficiency in the pension plan after making allowance for the present value of all special payments required to be made in the future by the employer as determined by previous reports; and
- (c) the special payments which will liquidate any such experience deficiency over a term not exceeding five years.

(2) The employer shall file the report with the Commission upon its receipt together with such additional information as the Commission requires.

5. The reports and certificates referred to in sections 3 and 4 and subsection 2 of section 9 shall be made by an actuary, except that reports and certificates in respect of,

- (a) a pension plan under which all benefits are determined on a money purchase basis and purchased from an insurer on or before retirement;
- (b) a pension plan underwritten by a contract or contracts with an insurance company, other than such a contract operating on a deposit administration or segregated fund principle;
- (c) a pension plan underwritten by a contract or contracts issued under the *Government Annuities Act* (Canada); or
- (d) a pension plan under which the solvency does not in the opinion of the Commission substantially depend on actuarial probabilities,

may be made by an accountant or a person authorized by the insurance company or by the trust company, or by the Annuities Branch, Department of Labour (Canada) administering the plan.

6.—(1) The annual information return required under subsection 4 of section 18 of the Act shall be in Form 2 and shall be furnished by the employer to the Commission annually not later than six months following the end of the fiscal year of the pension plan.

(2) The employer shall certify in Form 2 that all contributions required with respect to the fiscal year have been paid into the pension plan.

7. Every pension plan shall be deemed to be solvent if it is fully funded or provisionally funded.

8. Upon application for registration of a pension plan having in Ontario and a designated province the number of members shown in column 1 of the following Table, and on submission of an information return in Form 2 respecting such plan, the employer shall pay the fee set opposite thereto in column 2.

10 - 99	10
100 and over	50

9.—(1) Every pension plan filed with the Commission for registration shall be accompanied by a certified copy of the trust deed, insurance contract, by-law, collective agreement on pensions or other documents under which such plan is constituted.

(2) Where a registered pension plan or a relevant portion of any document under which the plan is constituted is amended, the employer shall immediately file with the Commission a copy of the amendment and such additional information as the Commission requires to determine if the plan as amended continues to qualify for registration, and in the case of an amendment that effects contributions or creates or changes an initial unfunded liability, the employer shall also file with the Commission a report similar to the report required by subsection 1 of section 3.

(3) The Commission may, at any time upon reasonable notice, require an employer to obtain and file such special reports as the Commission requires.

(4) Where the Commission does not accept a plan for registration or cancels a certificate of registration, the Commission shall state the reasons for rejection or cancellation in the notice sent to the employer under section 20 of the Act.

10.—(1) Every pension plan shall define the benefits provided by the plan, the method of determination and the payment of benefits, conditions for qualification for membership in the plan and the financial arrangements made to ensure provisional or full funding of benefits under the plan.

(2) The formula for the pension benefit for each year of future service shall be uniform, except to the extent that the Commission approves such increments in the formula as it deems reasonable.

11.—(1) Notwithstanding the terms of the plan, where a pension plan is terminated or wound-up, no part of the assets of the plan shall revert to the benefit of the employer until provision has been made for all pensions and other benefits in respect of service up to the date of such termination or winding-up to members of the plan and for all benefits to former employees, pensioners, dependants and estates.

(2) Except as provided in subsection 4, suspension or cessation of contributions to a pension plan shall be construed as a termination of the plan.

(3) Upon the termination or winding-up of a pension plan containing an unamortized initial unfunded liability, the amount of deferred life annuities payable under the terms of subsection 7 of section 21 of the Act shall be adjusted in amount by the actuary where,

- (a) such deferred life annuities are being provided in whole or in part by special payments; and
- (b) the special payments made together with any gains from experience are insufficient to provide the portion of the deferred life annuities

arising from the provisions in the plan or amendments to the plan to which the special payments are applicable.

(4) Where contributions to a pension plan cease on or after the 1st day of January, 1965, as the result of the adoption of a new plan, the original pension plan shall be deemed not to have been terminated or wound-up under this section or under subsection 7 of section 21 of the Act and the benefits of the original plan shall be deemed to be benefits associated with the new plan in whole or in part in respect of service prior to the commencement of the new plan, whether or not the assets and liabilities of the original plan have been consolidated with those of the new plan.

(5) The employer shall notify the Commission of the winding-up of a pension plan and the nature of the benefits provided and, where the assets of the plan are insufficient to provide for the pension and other benefits or the commuted values thereof with respect to the service of the members to the date of winding-up of the plan, the administrator of the plan and the actuary shall file with the Commission a description of the methods of allocation and priorities for determining the full or partial benefits of the members.

12.—(1) The commuted value of a deferred life annuity shall be calculated in a manner acceptable to the Commission.

(2) Where a plan is insured by individual level premium contracts, the deferred life annuity referred to in clause *a* of subsection 1 of section 21 of the Act may, in the case of a contract issued prior to the qualification date, be equal to the paid-up annuity under the contract arising from contributions made for service on and after the qualification date if the special payments required with respect to such deferred life annuity under the contract have all been paid or shall continue to be paid.

13. Where a pension plan provides for a supplemental or minimum make-up annuity that is not on the average a substantial portion of the total annuity of the employees retiring under the plan, the supplemental or minimum make-up annuity may, with the approval of the Commission, be excluded in computing the pension benefit under subsection 1 of section 21 of the Act.

14.—(1) This section applies notwithstanding the provisions of any pension plan or any instrument governing the plan.

(2) The funds of a pension plan may be invested and loaned only in investments and loans in which a company may invest and lend under subsections 1, 2, 5, 6 and 10 of section 63 of the *Canadian and British Insurance Companies Act* (Canada), and the restrictions and limitations contained therein apply.

(3) Where a pension fund owns securities of a corporation and as a result of a *bona fide* arrangement for the reorganization or liquidation of the corporation or for the amalgamation of the corporation with another corporation, such securities are to be exchanged for bonds, debentures or other evidences of indebtedness, or shares not eligible as investments under subsection 2, the pension fund may accept and hold such bonds, debentures or other evidences of indebtedness or shares.

(4) The funds of a pension plan may be invested or loaned in investments or loans not authorized by subsection 2 or 3, including investments in real estate or leaseholds, subject to the following provisions:

1. Investments in real estate or leaseholds under this subsection shall be made in Canada and only for the production of income and may be made either alone or jointly with another plan and the fund or plan may hold, maintain, improve, develop, repair, lease, sell or other-

wise deal with or dispose of such real estate or leaseholds, but the total investment of a fund under this subsection in any one parcel of real estate or in any one leasehold shall not exceed 1 per cent of the book value of the total assets of the fund.

2. This subsection shall be deemed not to enlarge the authority conferred by subsections 1 and 2 of section 63 of the *Canadian and British Insurance Companies Act* (Canada) to invest in mortgages or hypothecs and to lend on the security of real estate or leaseholds, and not to affect the operation of sub-paragraphs iii, iv and v of paragraph 1 of subsection 1 of the said section 63.

3. The total book value of the investments and loans made under this subsection and held by the fund, excluding those that are or at any time since acquisition have been eligible apart from this subsection, shall not exceed 7 per cent of the book value of the total assets of the fund.

(5) The funds of a pension plan shall not be lent to,

(a) the wife or a child of the employer or, where the employer is a corporation, a director or officer of the corporation or his wife or child;

(b) a corporation of which more than one-half of the shares of the capital stock are owned by the wife or a child of the employer, or any combination thereof, or, where the employer is a corporation, by a director or officer of the employer corporation or his wife or child, or any combination thereof;

(c) an officer or employee of the fund or plan or an administrator or trustee of the fund or plan or an officer or employee of an administrator or trustee of the fund or plan or a union representing employees of the employer or an officer or employee of the union, or the wife or child of any of them; or

(d) the wife or child of an employee of the employer except on the security of a mortgage on the residential property of an employer's employee or the spouse or child of such employee primarily for his or her own use.

(6) The funds of a pension plan shall not be invested or loaned if the result of the investing or loaning would be that more than 10 per cent of the book value of the total assets of the fund are invested in the assets of or loaned to any one corporation, partnership, association or person, including investment in shares, bonds, debentures or other evidences of indebtedness, loans by way of mortgage or otherwise and investment in real estate, plant or equipment occupied or used by the corporation, partnership, association or person.

(7) All investments and deposits of the funds of a pension plan and all loans made out of a pension fund shall be made in the name of the fund or plan, and no officer or employee of the fund or plan, no trustee or administrator or officer or employee thereof, no employer, officer or employee thereof, no association of employees and no union, officer or employee thereof shall accept or be the beneficiary of, either directly or indirectly, any fee, brokerage, commission, gift or other consideration for or on account of any loan, deposit, purchase, sale, payment or exchange made by or on behalf of the pension fund.

(8) In addition to the investments and loans authorized by subsections 2 and 3, the funds of a pension plan may be invested in,

(a) a pooled, segregated or mutual fund; or

(b) the shares of a corporation,

(i) whose assets are at least 98 per cent cash, investments and loans,

(ii) that does not issue debt obligations, and

(iii) that obtains at least 98 per cent of its income from investments and loans,

if the pooled, segregated or mutual fund or the corporation is limited in its investments to those a pension plan may make under this section and is subject to the limitations and restrictions of this section.

(9) Where the funds of a pension plan are invested in accordance with subsection 8, subsection 6 does not apply to such funds.

(10) A pension fund or plan may take additional securities of any nature further to secure the repayment to the fund of any loan or investment, or further to secure the sufficiency of any of the securities in or upon which such fund or plan is authorized to invest or lend any of its funds.

(11) Where, on the date the fiscal year of a pension fund ends next following the 4th day of August, 1964, the loans and investments of a pension fund do not conform in whole or in part to the provisions of this Regulation, they shall be brought into conformity within five years of the end of such fiscal year.

(12) Where the provisions of this section differ from the corresponding provisions under the legislation of a designated province, the Commission may, in the case of a plan having plan members in such designated province, accept in whole or in part such corresponding provisions.

15. A profit-sharing plan that has been accepted for registration by the Minister of National Revenue for Canada before the 1st day of January, 1965 under the *Income Tax Act* (Canada) and that provided at the time of such acceptance that each member may take his entire interest in the plan in a cash sum when he ceases to be an employee whether by retirement or other termination of employment may, with the approval of the Commission, be excepted from the Act and the regulations.

16.—(1) A transfer of a pension benefit credit arising from a deferred life annuity under section 21 of the Act to the administrator, insurer or trustee of another pension plan or to a registered retirement savings plan, or to an insurer on the winding-up of a pension plan may be made only where the transferee agrees to administer the amount of deferred life annuity established by the pension benefit credit transferred as a deferred life annuity under the Act.

(2) Except to the extent permitted by subsection 4 of section 21 of the Act, no policy or contract or benefit description issued by a transferee mentioned in subsection 1 to an employee shall contain any cash or loans or assignment clause.

17. For the purposes of subsection 5 of section 21 of the Act, mental or physical disability means a disability that is likely to shorten considerably the life expectancy of an employee or former employee.

18.—(1) Where the funds of a pension plan are not administered by a government, they shall be administered under the *Government Annuities Act* (Canada) or by a life insurance company, a corporate trustee, individual trustees or a society established under the *Pension Fund Societies Act* (Canada).

(2) Except as provided in section 11, no funds shall be paid out of a pension plan to an employer unless consent of the Commission is obtained.

19. Where a plurality of the members of a pension plan is employed in a designated province, such plan may be excepted, subject to agreement with the designated province, from registration, audit and inspection under the Act, and for the purpose of ascertaining where the plurality of the members is employed, members not employed in Ontario or a designated province shall not be counted.

20. The Province of Quebec is designated as a province in which there is in force legislation substantially similar to the Act.

21. Ontario Regulations 188/65 and 306/65 are revoked.

THE FARM PRODUCTS MARKETING ACT

O. Reg. 104/66.

Fresh Fruit—Plan.

Made—April 14th, 1966.

Filed—April 15th, 1966.

REGULATION MADE UNDER
THE FARM PRODUCTS MARKETING ACT

1. The Plan in the Schedule is established for the control and regulation of the marketing within Ontario of fresh fruit.

2. The local board named in the Schedule is given the powers set out in clauses *a, b, d, e, f, g, i, j, k, l, m, n, o* and *t* of subsection 1 of section 22 and in sections 58 and 288 of *The Corporations Act* that are vested in a co-operative corporation that is under Part V of that Act.

3. The members of the local board shall be deemed to be the shareholders and directors thereof in the exercise of any of the powers mentioned in section 2.

Schedule

The Farm Products Marketing Act

PLAN

1. This plan may be cited as "The Ontario Fresh Fruit Growers' Marketing Plan".

2. In this plan,

- (a) "fresh fruit" means peaches, pears, plums and prunes produced in Ontario, other than peaches, pears, plums and prunes that are used by a processor for processing;
- (b) "producer" means a person engaged in the production of fresh fruit;
- (c) "processing" includes canning, dehydrating, freezing or processing with sugar or sulphur dioxide or any other chemical;
- (d) "processor" means a person engaged in the business of processing fresh fruit.

3. This plan provides for the control and regulation in any or all respects of the marketing within Ontario of fresh fruit, including the prohibition of such marketing in whole or in part.

4. There shall be a local board to be known as "The Ontario Fresh Fruit Growers' Marketing Board".

5. The local board shall be composed of nine producer-members.

6. Producers are divided into five districts as follows:

- 1. District 1, comprising the counties of Essex, Kent and Lambton.
- 2. District 2, comprising the counties of Brant, Elgin, Middlesex and Norfolk.
- 3. District 3, comprising the County of Lincoln.
- 4. District 4, comprising the County of Welland.
- 5. District 5, comprising the counties of Halton, Wellington and Wentworth.

7.—(1) Producers in each of the counties named in section 6 form a county group.

(2) A producer in a territorial district or in a county not included in a district mentioned in section 6 may become a member of the county group of producers nearest to his place of production.

8. There shall be a committee in each district to be known as the "District Fresh Fruit Growers' Committee".

9. Within twenty days after The Ontario Fresh Fruit Growers' Marketing Plan is established, and on or before the 15th day of February in each year thereafter, producers in each county group shall elect from the producers in the county one representative for each fifty producers or fraction thereof in the county to the District Fresh Fruit Growers' Committee for the district in which the county is located.

10.—(1) Within one month after The Ontario Fresh Fruit Growers' Marketing Plan is established, and on or before the 15th day of March in each year thereafter, each District Fresh Fruit Growers' Committee may elect, from the producers in the district, members to the local board as follows:

- 1. District 1, two members.
- 2. District 2, one member.
- 3. District 3, four members.
- 4. District 4, one member.
- 5. District 5, one member.

(2) No person is eligible for election from any district to the local board unless he resides within the district.

(3) When in any year after the year in which this plan is established, a District Fresh Fruit Growers' Committee fails to elect one or more members to the local board in accordance with subsection 1, the members of all District Fresh Fruit Growers' Committees may on or before the 31st day of March of that year elect the member or members from that district to the local board.

11.—(1) At its first meeting after the 31st day of March, the members elected to the local board shall appoint such producer-members as are necessary to complete the local board.

(2) When a member elected or appointed to the local board dies or resigns before the 31st day of March of the year next following the date of his election or appointment, the members of the local board may appoint a producer-member for the unexpired term.

(3) Each producer-member appointed as a member to the local board under subsection 1 or 2 shall be a producer in the district for which he is appointed.

(4) Where the members of the local board fail to appoint a person for the unexpired term of a member under subsection 2 within seven days from the death or resignation of the member, the Board may appoint a person for the unexpired term.

THE FARM PRODUCTS MARKETING ACT

O. Reg. 105/66.

Fresh Peaches—Transfer of Assets

of Local Board.

Made—April 14th, 1966.

Filed—April 15th, 1966.

REGULATION MADE UNDER
THE FARM PRODUCTS MARKETING ACT

1. The Ontario Fresh-peach Growers' Marketing Board is dissolved upon the revocation of Regulation 157 of Revised Regulations of Ontario, 1960, as amended by Ontario Regulation 217/63.

2. The terms and conditions for the dissolving of The Ontario Fresh-peach Growers' Marketing Board are as follows:

1. The assets of The Ontario Fresh-peach Growers' Marketing Board shall be and are hereby transferred to and vested in The Ontario Fresh Fruit Growers' Marketing Board constituted by section 4 of the Schedule to Ontario Regulation 104/66.
2. The Ontario Fresh Fruit Growers' Marketing Board shall assume responsibility for the payment of all debts and liabilities and the carrying out of all obligations of The Ontario Fresh-peach Growers' Marketing Board incurred on or before the date on which this Regulation comes into force, up to but not exceeding the amount of the assets transferred to and vested in The Ontario Fresh Fruit Growers' Marketing Board under paragraph 1.
3. The secretary of each of the local boards mentioned in paragraphs 1 and 2 shall, within six weeks of the date on which this Regulation comes into force, file with the Board a statement certifying compliance with the terms and conditions mentioned in paragraphs 1 and 2.

3. The Ontario Fresh Fruit Growers' Marketing Board shall apply the assets transferred to and vested in it under paragraph 1 of section 2 to,

- (a) any payments required under paragraph 2 of section 2; and
- (b) the purposes of The Ontario Fresh Fruit Growers' Marketing Plan.

Made—April 12th, 1966.

Approved—April 14th, 1966.

Filed—April 15th, 1966.

REGULATION MADE UNDER
THE MILK ACT, 1965

1. In this Regulation,

- (a) "reconstituted concentrated liquid milk" means reconstituted milk that contains not less than 7.5 per cent of milk-fat and not less than 17 per cent of milk solids other than milk-fat and that is not sterilized in the container in which it is offered for sale;

(b) "reconstituted concentrated liquid partly-skimmed milk" means reconstituted milk that contains not less than 0.3 per cent and not more than 7.5 per cent of milk-fat and not less than 17 per cent of milk solids other than milk-fat and that is not sterilized in the container in which it is offered for sale;

(c) "reconstituted concentrated liquid skim-milk" means reconstituted milk that contains not more than 0.3 per cent of milk-fat and not less than 17 per cent of milk solids other than milk-fat and that is not sterilized in the container in which it is offered for sale;

(d) "reconstituted flavoured milk" means reconstituted milk that contains not less than 3 per cent of milk-fat and to which chocolate, fruit or other flavouring has been added;

(e) "reconstituted flavoured milk drink" means reconstituted milk that contains not less than 2 per cent of milk-fat and to which chocolate, fruit or other flavouring has been added;

(f) "reconstituted homogenized standard milk" means reconstituted standard milk that has been subjected to a mechanical treatment that prevents separation of the milk-fat;

(g) "reconstituted partly-skimmed milk" means reconstituted milk that contains not less than 0.1 per cent and not more than 3.24 per cent of milk-fat and not less than 8.25 per cent of milk solids other than milk-fat;

(h) "reconstituted skim-milk" means reconstituted milk that contains not more than 0.1 per cent of milk-fat and not less than 8.5 per cent of milk solids other than milk-fat;

(i) "reconstituted special milk" means reconstituted milk that contains not less than 4 per cent and not more than 9.9 per cent of milk-fat and not less than 8.5 per cent of milk solids other than milk-fat;

(j) "reconstituted standard milk" means reconstituted milk that contains not less than 3.25 per cent and not more than 3.9 per cent of milk-fat and not less than 8 per cent of milk solids other than milk-fat;

(k) "reconstituted sterilized milk" means reconstituted milk that,

(i) contains not less than 3.25 per cent of milk-fat and not less than 8 per cent of milk solids other than milk-fat,

(ii) has been heated without concentration or appreciable loss of volume to a temperature of at least 212°F. for a length of time sufficient to kill all organisms in the reconstituted milk, and

(iii) is packaged in a container that is hermetically sealed.

2. Milk that,

(a) is derived, remade, compounded or blended in whole or in part, with or without the addition of milk-fat, from evaporated milk, evaporated partly-skimmed milk, evaporated skim-milk, milk powder, skim-milk powder, concentrated liquid milk, concentrated liquid partly-skimmed milk, concentrated liquid skim-milk or concentrated liquid chocolate milk; and

- (b) resembles or may be used as a substitute for a fluid milk product, concentrated liquid milk, concentrated liquid partly-skimmed milk, concentrated liquid skim-milk or concentrated liquid chocolate milk,

is designated as reconstituted milk.

3. The following classes of reconstituted milk are established:

1. Reconstituted concentrated liquid milk.
2. Reconstituted concentrated liquid partly-skimmed milk.
3. Reconstituted concentrated liquid skim-milk.
4. Reconstituted flavoured milk.
5. Reconstituted flavoured milk drink.
6. Reconstituted homogenized standard milk.
7. Reconstituted partly-skimmed milk.
8. Reconstituted skim-milk.
9. Reconstituted special milk.
10. Reconstituted standard milk.
11. Reconstituted sterilized milk.

4. This Regulation and subsection 2 of section 15 of the Act do not apply to a person who processes reconstituted milk at his home for consumption therein.

5.—(1) A permit to manufacture and sell any class of reconstituted milk shall be in Form 2.

(2) No permit in Form 2 shall be issued except upon application therefor in Form 1.

(3) A permit in Form 2 expires with the date specified therein.

(4) A permit in Form 2 may be limited to the manufacture and sale of one or more classes of reconstituted milk.

(5) A permit in Form 2 is not transferable.

6. No permit in Form 2 shall be issued unless,

- (a) the applicant therefor holds a licence as a distributor or operator of a dairy; and
- (b) having regard to,
 - (i) the present or foreseeable supply of grade A milk, and
 - (ii) the present or foreseeable demand for fluid milk products,

the Commission is satisfied that the applicant cannot provide a sufficient volume of fluid milk products to meet his requirements.

7.—(1) A permit in Form 2 is issued on the terms and conditions that the holder of the permit,

- (a) manufactures and sells reconstituted milk only at such times as his supply of grade A milk is not sufficient to satisfy his requirements for fluid milk products;
- (b) on each day that reconstituted milk is manufactured, advises the Commission in writing with respect to,
 - (i) the quantity of each class of reconstituted milk that was manufactured, and

- (ii) the quantity of each milk product that was used in the manufacture of each class of reconstituted milk;

(c) manufactures and sells reconstituted milk only in the area or areas designated on the permit;

(d) continues to hold a licence as a distributor or operator of a dairy; and

(e) complies with the requirements of the Act and the regulations relating to the manufacture and sale of reconstituted milk.

(2) The Commission may suspend or revoke a permit in Form 2 for any violation of the terms and conditions upon which it is issued.

8.—(1) Where in the opinion of a field-man reconstituted milk has been manufactured and sold in violation of the Act or the regulations, the field-man may detain the reconstituted milk at the risk and expense of the person who was in possession of such reconstituted milk.

(2) Where a field-man detains reconstituted milk, he shall,

(a) attach to the container or package of containers a detention tag in Form 3 bearing a serial number and the words "RECONSTITUTED MILK UNDER DETENTION";

(b) make a report in Form 4 to the Commission; and

(c) deliver or send by registered mail on the day of detention a copy of the report in Form 4 to,

(i) the person who was in possession of the reconstituted milk at the time that it was detained, and

(ii) the manufacturer, if any, whose name appears on the container or package of containers.

(3) Where reconstituted milk has been detained, any person mentioned in clause c of subsection 2 may apply to the Commission for removal of the detention.

(4) An application under subsection 3 for removal of a detention shall,

(a) be in writing;

(b) be made at such time and in such manner that the application is received by the Commission not later than the tenth day after the day on which the detention was made; and

(c) contain a statement of the facts and reasons on which the applicant relies.

9. Where a field-man or the Commission, as the case may be, is satisfied that the reconstituted milk under detention was not manufactured and sold in violation of the Act or the regulations, the field-man shall, or the Commission shall direct the field-man to, remove the detention tag in Form 3 from the container or package of containers and release the reconstituted milk from detention.

10.—(1) Where reconstituted milk is detained and,

(a) on any hearing of an application made in accordance with subsection 4 of section 8 for removal of the detention;

(b) on failure of an applicant to attend a hearing on an application under subsection 4 of section 8 for removal of the detention; or

- (c) after determining that,
- (i) the field-man complied with the requirements of clause c of subsection 2 of section 8, and
 - (ii) no application for removal of the detention was received in accordance with subsection 4 of section 8,

the Commission determines that the reconstituted milk was manufactured and sold in violation of the regulations, the reconstituted milk is forfeited to and becomes the property of the Crown in right of Ontario.

(2) Where reconstituted milk is forfeited under subsection 1, it shall be destroyed or otherwise disposed of in such manner as the Commission directs.

11. Where a field-man has placed a detention tag in Form 3 on a container or package of containers of reconstituted milk, no person shall,

- (a) sell, offer for sale, move or allow or cause to be moved the reconstituted milk; or
- (b) remove or cause to be removed the detention tag from the container or package of containers.

12. This Regulation comes into force on the 16th day of April, 1966.

THE FARM PRODUCTS MARKETING ACT

O. Reg. 109/66.

Fresh Fruit—Marketing.

Made—April 18th, 1966.

Filed—April 19th, 1966.

REGULATION MADE UNDER THE FARM PRODUCTS MARKETING ACT

1. In this Regulation,

(a) "fresh fruit" means peaches, pears, plums and prunes produced in Ontario, other than peaches, pears, plums and prunes that are used by a processor for processing;

(b) "local board" means The Ontario Fresh Fruit Growers' Marketing Board;

(c) "plan" means The Ontario Fresh Fruit Growers' Marketing Plan;

(d) "processing" includes canning, dehydrating, freezing or processing with sugar or sulphur dioxide or any other chemical;

(e) "processor" means a person engaged in the business of processing fruit;

(f) "producer" means a person engaged in the production of fresh fruit.

2. This Regulation provides for the control and regulation in any or all respects of the marketing within Ontario of fresh fruit, including the prohibition of such marketing in whole or in part.

3. Persons engaged in the production of fresh fruit that is sold by a producer to a consumer are, in respect of the fruit that is sold to the consumer, exempt from this Regulation other than clauses *a*, *b* and *c* of section 4.

POWERS OF LOCAL BOARD

4. The Board delegates to the local board the power,

(a) to require persons engaged in producing or marketing fresh fruit to register their names, addresses and occupations with the local board;

(b) to require persons engaged in producing or marketing fresh fruit to furnish such information relating to the production or marketing of the fresh fruit as the local board determines;

(c) to appoint persons to inspect the books, records, lands and premises and any fresh fruit of persons engaged in the marketing of fresh fruit;

(d) to stimulate, increase and improve the marketing of fresh fruit by such means as it deems proper;

(e) to co-operate with a marketing board, a local board or a marketing agency of any other province for the purpose of marketing fresh fruit; and

- (f) to do such acts and make such orders and issue such directions as are necessary to enforce the due observance and carrying out of the provisions of the Act, the regulations and the plan.

5. The Board delegates to the local board its powers to make regulations with respect to fresh fruit,

- (a) providing for the licensing of any or all persons before commencing or continuing to engage in the producing or marketing of fresh fruit;
- (b) prohibiting persons from engaging in the producing or marketing of fresh fruit except under the authority of a licence;
- (c) providing for the refusal to grant a licence where the applicant is not qualified by experience, financial responsibility and equipment to engage in properly the business for which the application was made, or for any other reason that the local board deems proper;
- (d) providing for the suspension or revocation of, or the refusal to renew, a licence for failure to observe, perform or carry out the provisions of the Act, the regulations, the plan or any order or direction of the local board;
- (e) providing for the fixing of licence fees not exceeding $\frac{3}{8}$ of a cent per pound payable yearly, half-yearly, quarterly or monthly, at different amounts, or in instalments from any or all persons producing or marketing fresh fruit and the collecting of the licence fees and the recovering of the licence fees by suit in a court of competent jurisdiction;
- (f) prescribing the form of licences;
- (g) subject to section 3, providing for the exemption from any or all of the regulations, orders or directions under the plan of any variety, grade or size of fresh fruit, or any person or class of persons engaged in the producing or marketing of fresh fruit or any variety, grade or size of fresh fruit;
- (h) requiring the furnishing of security or proof of financial responsibility by any person engaged in the marketing of fresh fruit and providing for the administration and disposition of any moneys or securities so furnished;
- (i) providing for the regulating and the controlling of the marketing of fresh fruit, including the times and places at which fresh fruit may be marketed;
- (j) providing for the regulating and the controlling of agreements entered into by producers of fresh fruit with persons engaged in marketing fresh fruit, and the prohibition of any provision or clause in such agreements;
- (k) requiring any person who produces fresh fruit to offer to sell and to sell fresh fruit through the local board; and
- (l) prohibiting any person from packing or packaging any fresh fruit that has not been sold by or through the local board.

LICENCE FEES

6.—(1) The Board authorizes the local board to use any class of licence fees and other moneys payable to it for the purposes of paying the expenses of the local board, carrying out and enforcing the Act and the regulations and carrying out the purposes of the plan.

(2) The Board authorizes the local board to establish a fund in connection with the plan for the payment of any moneys that may be required for the purposes mentioned in subsection 1.

MARKETING BY LOCAL BOARD

7.—(1) All fresh fruit shall be marketed by or through the local board.

(2) No person shall market fresh fruit except by or through the local board.

8. The Board vests in the local board the following powers:

- 1. To direct and control, by order or direction, either as principal or agent, the marketing of fresh fruit including the times and places at which fresh fruit may be marketed.
- 2. To determine the quantity of each variety, grade and size of fresh fruit that shall be marketed by each producer.
- 3. To prohibit the marketing of any variety, grade or size of fresh fruit.
- 4. To determine from time to time the price or prices that shall be paid to producers for fresh fruit or any variety, grade or size of fresh fruit and to determine the different prices for different parts of Ontario.
- 5. To fix and impose service charges from time to time for the marketing of fresh fruit.
- 6. To require the price or prices payable or owing to the producer for fresh fruit to be paid to or through the local board.
- 7. To collect from any person by suit in a court of competent jurisdiction the price or prices or any part thereof of fresh fruit owing to the producers.
- 8. To pay from service charges imposed under paragraph 5 its expenses in carrying out the purposes of the plan.
- 9. To pay to the producers the price or prices for fresh fruit, less service charges imposed under paragraph 5, and to fix the times at which or within which such payments shall be made.

9. Each payment under paragraph 8 of section 8 shall be accompanied by a statement showing the varieties, grades of each variety and the quantity of each grade of fresh fruit sold, and the price or prices paid and the particulars of the service charges imposed by the local board.

10. The Board authorizes the local board to conduct a pool or pools for the distribution of all moneys received from the sale of fresh fruit and requires the local board, after deducting all necessary and proper disbursements and expenses, to distribute the remainder of the moneys received from the sale in such manner that every producer receives a share of the remainder of the moneys received from the sale in relation to the amount, variety, grade and size of fresh fruit delivered by him, and authorizes the local board to make an initial payment on delivery of the fresh fruit and

subsequent payments until all of the remainder of the moneys received from the sale is distributed to the producers.

THE PUBLIC HOSPITALS ACT

O. Reg. 111/66.

Special Grants.

Made—April 14th, 1966.

Filed—April 19th, 1966.

REGULATION MADE UNDER
THE PUBLIC HOSPITALS ACT

SPECIAL GRANTS

1.—(1) The Commission shall pay a special grant to each hospital listed in column 1 of the Schedule.

(2) The amount of the grant is \$75 for each bed in the hospital.

(3) For the purposes of computing the grant, the number of beds in a hospital listed in column 1 of the Schedule shall be deemed to be the number of beds set opposite thereto in column 2.

2.—(1) A hospital shall apply the special grant to retire interest-bearing debt where such debt exists.

(2) Where a hospital has no interest-bearing debt, the special grant moneys may be used for any hospital capital expenditure.

(3) The special grant moneys shall not be used to pay for medical services rendered to patients.

3. Each hospital shall make and keep a separate detailed accounting of the special grant moneys and the use to which they are put, and shall present the accounting to the Commission at the end of the hospital fiscal year.

4. This Regulation expires on the 15th day of May, 1966.

THE WORKMEN'S COMPENSATION ACT

O. Reg. 115/66.

Pension Plan.

Made—January 18th, 1966.

Approved—March 10th, 1966.

Filed—April 20th, 1966.

REGULATION MADE UNDER THE WORKMEN'S COMPENSATION ACT

INTERPRETATION

1. In this Regulation,

- (a) "actuary" means an actuary who is a Fellow of the Canadian Institute of Actuaries, and who is appointed the actuary of the plan by the Board;
- (b) "commissioner" means a member of the Board;
- (c) "date of the plan" means the 1st day of July, 1940, but in respect of persons deemed employees of the Board under subsection 3 of section 71 of the Act means the 1st day of January, 1951, except those persons added by item 6 of section 3 in respect of whom it means the 1st day of January, 1959;
- (d) "fund" means The Workmen's Compensation Board Superannuation Fund established under the Act;
- (e) "new employee" means an employee or a commissioner who enters the service of the Board or is appointed a commissioner on or after the date of the plan;
- (f) "pension" includes superannuation or disability allowance;
- (g) "present employee" means an employee or a commissioner who is in the service of the Board or is appointed a commissioner at the date of the plan;
- (h) "superannuation plan" or "plan" means the plan established by this Regulation.

ELIGIBILITY FOR MEMBERSHIP

2.—(1) Every present employee is on the date of the plan eligible to become, and is from that date, a member of the plan.

(2) Every new employee, on the completion of three months' service, or on attainment of 18 years of age, if later, is eligible to become, and is from that date, a member of the plan.

(3) Each person appointed as a commissioner, on the completion of three months' service as a commissioner, is eligible to become and is from that date, a member of the plan.

3. The Board designates the following associations and corporations for the purposes of subsection 3 of section 71 of the Act:

1. Transportation Safety Association of Ontario.
2. Construction Safety Associations of Ontario.
3. Electrical Utilities Safety Association of Ontario.
4. Industrial Accident Prevention Associations.
5. Forest Products Accident Prevention Association.

6. Mines Accident Prevention Association of Ontario.
7. The Ontario Pulp and Paper Makers' Safety Association.

CONTRIBUTIONS TO FUND

4.—(1) Subject to subsection 3 of section 6, each present and new employee shall, throughout his service with the Board after he becomes a member of the plan until he ceases to be employed or to be a commissioner, pay into the fund an amount equal to his contribution percentage of his salary in each year, less a deduction in each of the years 1966 and later, equal to 35 per cent of such amount, but in no event shall this deduction be greater than that based on his current Year's Maximum Pensionable Earnings within the meaning of the Canada Pension Plan.

(2) The contribution percentage referred to in subsection 1 shall be that which is set forth in Table 1 opposite the member's age at his nearest birthday at the date of his becoming a member of the plan, provided however that the maximum contribution percentage for any present employee shall be 5.75 per cent.

(3) Payment of an employee's contributions shall be made by the Board by deducting from each of his salary payments after becoming a member of the plan, the appropriate portion thereof, and paying the amounts so deducted into the fund.

(4) The Board shall pay into the fund currently, an amount determined by the actuary and approved by the Board, that is required from time to time in excess of member contributions, to pay the benefits provided by the plan with respect to members' current services.

(5) The Board shall also pay into the fund when required in accordance with the provisions of *The Pension Benefits Act, 1965* and the regulations thereunder, amounts determined by the actuary and approved by the Board as sufficient to liquidate any unfunded liabilities or experience deficiencies which are found to exist in the fund.

ELIGIBILITY FOR PENSION

5. Normal retirement age is 65 years for all members.

6.—(1) Under special circumstances, the Board may permit a member to defer his retirement for a specified period not in excess of one year and such deferment may be renewed, but in no case shall a member's retirement be deferred beyond his attainment of age 70.

(2) Notwithstanding subsection 1, a commissioner may remain in office during pleasure.

(3) A member whose retirement is deferred shall continue to be a contributor during the period of deferment.

AMOUNT OF PENSION

7.—(1) A member retiring on pension, on attaining his normal retirement age, or later, is entitled to an annual pension, payable in equal monthly instalments for life, of an amount equal to,

- (a) one per cent of his average annual salary during the three highest-paid years of service in his last ten years of service, multiplied by the number of full years and any fraction of a year in the service of the Board or as a commissioner from the date of entry into the service or of appointment as a commissioner to the date of the plan; and

- (b) two per cent of his average annual salary during the prescribed number of highest-paid years of service in his last ten years of service, multiplied by the number of full years and any fraction of a year in the service of the Board or as a commissioner, computed from the date of the plan to the date of his retirement, in the case of a present employee, and computed from the date of his becoming a member of the plan to the date of his retirement in the case of a new employee.

(2) The amount computed under clause *b* of subsection 1 shall be reduced by 0.7 per cent of the average of his annual salary during the five highest-paid years of service in his last ten years of service, multiplied by the number of full years and any fraction of a year in the service of the Board or as a commissioner from the 1st of January, 1966 inclusive, but not exceeding 35 years of service.

(3) For the purposes of subsection 2, the member's salary in any year, shall be deemed to be at a rate not in excess of \$5,000 per annum, or his Year's Maximum Pensionable Earnings under the Canada Pension Plan for that year, if greater.

(4) The reduction referred to in subsection 2 shall not apply,

- (a) to a member who retires on pension in 1966;
- (b) until the beginning of the month following the member's 65th birthday if he retires before such date in accordance with section 8, or until the date on which he first becomes eligible for benefits under the Canada Pension Plan, if later; and
- (c) in the case of disability retirement, before the 1st of May, 1970.

(5) The prescribed number of highest-paid years of service in the retiring member's last ten years of service shall be,

- (a) three years with respect to his service up to and including the calendar year 1965; and
- (b) five years with respect to his service in the calendar years 1966 and later.

(6) Notwithstanding subsection 1, the amount of a member's annual pension from the Fund in respect of his service with the Board or as a commissioner after the first day of July, 1940, shall not exceed 70 per cent of his average annual salary during the prescribed number of highest-paid years of service in his last ten years of service with the Board, subject to the reduction provided for in subsection 2 of this section as modified by subsection 3.

(7) In calculating the length of service of an employee or commissioner, time of absence with leave without salary, computed to the nearest integral number of months, shall be deducted.

(8) Under this section, where the service with the Board is less than ten years and,

- (a) is equal to or greater than the prescribed number of highest-paid years of service, the said prescribed number of years shall be used; or
- (b) is less than the prescribed number of highest-paid years of service, the total number of years of service shall be used, as if they were the prescribed number of highest-paid years of service.

8.—(1) A member who has completed ten years' service may elect to retire on pension at any time within a period of ten years immediately preceding his

attaining normal retirement age, and in that event, the pension payable to him shall be the amount determined by application of the appropriate percentage, or percentages, shown in Table 2 for his actual age at retirement, to the pension earned by the member for his years of service to his actual date of retirement.

(2) Where a member retires on a date other than his birthday, the applicable percentage, or percentages, from Table 2 shall be computed according to the member's age at retirement taken to the nearest month.

9.—(1) A member may, at any time before attaining normal retirement age, retire on pension after the completion of ten years' service with the Board or as a commissioner on total and permanent disability certified by a medical referee appointed by the Board.

(2) For the purpose of calculating the amount of pension under subsection 1, the date on which the member retires by reason of total and permanent disability shall be regarded as the normal retirement age and the pension payable shall be calculated in accordance with section 7.

OPTIONAL PENSION

10.—(1) At least five years before attaining his normal retirement age a member may elect to take in the stead of the pension otherwise payable during his lifetime, on retirement at his normal retirement age, or later, a pension in any other form that is approved by the Board, and permitted by *The Pension Benefits Act, 1965*.

(2) The amount of the alternate form of pension chosen by the member and approved by the Board shall be the actuarial equivalent, as determined by the actuary, of the pension otherwise payable to the member on retirement as at his normal retirement date or later.

(3) Any approved election of optional joint and survivorship pension by an unmarried male member shall be revoked by,

- (a) the member's marriage, or death, prior to retirement, and prior to attaining normal retirement age; or
- (b) the death of the member's prospective joint annuitant before the member attains his normal retirement age.

DEATH WHILE IN SERVICE

11.—(1) Where a member who has completed at least ten years' service dies while he is in the service of the Board or is a commissioner and leaves surviving a widow, the widow, at the discretion of the Board, is entitled to an annual pension payable in equal monthly instalments for life, so long as she remains unmarried.

(2) For the purpose of calculating the amount of pension under subsection 1, the date on which the member dies shall be regarded as the normal retirement age, and the amount of the pension payable shall be 50 per cent of the pension calculated in accordance with section 7.

(3) Where a widow entitled under subsection 1 dies or remarries before having received in pension payments an amount equal to the member's aggregate contributions with interest up to the date of his death at rates as declared by the Board from time to time, compounded yearly, she or her estate, as the case may be, shall be entitled to a residual amount equal to the difference.

(4) Where a member dies while in the service of the Board or as a commissioner, leaving no widow eligible for pension, the aggregate contributions made by him,

but not those made by the Board on his behalf, shall be paid to his estate, with interest at rates as declared by the Board from time to time, compounded yearly.

DEATH AFTER RETIREMENT

12.—(1) Where a member,

- (a) who has not made an approved election of optional pension, dies after his retirement on pension and leaves surviving a widow, to whom he was married three or more years prior to his retirement, the widow shall be entitled to an annual pension payable in equal monthly instalments for life so long as the widow remains unmarried; or
- (b) who has made an approved election of optional pension, dies after his retirement on pension, the benefit, if any, to his surviving widow shall be in accordance with the provisions of such option.

(2) For the purpose of calculating the amount of pension under clause a of subsection 1 the amount of the pension payable shall be 50 per cent of the pension calculated in accordance with section 7.

(3) Where a member dies after his retirement on pension, and does not leave surviving a widow, the excess, if any, of the aggregate contributions made by him, but not by the Board on his behalf, with interest to the date of his retirement at rates as declared by the Board from time to time, compounded yearly, over the total pension payments made to him, shall be paid to his estate.

(4) On death after retirement on pension where the member has made an approved and effective election under section 10, no refund of contributions or other benefit shall be paid, unless this was specifically provided for in writing under the terms of the approved optional pension.

WITHDRAWAL FROM SERVICE

13.—(1) Where a member who has not attained age 45, and ten or more years' service, ceases to be employed by the Board or to be a commissioner for any reason other than death or retirement on pension, he may elect to take,

- (a) payment of the aggregate contributions made by him but not those made by the Board on his behalf, with interest at rates as declared by the Board from time to time, compounded yearly; or
- (b) where the member has been in the service of the Board or a commissioner continuously for ten years, a vested interest in a deferred annual pension payable monthly for life from his normal retirement age.

(2) The amount of the vested deferred annual pension referred to in subsection 1 shall be calculated in accordance with section 7, as if the date of his cessation of service was his normal retirement date.

(3) Where a member who has attained age 45, and ten or more years' service, ceases to be employed by the Board or to be a commissioner for any reason other than death or retirement on pension, he shall be entitled,

- (a) with respect to his service in the calendar year 1965 or later, to a vested interest in a deferred annual pension payable monthly for life from his normal retirement age; and
- (b) with respect to his service, if any, prior to the calendar year 1965, to elect either a lump sum payment of his aggregate contributions in

respect of such service with interest at rates as declared by the Board from time to time—or a vested interest in a deferred annual pension with respect to such service.

(4) The amount of the vested deferred annual pension referred to in subsection 3 shall be calculated in accordance with section 7, and for the purpose of clause *a* of subsection 3 with respect to the member's service with the Board in the calendar year 1965 and later, and for the purpose of clause *b* of subsection 3 with respect to the member's service with the Board prior to the calendar year 1965, as if the date of his cessation of service were his normal retirement date.

(5) A member who withdraws from the service of the Board and becomes entitled to a vested deferred pension as provided under clause *a* of subsection 3 may elect to receive a lump sum refund determined by the actuary, in discharge of a stated portion of such vested deferred pension, this stated portion being not more than the lesser of,

- (a) 25 per cent; or
- (b) the portion for which the commuted value, as determined by the actuary is equal to the member's aggregate contributions, but not those made by the Board on his behalf, with interest up to the date of his cessation of service, at rates as declared by the Board from time to time, compounded yearly.

(6) Where a member who is entitled to a vested deferred pension in accordance with this section dies before attaining normal retirement age, there shall be paid to his estate the aggregate contributions made by him, but not those made by the Board on his behalf, less the lump sum refund, if any, previously paid in discharge of a stated portion of his vested deferred pension in accordance with subsection 3 and subsection 5 hereof, all with interest to the date of his death, at rates as declared by the Board from time to time, compounded yearly.

(7) Where a member ceases to be employed by the Board or to be a commissioner and is indebted to the Board, the amount of the indebtedness shall to the extent permitted by law be deducted from any refund to which he is entitled.

INTEREST IN FUND NOT ASSIGNABLE, ETC.

14. The interest of any person in the fund, or in any pension, is not subject to garnishment, attachment, seizure, or any legal process, and is unassignable.

TRANSFERS

15.—(1) An employee who on termination of his service with the Board next becomes employed by,

- (a) the civil service of Ontario or Canada;
- (b) the civic service of a municipality or a local board thereof within the Province of Ontario; or
- (c) the staff of any board, commission, or public institution under any Act of the Ontario Legislature, or the Government of Canada,

may elect, in lieu of the other benefits provided under the plan to leave his refundable contributions in the fund, and in that event, all benefits which had accrued under the plan with respect to his service up to his employment termination date, including benefits to his surviving widow if any, who was married to him prior to his severance with the Board, shall remain fully vested to his credit under the plan, so long as he continues in the service of an employer or employers specified in this subsection.

(2) The vested pension benefit under subsection 1 shall be calculated with reference to such employee's earnings in his last 10 years of service preceding his date of cessation of service with the Board.

(3) In the case of an employee who, immediately preceding the commencement of his service with the Board, was a member of a registered superannuation or pension fund or plan, the Board shall permit transfer of assets standing to the credit of such employee in the said superannuation or pension fund or plan, to the fund, for the provision of benefits in accordance with the terms of this plan, but with reference only to whatever period of credited service, is certified in writing by the actuary, as being purchasable under this plan, by the assets so transferred.

(4) The portion of any amount transferred under the provisions of subsection 3, which shall be deemed to be the transferred employee's contributions on joining this plan, is equal to the transferred employee's own contributions to the superannuation or pension fund or plan from which such amount was transferred, together with any interest allowed thereunder, up to such transfer date.

GENERAL

16. Where an annual pension payable from the fund is less than \$120, it may, at the sole discretion of the Board, be commuted to a lump sum or paid in instalments.

17. The Board shall pay from the fund, from time to time, the pension to which a retired member is then entitled under the terms of the plan.

18.—(1) In the case of a member who has withdrawn from the service of the Board, and who remains entitled to a vested interest in a deferred annual pension as provided by section 13 or subsection 1 of section 15, the Board, in its sole discretion, may permit an amount equal to the value, as determined by the actuary, of such vested contingent deferred pension, and any other benefits to which the member has become entitled under the plan, to be transferred from the fund, to the registered pension plan of which the said former employee is then a member.

(2) Each transfer under subsection 1 shall be subject to prior Board approval, and shall be subject to completion of a written discharge satisfactory to the Board, declaring that such transfer cancels and completely nullifies, all liability under this plan with respect to the said former employee's service with the Board up to the transfer date.

19.—(1) The Board shall have power to invest and reinvest the fund, and to keep the fund invested in investments which the Board considers appropriate, and which meet the requirements of *The Pension Benefits Act, 1965* and the regulations thereunder.

(2) The Board in its discretion may keep such portion of the fund in cash or cash balances as the Board may from time to time deem to be in the best interest of the fund.

20. Each member will be provided with written information concerning the terms and conditions of the plan and amendments therein applicable to him, and with respect to his rights and duties in connection with the benefits available to him under the plan.

21. The Board shall cause an actuarial survey of the plan to be made at least every three years, and a report in writing thereon to be submitted to the Board.

22. Reference in this Regulation to a widow, will be construed to mean also, a widower, who in the sole opinion of the Board, is considered to have been permanently dependent upon a female member to whom he was married, immediately prior to her death.

23. Regulation 572 of Revised Regulations of Ontario, 1960 is revoked.

THE WORKMEN'S COMPENSATION BOARD:

B. J. LEGGE,
Chairman.

E. M. LANE,
Secretary.

Dated at Toronto, this 18th day of January, 1966.

UNDER AND BY VIRTUE of a Writ of Fieri Facias issued out of the County Court of the County of Perth and dated the 9th day of December, 1964, wherein the Toronto-Dominion Bank is the Plaintiff and James S. Timms is the Defendant, directed against the goods and chattels and lands and tenements of the said James S. Timms, I have seized and taken in execution all the right, title, interest and equity of redemption of the said Defendant, James S. Timms, in and to the following lands and tenements:

All and Singular that certain parcel or tract of land and premises situate, lying and being in the Town of St. Mary's, in the County of Perth and being composed of part of Lot Seventeen (17), in the Seventeenth Concession of the Township of Blanshard, and known and described as Town Lots No. Three (3) and Four (4) on the west side of King Street, in the said Town of St. Mary's, saving and excepting thereout, and therefrom, the westerly Seventy-three feet (73') of said Lots Three (3) and Four (4) (Ingersoll's Survey of Lot 17, Concession 17, Township of Blanshard).

On these premises is said to be erected a dwelling house, known for municipal purposes as 238 King Street, North, St. Mary's, Ontario, of frame construction with insul brick siding and stone foundation, the said dwelling house being one storey in height, together with detached garage and paved driveway.

All of which said right, title, interest and equity of redemption, I shall offer for sale by public auction in my office at the Court House, Stratford, Ontario, on Monday, the 8th day of August, 1966, at the hour of 2 o'clock in the afternoon, Eastern Daylight Time.

Dated at Stratford, Ontario, this 25th day of March, 1966.

M. W. ANDREW, Q.C.,
Sheriff, County of Perth.

UNDER AND BY VIRTUE of a Writ of Fieri Facias issued out of the Supreme Court of Ontario and dated the 28th day of January, 1963, wherein John C. Lamont is the Plaintiff and Alvin Davey is the Defendant, directed against the goods and chattels and lands and tenements of the said Alvin Davey, I have seized and taken in execution all the right, title, interest and equity of redemption of the said Defendant, Alvin Davey, in and to the following lands and tenements:

Firstly, All and Singular that certain parcel or tract of land and premises situate, lying and being in the Township of Logan, in the County of Perth and Province of Ontario, containing Ninety-nine (99) acres more or less and being composed of Lot Twenty-six (26) in the Twelfth (12th) Concession of the said Township of Logan, save and excepting those portions previously conveyed to School Section No. Ten (10) of the said Township of Logan.

On these premises is said to be erected a two-storey red brick house and a frame barn measuring approximately 80 feet by 40 feet, a shed measuring approximately 35 feet by 40 feet and a cement silo.

Secondly, All and Singular those certain parcels or tracts of land and premises situate, lying and being in the Township of Logan, County of Perth and Province of Ontario, being composed of the north half of Lot Twenty-five and the north three-quarters of the east half of Lot Twenty-seven containing eighty-seven and a half (87½) acres more or less, in the Twelfth Concession of the said Township of Logan.

On these premises is said to be erected a red brick dwelling house and barn approximately 40 feet by 75 feet, a silo and driveshed.

All of which said right, title, interest and equity of redemption I shall offer for sale by public auction in my Office at the Court House, Stratford, Ontario, on Monday, the 8th day of August, 1966, at the hour of 3 o'clock in the afternoon, Eastern Daylight Time.

Dated at Stratford, Ontario, this 22nd day of April, 1966.

THE MEDICAL SERVICES INSURANCE ACT, 1965

O. Reg. 118/66.

General.

Made—April 21st, 1966.

Filed—April 25th, 1966.

REGULATION MADE UNDER THE MEDICAL SERVICES INSURANCE ACT, 1965

1. Ontario Regulation 96/66, as amended by Ontario Regulation 108/66, is further amended by adding thereto the following section:

11.—(1) In this section,

(a) "Division" means the Medical Services Insurance Division of the Department of Health;

(b) "notice" means notice in writing by personal delivery or mailed by registered mail addressed to the latest post office address of the person to whom the notice is sent as shown on the records of the Division or, where no address is shown for him on the records of the Division, addressed to him at his post office address as shown in the records of the doctor who provided the medical services.

(2) The Division is subrogated to any right of a covered person to recover all or part of the cost of medical services insurance benefits from any other person, including future benefits, and the Division may bring action in the name of the covered person to enforce such rights.

(3) The release of any right respecting medical services insurance benefits to which a covered person is entitled and to which the Division is subrogated is not binding on the Division unless the Division consents to the release.

(4) A covered person who commences an action to recover for loss or damages arising out of the negligence or other wrongful act of a third party to which the injury or disability in respect of which covered medical services insurance benefits have been provided is related, shall include a claim on behalf of the Division for the cost of the medical services insurance benefits.

(5) Where a covered person commences an action referred to in subsection 4, his solicitor shall so inform the Division forthwith after issuing the writ and shall act as solicitor for the Division for the purpose of this section unless notified by the Division that the solicitor for the Division will undertake the action on its own behalf.

(6) Subject to subsection 8, where a covered person obtains a final judgment in an action in which he includes a claim on behalf of the Division, the Division shall bear the same proportion of the taxable costs otherwise payable by the covered person, whether on a party and party basis or on a solicitor and client basis, as the recovery made on behalf of the Division bears to the total recovery of the covered person in the action or, where no recovery is made, as the assessed claim of the Division bears to the total damages of the covered person assessed by the court.

(7) Where a claim is settled, the Division shall bear the same proportion of the taxable costs otherwise payable by the covered person as is set out in subsection 6 in respect of a recovery made.

(8) The costs for which the Division may be liable to bear a portion under subsection 6 are the costs of bringing the action to the conclusion of the trial only and do not include the costs of any other proceeding without the written consent of the Division.

(9) If no action has been commenced by a covered person for the recovery of damages arising out of injury or disability within eleven months of the last act or omission that caused or contributed to the injury or disability, or before thirty days before the expiration of the limitation period for the action, whichever occurs first, the Division,

(a) after notice to the covered person, may commence an action in his name for the recovery of the cost of the medical services insurance benefits; and

(b) may effect settlement of its claim without prejudice to the right of the covered person to commence an action to recover for his injuries or other damages.

(10) The covered person, at any time prior to the trial of an action commenced by the Division under subsection 9 may, subject to the rules of court, join in such action any additional claims arising out of the same occurrence and thereafter the covered person shall have the conduct of the action as if he had commenced it under subsection 4.

(11) Where the covered person is an infant or under other disability or has died, the Division may commence an action in its own name for the recovery of the cost of medical services insurance benefits paid on his behalf and, in that event, shall forthwith give notice of the institution of such action to the parent or guardian of the infant, or to the committee or guardian of the person under disability, or to the personal representative, if any, of the deceased person, and subsections 9 and 10 apply *mutatis mutandis* to such action.

(12) An insurer shall pay to the Division any amount referable to a claim for recovery of the cost of medical services insurance benefits that would otherwise be payable, and the payment discharges the liability of the insurer to pay that amount to the covered person.

General.
Made—April 15th, 1966.
Approved—April 21st, 1966.
Filed—April 28th, 1966.

REGULATION MADE UNDER THE PUBLIC SERVICE ACT, 1961-62

1. Section 10 of Ontario Regulation 190/62, as remade by section 7 of Ontario Regulation 247/65, is amended by adding thereto the following subsection:

(2a) Notwithstanding clause *a* of subsection 1, a civil servant appointed on or after the 1st day of October, 1965, or a public servant appointed to Group 3 of the unclassified service on or after the 1st day of October, 1965, may, with the written consent of his deputy minister, use during any year in his first three years of service five days of his attendance credits for the purpose of vacation leave-of-absence.

2. Section 13 of Ontario Regulation 190/62 is revoked and the following substituted therefor:

13.—(1) Where the duties of a position are changed as a result of reorganization or re-assignment of duties and the position is re-classified to a class having a lower maximum salary,

(a) any person who occupies the position when the re-classification is made and whose salary rate at the time of the re-classification is equal to or higher than the maximum salary of the new classification shall not receive any salary progression, but his salary rate shall not be reduced; and

(b) any person who occupies the position when the re-classification is made and whose salary at the time of the re-classification is less than the maximum salary for the new classification may receive salary progression up to that maximum.

(2) A person to whom clause *a* of subsection 1 applies is entitled to be appointed to the first vacancy in his former classification that occurs in the same administrative district or unit, institution or other work area in the same department in which he was employed at the time the re-classification was made.

(3) Where, for reasons of health, a person is assigned to a position in a classification having a lower maximum salary, he shall not receive any salary progression or salary decrease for a period of six months after his assignment and, if at the end of that period he is unable to accept employment in his former classification, he shall be assigned to a classification consistent with his condition.

(4) Where a position is re-assessed and it is determined that the position should be in a classification with a lower maximum salary and the position is re-classified to that classification, any person who occupies the position when the re-classification is made and whose salary rate is greater than the maximum salary for the new classification shall retain that salary rate, but where salary adjustments increase the maximum salary of the new classification to an amount higher than

the employee's salary rate, he may receive salary progression to the maximum salary of the new classification.

THE FARM PRODUCTS MARKETING ACT

O. Reg. 129/66.

Onions—Marketing.

Made—May 3rd, 1966.

Filed—May 3rd, 1966.

REGULATION MADE UNDER THE FARM PRODUCTS MARKETING ACT

1. In this Regulation,

- (a) "local board" means The Ontario Onion Producers' Marketing Board;
- (b) "onions" means onions produced in Ontario;
- (c) "plan" means The Ontario Onion Producers' Marketing Plan;

(d) "producer" means a person engaged in the production of onions.

2. This Regulation provides for the control and regulation in any or all respects of the marketing within Ontario of onions, including the prohibition of such marketing in whole or in part.

3. The Board exempts from this Regulation, except clauses *a*, *b* and *c* of section 4, onions other than mature onions that are grown from seeds or bulbs.

4. The Board delegates to the local board the power,

- (a) to require persons engaged in producing or marketing onions to register their names, addresses and occupations within the local board;
- (b) to require persons engaged in producing or marketing onions to furnish such information relating to the production or marketing of onions as the local board determines;
- (c) to appoint persons to inspect the books, records, lands and premises and any onions of persons engaged in the marketing of onions;
- (d) to stimulate, increase and improve the marketing of onions by such means as the local board deems proper;
- (e) to co-operate with a marketing board, a local board or a marketing agency of any other province for the purpose of marketing onions;
- (f) to do such acts and make such orders and issue such directions as are necessary to enforce the due observance and carrying out of the provisions of the Act, the regulations and the plan.

5. The Board delegates to the local board its powers to make regulations with respect to onions,

- (a) providing for the licensing of any or all persons before commencing or continuing to engage in the producing or marketing of onions;
- (b) prohibiting persons from engaging in the producing or marketing of onions except under the authority of a licence;
- (c) providing for the refusal to grant a licence where the applicant is not qualified by experience, financial responsibility and equipment to engage in properly the business for which the application was made, or for any other reason that the local board deems proper;
- (d) providing for the suspension or revocation of, or the refusal to renew a licence for failure to observe, perform or carry out the provisions of the Act, the regulations, the plan or any order or direction of the local board;
- (e) providing for the fixing of licence fees not exceeding 5 cents per fifty pound unit or its equivalent of onions payable yearly, half-yearly, quarterly or monthly at different amounts or in instalments from any or all persons producing or marketing onions and the collecting of the licence fees and the recovering of the licence fees by suit in a court of competent jurisdiction;
- (f) requiring any person who receives onions from a producer to deduct from the moneys payable to the producer any licence fees payable by the producer to the local board and to forward such licence fees to the local board;

- (g) requiring any person who produces and processes onions to furnish to the local board statements of the amounts of onions that he produced in any year and used for processing;
- (h) prescribing the form of licences;
- (i) providing for the exemption from any or all of the regulations, orders or directions under the plan of any class, variety, grade or size of onions, or any person or class of persons engaged in the production or marketing of onions or any class, variety, grade or size of onions;
- (j) requiring the furnishing of security or proof of financial responsibility by any person engaged in the marketing of onions and providing for the administration and disposition of any moneys or securities so furnished;
- (k) providing for the regulating and controlling of agreements entered into by producers of onions with persons engaged in marketing or processing onions, and the prohibition of any provision or clause in such agreements;
- (l) requiring any person who produces onions to offer to sell and to sell onions through the local board;
- (m) prohibiting any person from processing, packing or packaging any onions that have not been sold by or through the local board;
- (n) providing for the making of such orders and issuing of such directions as are necessary to enforce the due observance and carrying out of the provisions of the Act, the regulations, the plan or any order or direction of the local board.

6.—(1) The Board authorizes the local board to use any class of licence fees and other moneys payable to it for the purposes of paying the expenses of the local board, carrying out and enforcing the Act and the regulations and carrying out the purposes of the plan.

(2) The Board authorizes the local board to establish a fund in connection with the plan for the payment of any moneys that may be required for the purposes mentioned in subsection 1.

MARKETING BY LOCAL BOARD

7.—(1) All onions shall be marketed by or through the local board.

(2) No person shall market onions except by or through the local board.

8. The Board vests in the local board the following powers:

1. To direct and control, by order or direction, either as principal or agent, the marketing of onions, including the times and places at which onions may be marketed.
2. To determine the quantity of each variety, grade and size of onions that shall be marketed by each producer.
3. To prohibit the marketing of any variety, grade or size of onions.
4. To determine from time to time the price or prices that shall be paid to producers for onions, or any variety, grade or size of onions and to determine different prices for different parts of Ontario.

5. To fix and impose service charges from time to time, not exceeding 5 cents per fifty pound unit or its equivalent, for the marketing of onions.
6. To require the price or prices payable or owing to the producer for onions to be paid to or through the local board.
7. To collect from any person by suit in a court of competent jurisdiction the price or prices or any part thereof of onions owing to the producer.
8. To purchase or otherwise acquire such quantity or quantities of onions as the local board deems advisable.
9. To pay from service charges imposed under paragraph 5 its expenses in carrying out the purposes of the plan.
10. To pay to the producers the price or prices for onions less service charges imposed under paragraph 5 and to fix the times at which or within which such payments shall be made.

9. The Board authorizes the local board to conduct a pool or pools for the distribution of all moneys received from the sale of onions and requires the local board, after deducting all necessary and proper disbursements and expenses, to distribute the remainder of the moneys received from the sale in such manner that every producer receives a share of the remainder of the moneys received from the sale in relation to the amount, class, variety, grade and size of the regulated product delivered by him, and authorizes the local board to make an initial payment on delivery of the onions and subsequent payments until all of the remainder of the moneys received from the sale is distributed to the producers.

UNDER AND BY VIRTUE OF a Writ of Fieri Facias issued out of the County Court of the County of Ontario, to me directed, against the goods and chattels and lands and tenements of Murray Earl Scott at the suit of Richard V. Newman, I have seized and taken in execution all the right, title, interest and equity of redemption of the defendant Murray Earl Scott in and to:

All and Singular that certain parcel or tract of land and premises situate, lying and being in the Township of Harcourt in the Provisional County of Haliburton, being composed of part of Lot 16, Concession 2, in the said township and which said parcel or tract of land is more particularly described as follows:

Premising that the northerly limit of Highway No. 500 has an astronomic bearing of north 56 degrees 31 minutes 35 seconds east and relating all bearings herein thereto; Commencing at an iron bar planted in the easterly limit of the said Lot 16 distant 445.69 feet measured northerly thereon from the southeasterly angle thereof; thence south 56 degrees 31 minutes 35 seconds west 345.02 feet; thence north 20 degrees 52 minutes west 100.0 feet; thence south 56 degrees 31 minutes 35 seconds west 300.0 feet; thence south 20 degrees 52 minutes east 100.0 feet; thence south 56 degrees 31 minutes 35 seconds west 75.0 feet; thence north 35 degrees 30 minutes 30 seconds west 176.65 feet; thence north 52 degrees 28 minutes east 150.5 feet; thence north 37 degrees 32 minutes west 174.97 feet; thence south 52 degrees 28 minutes west 150.5 feet; thence north 37 degrees 32 minutes west 20.33 feet to the southerly limit of the old Irondale Bancroft & Ottawa Railway; thence easterly along the said southerly limit to its intersection with the easterly limit of the said Lot 16; thence south 20 degrees 52 minutes east along the last-mentioned easterly limit 370 feet more or less to the point of commencement.

Which said parcel or tract of land may be further illustrated outlined in red on a plan of survey by H. C. Bishop, O.L.S., dated the 3rd day of December, 1963.

There are reservations regarding the right to lay and maintain water lines, rights-of-way and an easement regarding a water line to the said lands, as described in Instrument No. 25925, dated the 20th day of December, 1963.

Save and except the lands conveyed to the Corporation of the Township of Dysart *et al.* and more particularly described as follows:

Premising that the bearings herein are astronomic and derived from the north 56 degrees 31 minutes 35 seconds east of the northwesterly limit of old Highway No. 500 (presently No. 648) as shown on deposited Plan No. 190.

Commencing at an iron bar planted which may be located as follows: Beginning at the southwest angle of the said Lot 16; thence north 20 degrees 52 minutes west 117.34 feet; thence north 56 degrees 31 minutes 35 seconds east 613.27 feet; thence north 20 degrees 52 minutes west 200.0 feet; thence north 35 degrees 30 minutes 30 seconds west 176.65 feet to an iron bar planted; thence north 52 degrees 28 minutes east 150.5 feet to the point of commencement of the herein-after described parcel; thence north 37 degrees 32 minutes west 174.97 feet to an iron bar planted; thence north 52 degrees 28 minutes east 40.0 feet; thence south 39 degrees 10 minutes east 175.04 feet; thence south 52 degrees 28 minutes west 45.0 feet to the point of commencement; which said parcel or tract of land may be further illustrated outlined in red on a plan of survey by H. C. Bishop, O.L.S., dated the 26th day of April, 1960.

All of which said right, title, interest and equity of redemption of the said Murray Earl Scott, defendant, in the said lands and tenements, I shall offer for sale by public auction in my office in the County Court House, Lindsay, Ontario, on Thursday, the 25th day of August, 1966, at the hour of 10.30 o'clock in the forenoon.

Dated at Lindsay, this 10th day of May, 1966.

EVERETT G. SCOTT,
Sheriff, County of Victoria
and
Provisional County of Haliburton.

3. Section 4 of the Schedule to Ontario Regulation 48/66 is amended by inserting after "Bean" in the second line "Producers".

4. Section 5 of the Schedule to Ontario Regulation 48/66 is amended by striking out "three members" in the second and third lines and inserting therein "eleven producer-members and the members in each district shall hold office until their successors are elected".

5. Sections 6, 7 and 8 of the Schedule to Ontario Regulation 48/66 are revoked and the following substituted therefor:

6. Producers are divided into six districts as follows:

1. District 1, comprising the County of Kent.
2. District 2, comprising the County of Elgin.
3. District 3, comprising the County of Middlesex.
4. District 4, comprising the County of Lambton.
5. District 5, comprising the County of Huron.
6. District 6, comprising the County of Perth.

7. There shall be a committee in each district to be known as the "District Bean Producers' Committee".

8.—(1) The District Bean Producers' Committees shall have the following number of members:

1. District 1, nine members.
2. District 2, five members.
3. District 3, five members.
4. District 4, five members.
5. District 5, twelve members.
6. District 6, five members.

(2) A producer in a territorial district or in a county not mentioned in section 6 may for the purposes of the plan be deemed to be a producer in the district nearest to his place of production.

9.—(1) On or before the 15th day of November in each year producers in each district, at a meeting called by the local board for the purpose, shall elect from among themselves the members of the District Bean Producers' Committee for the district.

(2) Nominations for members to the local board shall be received at the meetings referred to in subsection 1.

(3) No producer shall participate in any nomination or election at any meeting referred to in subsection 1 unless he is qualified to vote under section 10.

10.—(1) Producers in each district shall elect from among themselves members to the local board as follows:

1. District 1, three members.
2. District 2, one member.
3. District 3, one member.
4. District 4, one member.
5. District 5, four members.
6. District 6, one member.

(2) No person is eligible for election or appointment from any district to the local board unless he is a producer in the district, and in no case shall he be elected to represent more than one district.

- (3) Subject to subsection 5, election of those producers nominated for membership to the local board shall be by mailed ballot, except in cases of an acclamation.
- (4) The local board shall place the names of producers nominated for membership to the local board on separate ballot forms for each district and shall mail the ballot forms not later than ten days after the close of nominations in each district, to those producers in each district who, according to the records of the local board, have sold beans in the preceding twelve months.
- (5) A producer who does not receive a ballot under subsection 4 may obtain a ballot from the agricultural representative for the county in the district in which he is a producer upon certifying to the agricultural representative in writing that he has produced beans in the preceding twelve months.
- (6) Every producer who receives a ballot shall return it by mail or in person to the office of the agricultural representative for the county in the district in which he is a producer not later than twenty-one days after the close of nominations in his district.
- (7) Ballots shall be counted by the agricultural representative on the first working day after the last day for the return of ballots under subsection 6, and nominees receiving the highest number of votes shall be declared elected and the local board shall be so notified by the agricultural representative.
11. Where a member elected or appointed to the local board dies or resigns before his term of office has expired, the local board shall appoint, as a member, for the unexpired term, the producer who received the highest number of votes of those producers nominated and not elected for the district from which the member who has died or resigned was elected and, where there is no such producer or where such producer has died the local board may appoint as a member any producer who is qualified to vote under section 10.

6. Those persons appointed to The Ontario Bean Marketing Board under Ontario Regulation 48/66 prior to the coming into force of this Regulation shall be deemed to constitute The Ontario Bean Producers' Marketing Board until such time as six members of that board are elected under Ontario Regulation 48/66, as amended by this Regulation.

THE ENERGY ACT, 1964

O. Reg. 143/66.

Spacing Units—Courtright Pool.

Made—May 12th, 1966.

Filed—May 13th, 1966.

REGULATION MADE UNDER
THE ENERGY ACT, 1964

1. This Regulation applies to,

- (a) the northerly 1100 feet of Lot 27 in Concession I;
- (b) lots 27 and 28 in Concession II;
- (c) lots 27, 28 and 29 in Concession III; and
- (d) parts of river front lots 5 to 18, both inclusive,

all in the Township of Moore in the County of Lambton and shown outlined in red on a plan filed in the office of the Registrar of Regulations at Toronto as No. 704.

2. This Regulation applies only to wells drilled to formations of Silurian age.

3.—(1) For the purpose of this Regulation, the area described in section 1 is divided into numbered tracts of approximately twenty-five acres and pairs of such numbered tracts are combined and designated as spacing units as shown outlined in green on Plan No. 704.

(2) In the spacing units designated in subsection 1, wells shall be drilled or bored generally in the centre of alternate tracts, as indicated by circles outlined in black on Plan No. 704, but the Minister may approve a deviation from the centre of a tract where topographical or other conditions require such deviation.

4. No person shall,

- (a) drill or bore more than one well on each spacing unit; or
- (b) drill or bore or produce from a well on a spacing unit unless all the interests in the gas and oil in the unit have been joined for the purpose of sharing the production and the costs of production, including the cost of the well, in the proportion that each interest bears to the total interest in the unit.

Maine Maritime Express Ltd., 12555
251 Rothesay Avenue,
Saint John, New Brunswick.

The Ontario Highway Transport Board, pursuant to Section 16 of The Ontario Highway Transport Board Act, will review the terms of its certificate, dated the 26th day of January, 1965, which led to the issuance of extension to extra-provincial operating licence No. X-816, in order to establish whether service is being provided in the best interest of the public under the said licence, and more particularly if the licensee is providing a service for less than truckload lots from points on the routes included in the Board's certificate

of the 26th day of January, 1965, which reads: "For the carriage of goods (excluding motor vehicles designed primarily for operation on a highway and/or used household furniture) from points on that portion of:

- (a) King's Highway No. 2 between and including Metropolitan Toronto and Cornwall;
- (b) King's Highway No. 7 between the junction of King's Highways No. 7 and 11 and Smith's Falls; and
- (c) King's Highways No. 35 or 115 or 28 or 14 or 37 or 15 between their respective junctions with King's Highways No. 2 and 7,

to points at the international boundary at the St. Lawrence River for furtherance in transit only through the United States of America to points in the Provinces of New Brunswick, Nova Scotia and Prince Edward Island or by shipment from the said Provinces in transit only through the United States of America from the international boundary at the said River to points in the Province of Ontario on the said King's Highways hereinbefore described east of King's Highway No. 11 or alternately from the said points in Ontario hereinbefore described to the Ontario-Quebec border at Riviere Beaudette or Pointe Fortune for furtherance in transit only through the Province of Quebec to points in the Provinces of New Brunswick, Nova Scotia and Prince Edward Island or by shipment from the said Provinces in transit only through the Province of Quebec from the said Ontario-Quebec border points at Riviere Beaudette and Pointe Fortune to points on the said King's Highways in the Province of Ontario lying east of King's Highway No. 11.

Permission granted for the use of King's Highway No. 401 as an alternate route to King's Highways No. 7 and 2 and the use of King's Highway No. 11 with no additional pick-up or discharge privileges thereon";

and has fixed Tuesday, the 12th day of July, 1966, at 10 a.m. (E.D.S.T.) at its Chambers, 67 College Street, Toronto, Ontario, for that purpose.

The Board may amend or revoke the terms of its certificate.

Fournier Van & Storage Limited, 01537
117 Bresserer Street, Ottawa, Ontario.

The Ontario Highway Transport Board, pursuant to Section 16 of The Ontario Highway Transport Board Act, will review the terms of its certificates which led to the issuance of Class 'H' public commercial vehicle operating licence No. 38 and extra-provincial operating licence No. X-394, because of operations contrary to the public interest, and more particularly as it is alleged that the Fournier Van & Storage Limited:

- (a) charged rates in excess of tariffs filed;
- (b) failed to give a reasonable explanation of the charges assessed relative to a move of approximately 560 lbs. from Ottawa to Toronto on or about June 3rd, 1966;
- (c) took from April 21st to May 10th to effect delivery of the said shipment, although delivery requested on or before the 1st day of May.

The Board has fixed Monday, the 4th day of July, 1966, at 10 a.m. (E.D.S.T.) at its Chambers, 67 College Street, Toronto, Ontario, for this review.

The licensee will be required to show cause why the Board should not amend or revoke the terms of its certificates.

THE MILK ACT, 1965

O. Reg. 160/66.

Milk—Marketing.

Made—June 2nd, 1966.

Filed—June 2nd, 1966.

REGULATION MADE UNDER
THE MILK ACT, 1965

1. Ontario Regulation 294/65 is amended by adding thereto the following sections:

11.—(1) In any market named in an agreement or award made under *The Milk Industry Act* or any predecessor of that Act, there shall be a negotiating agency to be known as a "Negotiating Committee for Transportation of Milk in a Market".

(2) A Negotiating Committee for Transportation of Milk in a Market is empowered to adopt or settle by agreement charges for transportation of milk to dairies and distributors in the market in respect of which it is established.

12.—(1) In respect of any plant other than a dairy, there shall be a negotiating agency to be known as a "Negotiating Committee for Transportation of Milk to a Plant".

(2) A Negotiating Committee for Transportation of Milk to a Plant is empowered to adopt or settle by agreement charges for the transportation to the plant in respect of which it is established of milk for processing into milk products other than fluid milk products.

13.—(1) A negotiating agency mentioned in section 11 or 12 shall,

(a) be composed of,

(i) three persons appointed by the marketing board, of whom at least two shall be producers supplying milk in the market or to the plant, as the case may be, and

(ii) three persons appointed by the transporters transporting milk in the market or to the plant, as the case may be, from such transporters; and

(b) be established by notice in writing,

(i) in the case of producers, requiring the transporters who transport their milk in the market or to the plant, as the case may be, or

(ii) in the case of transporters, requiring the marketing board,

to appoint members to the negotiating agency to negotiate respecting charges for the transportation of milk.

(2) A copy of a notice by producers under subclause i of clause b of subsection 1 shall be forwarded to the marketing board.

(3) Within ten days after notice is given under clause b of subsection 1, the marketing board and the transporters shall appoint their respective members to the negotiating agency and shall notify the Commission in writing of the names and addresses of such members.

(4) Where a member of a negotiating agency appointed under subsection 3 dies or resigns or is unavailable to act, the marketing board or the transporters, as the case may be, shall appoint a person to act in his place.

(5) Where the marketing board or the transporters, as the case may be, fail,

(a) to appoint members to a negotiating agency in accordance with subsection 3; or

(b) to make an appointment under subsection 4 within seven days after a vacancy occurs,

the Commission shall appoint such persons as are necessary to complete the negotiating agency.

14.—(1) A meeting of a negotiating agency may be convened by a notice in writing, stating the time and place of the meeting, given at least three days but not more than seven days before the date of the meeting.

(2) A notice under subsection 1 shall be given by the members of the negotiating agency appointed by the marketing board or by the transporters, as the case may be, to the other members of the negotiating agency, and a copy of the notice shall be forwarded to the Commission.

15.—(1) Where,

(a) a meeting of a negotiating agency is not held in accordance with the notice given under section 14;

(b) a meeting is held and the negotiating agency does not reach an agreement respecting charges for the transportation of milk within ten days after the date of the meeting; or

(c) the negotiating agency decides at its meeting on the date stated in the notice given under section 14 that an agreement respecting charges for the transportation of milk cannot be reached,

the Commission shall be notified forthwith in writing.

(2) Where the Commission receives notice under subsection 1, the Commission,

(a) shall meet within seven days after receipt of the notice;

(b) shall arbitrate all matters respecting charges for the transportation of milk; and

(c) shall make an award in respect of the matters that are arbitrated.

16. No charges, costs or expenses relating to the transportation of milk shall be made other than such charges, costs or expenses as are provided for in the agreement or award or re-negotiated agreement or award in force for the transportation of milk in any market or to any plant, as the case may be.

ONTARIO ENERGY BOARD

IN THE MATTER OF The Ontario Energy Board Act, 1964, as amended, and in particular Section 37 thereof, and

IN THE MATTER OF an application by Union Gas Company of Canada, Limited, pursuant to subsection (1) of section 37 of the said Act, for leave to construct a natural gas pipe line from a point in the road allowance between Lots 3 and 4, Concession XI, in the Township of Charlotteville to a point in Lot 5, Concession XI, in the Township of Charlotteville, in the County of Norfolk.

NOTICE OF HEARING

The Ontario Energy Board hereby appoints Thursday, the 23rd day of June, 1966 at 10.00 o'clock in the forenoon, Daylight Saving Time, at the Board Offices, Room 620, 790 Bay Street, Toronto, Ontario, for the hearing of the above application and all persons interested therein.

Copy of the application may be inspected and further particulars obtained from the office of the Clerk of the Township of Charlotteville, from the Applicant at its Head Office in Chatham, Ontario, or from this Board.

Dated at Toronto this 6th day of June, 1966.

ONTARIO ENERGY BOARD:

A. R. CROZIER,
Chairman.

A. B. JACKSON,
Vice-Chairman.

PUBLIC NOTICE

Change of names of portions of Eastern Avenue and Front Street East.

NOTICE IS HEREBY GIVEN that the Council of the Corporation of the City of Toronto proposes to pass a by-law to change the names of portions of certain streets as follows:

Portion of Eastern Avenue from its commencement at Front Street East to the ramp connection at Sumach Street to be changed to Front Street East (Ward 2);

Portion of Eastern Avenue from Lewis Street easterly to its terminus at Queen Street East to be changed to Front Street East (Wards 1 and 8);

Portion of Eastern Avenue easterly from the Don Valley Parkway to Lewis Street to be changed to Sunlight Park Road (Ward 1); and

Portion of Front Street East from its intersection with the present Eastern Avenue, easterly to the West Don Roadway to be changed to Culver Street (Ward 2).

His Honour Judge C. J. Henry, of the County Court of the County of York, has approved of the foregoing notice and has appointed Monday, July 18, 1966, at 2.30 o'clock in the afternoon, in Court Room No. 7, Old City Hall, Toronto, as the time and place for considering the proposed by-law and for hearing those advocating or opposing the change contemplated therein.

A copy of the proposed by-law giving the reasons for the change, may be seen at the City Clerk's Office, New City Hall, Toronto.

C. E. NORRIS,
City Clerk.

THE BOUNDARIES ACT
(R.S.O. 1960, c. 38)

NOTICE OF CONFIRMATION

TAKE NOTICE that upon an application by Fred A. Brook and Catharine Brook, I did, on the 15th day of June, 1966, pursuant to Section 12 of The Boundaries Act, confirm the true location on the ground of the boundaries of the lands described in Instrument No. 5604 registered in the Registry Office for the District of Muskoka, said lands being parts of Lots 10 and 11, Concession 12, Township of Chaffey, District of Muskoka.

AND FURTHER TAKE NOTICE that any person objecting to the confirmation may appeal to a Judge of the Supreme Court of Ontario and notice of such appeal must be served upon me within twenty days after the date of publication of this notice in THE ONTARIO GAZETTE.

Dated at my Office at the New City Hall, 100 Queen Street West, Toronto, this 15th day of June, 1966.

SYDNEY SMITH,
Director of Titles.

ST. ANTHONY'S PARISH (CHATHAM)
CREDIT UNION LTD.

TAKE NOTICE that at a general meeting of members of the St. Anthony's Parish (Chatham) Credit Union Limited duly called for the purpose and held on the 24th day of February, 1960 a resolution was passed authorizing the voluntary dissolution of the said Credit Union as of February 24th, 1960, under the provisions of Section 54 of The Credit Unions Act, R.S.O. 1960.

AND TAKE FURTHER NOTICE that on and after February 24th, 1960 no further withdrawals or payments on shares or deposits may be made by any member and no new loans will be made. Proof of any claim against the said Credit Union must be filed with the Treasurer within thirty days of the date of this notice, after which time the assets of the said Credit Union will be distributed amongst the persons entitled thereto having regard to the claims of which the Credit Union then has notice.

SIDNEY (ZDENEK) ZEIDLER,
Secretary-President.

CITY OF WATERLOO

NOTICE IS HEREBY GIVEN that the Council of The Corporation of the City of Waterloo proposes to pass a by-law for changing the names of those streets in the City of Waterloo named and described in the first and second columns following to the respective names appearing in the third column following, namely:

COLUMN 1	COLUMN 2	COLUMN 3
<i>Names of Streets</i>	<i>Location of Streets</i>	<i>Name Changes</i>
Part of Township Rd. No. 50	From Lexington Road to a point approximately 4,800 feet north to a sharp bend in the road	Bridge Street
Part of Township Rd. No. 50	From Conestogo Road to a point approximately 2,700 feet east	Northfield Drive

Part of Township Rd. No. 50	From Bearinger Road to a point approximately 9,500 feet east	Northfield Drive
Part of Township Rd. No. 48	From Bearinger Road to Hallman Road	Conservation Drive
Part of Albert St.	From Township Rd. No. 50 to a point approximately 793 feet south	Weber Street North

and that the Judge of the County Court of the County of Waterloo has appointed Tuesday, the 19th day of July, 1966, at the hour of 10.00 o'clock in the forenoon, at his Chambers in the Court House, Weber and Frederick Streets, in the City of Kitchener, as the day, hour and place for considering the by-law and for hearing those advocating and opposing the said changes.

A copy of the proposed by-law, stating the reasons for the said changes, and a map showing the location of the streets involved, may be seen at the City Clerk's Office, Municipal Offices, Waterloo Square Building, Waterloo, Ontario.

Dated at Waterloo, Ontario, this 7th day of June, 1966.

Sheriff's Sale of Lands

UNDER AND BY VIRTUE of an Execution issued out of the Supreme Court of Ontario, to me directed, against the lands and tenements of Garnet Clarkson, George Patterson and Joseph Rosen, Trustee of the Estate of George Patterson, Bankrupt, defendants, at the suit of Canadian Imperial Bank of Commerce, plaintiff, I have seized and taken in execution all the right, title, interest and equity of redemption of Garnet Clarkson, one of the defendants, in and to:

All and Singular that certain parcel or tract of land and premises situate, lying and being in the Township of North York, in the County of York, and being composed of the whole of Lot 13, according to a plan registered in the Registry Office for the East and West Riding of the County of York as No. 3370.

On the premises is said to be erected a bungalow of frame construction with four rooms, a bathroom, basement and garage. Municipally known as 42 Isabell Road, North York, Don Mills, Ontario.

All of which said right, title, interest and equity of redemption of the said Garnet Clarkson, one of the defendants in the said lands and tenements, I shall offer for sale by public auction in my Office, Room 113, Old City Hall, Toronto, on Tuesday, September 20th, 1966 at 2.30 o'clock in the afternoon.

Dated at Toronto this 14th day of June, 1966.

PHILIP J. AMBROSE,
Sheriff, County of York.

THE ENERGY ACT, 1964

O. Reg. 166/66.

Gas Utilization Code.

Made—May 26th, 1966.

Filed—June 10th, 1966.

REGULATION MADE UNDER THE ENERGY ACT, 1964

GAS UTILIZATION CODE

PART 1

GENERAL REQUIREMENTS FOR GAS UTILIZATION

INTERPRETATION

1. In this Regulation,

1. "accessory" means a part, capable of performing an independent function or functions, certified separately from, and contributing to the operation of, the appliance or appliances that it serves;
2. "air shutter" means an adjustable device for varying the size of the primary air inlet or inlets;
3. "air supply" means, with respect to the installation of an appliance, the air for combustion, ventilation and flue gas dilution;
4. "approved" means,
 - i. where applied to a specification, that the specification is authorized by the Minister,
 - ii. where applied to an appliance, that the appliance bears a label issued by the Minister, or bears a label of a designated testing organization, certifying conformance with a specification approved by the Minister or conforming with a laboratory test report accepted by the Minister, or
 - iii. where applied to an installation, that it conforms with this Regulation;
5. "automatic operation" means an operation or sequence or cycle of operations that is performed by a device or combination of devices without manual attention;
6. "bathroom" means a room containing,
 - i. a toilet and a bathtub or shower, or
 - ii. a bathtub;
7. "bleed venting" means the expiring or inspirating of air or gas from or to one side of a diaphragm of a valve or regulator;
8. "boiler" means a heating appliance intended to supply hot water or steam for space-heating, processing or power purposes;
9. "branch line" means the part of a piping system that conveys gas from a common supply line or common header to an appliance or appliances;
10. "BTU" means British Thermal Unit, being the quantity of heat required to raise the temperature of 1 pound of water through 1° Fahrenheit;
11. "BTUH" means the number of British Thermal Units per hour;
12. "burner" means a device for the release of,
 - i. air and gas mixtures,
 - ii. oxygen and gas mixtures, or
 - iii. air and gas separately,
 into the combustion zone for ignition;
13. "burner unit" means one or more burners that can be ignited safely from one source of ignition;
14. "chimney" means a primarily vertical shaft enclosing at least one flue for conducting flue gases to the outside atmosphere and may be a,
 - i. factory-built chimney, consisting entirely of factory-constructed parts, each designed to be assembled with the others without requiring field fabrication and certified by a designated testing organization,
 - ii. masonry, or concrete chimney, being a field constructed chimney of brick, stone, concrete or approved masonry units, or
 - iii. metal chimney or smoke stack, being a field constructed single walled chimney of ferrous metal;
15. "clothes dryer" means a heating appliance intended to supply heat for the drying of wet laundry;
16. "combustible construction" means combustible materials used in construction and made of or surfaced with wood, compressed paper, plant fibers or other material that will ignite and burn, even though such materials are flameproofed, fire retardant treated, or plastered;
17. "combustion" means the rapid oxidation of gas accompanied by the production of heat, or heat and light;
18. "combustion chamber" means a metal or refractory chamber located within the fire box and used to contain the combustion flame;
19. "combustion products" means constituents resulting from the combustion of gas in air, including the inerts, but excluding excess air;
20. "combustion zone" means the zone where combustion is intended to occur;
21. "commercial building" means any building used in connection with direct trade with or service for the public;
22. "component" means an essential part of an appliance and may be certified separately from the appliance;

23. "condensate" means the liquid that separates from gas or from combustion products owing to a reduction in temperature;
24. "conversion burner" means a burner designed to burn gas in an appliance in which another fuel can be burned;
25. "CSA" means the Canadian Standards Association;
26. "cubic foot of gas" means the amount of gas that would occupy 1 cubic foot when at a temperature of 60° Fahrenheit, saturated with water vapour and under a pressure equivalent to that of 30 inches of mercury;
27. "damper" means a fixed or movable plate,
 - i. for regulating draft,
 - ii. for controlling the flow of air, or
 - iii. for controlling the flow of flue gases;
28. "domestic or residential building" means any building used as a one or two family dwelling;
29. "draft hood" means a device that is built into an appliance, or made a part of the vent connector from an appliance, and that is designed to,
 - i. assure the ready escape of the combustion products from the combustion chamber in the event of no draft, back draft, or stoppage beyond location of the draft hood,
 - ii. prevent a back draft from entering the combustion chamber of the appliance, and
 - iii. neutralize the effect of stack action of the chimney or vent upon the operation of the appliance;
30. "drip pocket" means a designed pocket placed at a low point in any part of a piping system for the collection of condensate, and designed so that the collected condensate may be removed;
31. "dust pocket" means a designed pocket placed at a low point in any part of a piping system for the collection of dust or dirt and designed so that the collected dust or dirt may be removed;
32. "excess air" means air supplied to the combustion zone in excess of the air that is theoretically required for complete combustion;
33. "fire box" means a metal enclosure in which gas is burned and forms a portion of the heat exchanger;
34. "flame" means the rapid oxidation of gas, resulting in the production of,
 - i. heat and light, or
 - ii. heat or light,and may be visible or not visible;
35. "flame safeguard" means a safety device that is sensitive to the properties of gas flame, and that detects the presence or non-presence of a gas flame and that causes the gas supply to be shut off in the event of flame or ignition failure;
36. "flue collar" means the portion of an appliance that is designed for the attachment of the draft hood or chimney breeching or vent connector;
37. "flue exhauster" means a device that is installed and made part of a gas vent or vent connector and that will provide an induced draft;
38. "flue gas or flue gases" means the products of combustion and excess air;
39. "gas fitter" means a person who installs, repairs, services or removes an appliance and who holds a certificate in Form 309;
40. "gas input" means the amount of gas in cubic feet per hour or in BTUH that an appliance consumes;
41. "gas vent" means a conduit or passageway, vertical, or nearly so, for conducting flue gases to the outer air and includes any offset section in the gas vent that inclines not more than 60° from the vertical, and may be,
 - i. type B gas vent, being a double-walled, factory prefabricated approved gas vent for use only with approved gas-fired appliances that have been approved for use with such vents, or
 - ii. type BW gas vent, being a double-walled, factory prefabricated approved gas vent kit for use only with approved vented wall furnaces or recessed heaters that have been approved for use with such vent kits;
42. "heat exchanger" means the fire box and any auxiliary heat transfer surfaces within the casing of an appliance;
43. "heating appliance" means an appliance intended primarily to convert gas to heat energy;
44. "industrial building" means any building used in connection with production or process work or with storage or warehousing;
45. "institutional building" means a building the occupancy or use of which or any portion thereof is by persons harboured or detained to receive medical, charitable or other care or treatment, or by persons involuntarily detained;
46. "limit control" means a device that is sensitive to changes in flow, pressure, temperature or liquid level and that shuts off or allows to be turned on the gas supply to an appliance as a result of such changes;
47. "machine room" means the part of a building that is used solely to house mechanical equipment to service the building;
48. "main burner" means a device or group of devices forming an integral unit for the final release of gas or mixtures of gas and air to the combustion zone for ignition;
49. "maintenance gas fitter" means a person who installs, repairs, services or removes gas appliances and the piping downstream from the meter to the appliances in a commercial or industrial building and holds a certificate in Form 312;
50. "manifold" means the conduit of a gas appliance downstream of the last valve in the valve train;

51. "manifold gas pressure" means the gas flow pressure downstream of the valve train, taken at right angles to the direction of flow;
52. "meter" means an instrument that measures the volume of gas delivered through it;
53. "modulating" means the infinite variance of the volume of the flow of gas or air or both between pre-determined minimum and maximum limits;
54. "negative pressure" means less than atmospheric pressure;
55. "orifice" means a machined opening in a cap, plug, spud, plate or other device through which gas is discharged and by which its flow is limited;
56. "pilot" means a small gas flame that is used to ignite the gas at the main burner or burners and may be a,
 - i. continuous pilot, being a pilot that operates at all times, whether the main burner is on or off,
 - ii. intermittent pilot, being a pilot that operates during the ignition cycle of the main burner and continues during main burner operation but is shut off at other times, or
 - iii. interrupted pilot, being a pilot that operates during the ignition cycle of the main burner but is shut off at other times;
57. "pipe fitting" means a pipe elbow, return bend, tee, union, bushing, coupling, cross, reducing coupling, a nipple and similar items;
58. "piping drop" means the vertical pipe that conducts gas down to an appliance;
59. "piping extensions or additions" means additional system piping installed to supply added appliances;
60. "piping riser" means the vertical pipe that conducts gas upwards to one or more floors;
61. "piping system" means the piping that conducts gas from the meter to each outlet, including a plugged or capped manual gas valve;
62. "primary air" means the air that is introduced into a burner and that mixes with the gas prior to ignition;
63. "psig" means pounds per square inch, gauge;
64. "purge" means to free gas piping or an appliance of air, gas or a mixture of gas and air;
65. "readily accessible" means capable of being reached quickly for operation, renewal, servicing or inspection without requiring the climbing over or removal of obstacles or the use of portable ladders;
66. "relief device" means a safety device designed to forestall the development of a dangerous condition, in the medium being heated, by relieving either pressure, temperature or vacuum build-up in the appliance;
67. "relief opening" means the opening provided in a draft hood to permit ready escape to the atmosphere of the flue gases from the draft hood or to permit inspiration of air into the draft hood;
68. "revertible-flue furnace" means a furnace in which the course of the flue gas is reversed before reaching the vent outlet;
69. "room or space heater" means a self-contained, free-standing, non-recessed, air heating appliance intended for other than central domestic heating;
70. "sealed combustion unit" means an appliance where all the air required for combustion is taken directly from outdoors and the combustion products are exhausted directly outdoors;
71. "secondary air" means the air externally supplied to the flame after ignition;
72. "service gas fitter" means a person who repairs and services appliances and the piping downstream from the meter to the appliances and holds a certificate in Form 313;
73. "Specification approved by the Minister" means a Specification the title of which is contained in the List of Specifications approved by the Minister for Use in Ontario;
74. "unit heater" means a suspended gas-fired heater, self-contained, automatically controlled and vented and equipped with a fan for circulating heated air;
75. "valve" means,
 - i. automatic input control valve, being a gas valve for controlling the gas supply to the main burner without requiring manual attention,
 - ii. automatic shut-off valve, being a valve designed to shut off the gas flow to the burner without requiring manual attention,
 - iii. automatic shut-off valve of the manual reset type, being an automatic shut-off valve that will automatically shut off the gas flow and remain closed until manually re-opened,
 - iv. fail-safe valve, being an approved, automatic, fast-closing, safety shut-off valve with positive closure against a pressure equivalent to at least 150 per cent of the valve rating in the event of failure of the operating medium or mediums,
 - v. firing test valve, being a manually operated, lubricated plug type, quarter-turn valve that has stops in the open and closed positions and that has an attached handle or loose fitting key or extended handle wrench and that is located downstream of all automatic safety shut-off valves on the valve train and as close to the burner as is practicable,
 - vi. lubricated plug type valve, being a manually-operated valve of the plug and barrel type provided with means for maintaining a lubricant between the bearing surfaces and so designed that the lapped bearing surfaces can be lubricated and the lubricant level maintained without removing the valve from service and so constructed that the lubricant can be reservoired so as to be distributed evenly over the lapped bearing surfaces of the valve when the plug is rotated,

- vii. pilot valve, being a manual valve to control the supply of gas to a pilot burner,
 - viii. pressure relief valve, being an automatic device that opens or closes a relief vent, depending on whether the pressure is above or below a predetermined setting,
 - ix. safety shut-off valve, being a valve that automatically shuts off the supply of gas through the functioning of a flame safeguard control or safety limiting device,
 - x. shut-off valve, being a valve used in the piping to fully turn on or fully shut off the gas supply to any section of a system or piping or to an appliance,
 - xi. temperature relief valve, fusible plug type, being a device that opens, and keeps open, a relief vent by the melting or softening of a fusible plug or cartridge at a predetermined temperature,
 - xii. temperature relief valve, resetting or self-closing type, being an automatic device that opens and closes a relief vent, depending on whether the temperature is above or below a predetermined level;
76. "valve train" means the combination of valves, controls and piping of an appliance through which gas is supplied to the appliance and by which the gas flow is controlled;
77. "vent connector" means a passageway constructed of metal to conduct the flue gases from the flue collar of the appliance to the chimney or gas vent;
78. "venting" means the removal of flue gases to the outer air by means of roof openings, chimneys, gas vents or mechanical exhaust systems;
79. "water heater" means an,
- i. automatic instantaneous water heater, being the type that heats the water as it is drawn, or
 - ii. automatic storage water heater, being the type that combines a water-heating element and water-storage tank in which the supply of gas to the main burner is controlled by a thermostat;
80. "W.C." means water column;
81. "zero governor" means a regulating device that is adjusted to deliver gas at atmospheric pressure within its flow rating.

APPLIANCES

USE OF APPLIANCES

2. No person shall knowingly supply gas to or use any gas appliance if,

- (a) the appliance is inspected under subsection 6 of section 7 of the Act and is found not to comply with the Act or this Regulation;
- (b) the flue gases of the appliance are unsafe;
- (c) the appliance is installed in a location where flammable vapours or explosive mixtures are present; or

(d) the appliance has been tagged as unsafe.

3.—(1) Subject to subsections 2 and 3, where a gas distributor finds that,

- (a) an appliance is used for a purpose other than that for which it is designed;
- (b) any device, attachment, alteration or deterioration might in any way impair the combustion within or safe venting of an appliance;
- (c) a non-compliance with the Act or this Regulation concerning the venting of an appliance or the supply of air for combustion exists;
- (d) the operation of an appliance raises the surface temperature of adjacent combustible material in excess of 160° Fahrenheit; or
- (e) the condition of the piping does not comply with the Act or this Regulation,

the distributor shall notify the user of the appliance that the appliance or its installation must be corrected within ten days of the receipt of the notice by the user.

(2) Where the distributor is satisfied that no hazard exists, as a result of a finding under subsection 1, he may extend the ten-day period in subsection 1 by a further ten days.

(3) Where the Chief Inspector agrees, the distributor may further extend the period in subsection 2 for such time as the Chief Inspector designates.

4. If an appliance or its installation is not corrected within the periods allowed under subsections 1, 2 or 3 of section 3, the distributor shall not supply gas to the appliance and no person shall use the appliance until the appliance or its installation is corrected.

5. At least once in each period of six years, a distributor shall cause all appliances to which he supplies gas to be inspected by a gas fitter who is an employee of the distributor.

APPROVAL OF APPLIANCES, COMPONENTS AND ACCESSORIES

6.—(1) The Canadian Gas Association is designated as an organization to test all gas appliances to specifications approved by the Minister and, where the appliances conform to the specifications, to place its label thereon.

(2) The Canadian Standards Association Testing Laboratories and the Underwriters' Laboratories of Canada are designated as organizations to test gas appliances having an input greater than 400,000 BTUH, gas appliances of any input designed primarily for commercial or industrial use except commercial cooking and water heating, gas appliances of any input designed primarily for mobile homes and appliances using gas or electricity interchangeably to perform the same functions approved by the Minister and, where the appliances conform to the specifications, place their labels thereon.

(3) The Canadian Gas Association, the Canadian Standards Association Testing Laboratories and the Underwriters' Laboratories of Canada are designated as organizations to test appliances designed to burn both gas and fuel oil, either together or separately to specifications approved by the Minister, and, where the appliances conform to the specifications, to place their labels thereon.

(4) The Canadian Gas Association, the Canadian Standards Association Testing Laboratories, the Underwriters' Laboratories of Canada and the Underwriters' Laboratories Incorporated are designated as organizations to test components and accessories and, where the components and accessories are acceptable to the organizations, to place their labels thereon.

7. Appliances, components or accessories not referred to in section 6 may be tested by the designated testing organizations referred to in section 6 which organizations shall make reports thereon to the Minister, and if the reports are accepted by the Minister, the label of the designated testing organization may be placed on the appliance, component or accessory, certifying conformance with the report and the label shall constitute approval.

8.—(1) Any person may apply to the Minister for a label in respect of any appliance that does not bear the label of an organization designated in section 6.

(2) When an application has been made under subsection 1 and,

(a) it is not feasible for an organization designated in section 6 to test the appliance, component or accessory; and

(b) an inspector tests the appliance, component or accessory and finds that the appliance, component or accessory conforms to the specifications approved by the Minister,

the Minister shall issue a label for the appliance, component or accessory.

(3) The fee for inspecting and testing an appliance, component or accessory under subsection 2 is \$10 for every hour or fraction thereof spent by an inspector.

APPLIANCE APPROVAL EXEMPTIONS

9.—(1) An appliance that has an input of greater than 50,000,000 BTUH and that has been certified to be in compliance with the Act and this Regulation by a professional engineer registered under *The Professional Engineers Act* is exempt from subsection 2 of section 7 of the Act.

(2) Where the installation is acceptable to the distributor, supplying gas to the installation, a gas light or bunsen burner that has an input not exceeding 12,000 BTUH is exempt from subsection 2 of section 7 of the Act.

(3) A manually-operated appliance, with an input not exceeding 20,000 BTUH, that is acceptable to the distributor supplying gas to the appliance and that has an operator in constant attendance, is exempt from subsection 2 of section 7 of the Act if the appliance is installed by a gas fitter or a maintenance gas fitter and is not installed in a building other than a building intended for commercial or industrial occupation.

(4) Subject to section 3, an appliance that is being used for the function for which it was designed, but that has previously been used in another location, is exempt from subsection 2 of section 7 of the Act.

BASIC REQUIREMENTS FOR FIELD APPROVED APPLIANCES

10. The requirements in this section and in sections 11 to 17 apply only to those appliances,

- (a) for which there are no approved specifications;
- (b) for which approved specifications offer alternatives;
- (c) for which approved specifications provide requirements only in part; and
- (d) not approved in accordance with section 6.

APPLIANCE REGULATORS

11.—(1) In an appliance installation, where the gas supply pressure is higher or may creep higher than the pressure for which the burner is designed to operate at, or where pressure fluctuations are such as to cause unsatisfactory operation of the burners, a gas appliance pressure regulator shall be used.

(2) Except for a zero governor used in connection with a gas-air proportioning and mixing system, such a gas pressure regulator shall maintain the gas pressure to the burner supply line within 10 per cent above or below the operating pressure from maximum to minimum firing rates.

(3) Appliance regulators shall not be of the weight and lever type but shall be of the spring-loaded, dead-weight, or pressure-balanced type and springs or weights shall be covered by a housing.

(4) Where a gas appliance pressure regulator is required, in subsection 1, the gas supply to the pilot or the group of pilots shall be regulated independently of the main burner gas supply by an approved gas pressure regulator.

(5) An appliance pressure regulator shall be bled in conformance with subsection 7 of section 58, unless it is so constructed or equipped to limit the escape of gas from the bleed opening in the event of diaphragm failure to not more than 1 cubic foot per hour of a gas having a specific gravity of 0.6 at the inlet pressure to the regulator.

(6) Subsection 5 does not apply to zero governors used in connection with gas-air proportioning and mixing systems.

(7) Where the failure of a gas-pressure regulator could produce hazardous conditions or damage to equipment, either,

- (a) a safety relief device shall be an integral part of the regulator or installed downstream from the regulator and as close to the outlet of the regulator as practicable and the safety relief device shall be set to relieve at a pressure so as to prevent hazardous conditions or damage to equipment and the discharge of the device shall be piped separately to a safe outdoor location; or
- (b) a safety control device shall be installed as close as practicable to the burner manifold and shall be set to control at a pressure so as to prevent hazardous conditions or damage to equipment.

AIR ADJUSTMENT

12.—(1) Where air shutters are provided, they shall be capable of any desired adjustment and be provided with means for preventing accidental change in setting.

(2) Air shutters shall be constructed and mounted in such a manner that no air leakage can take place around the shutter.

(3) The air shall be introduced in a manner that assures thorough mixing of the gas and air in order that complete combustion occurs within the space provided.

(4) Where an automatically operated air control is provided, it shall be so installed and protected that, in case of a failure, safe combustion shall continue or the gas shall be shut off.

(5) In the case of mechanical air supply, the gas and air supply shall be equipped with such controls that will prevent gas from entering the burner until the mechanically produced air flow to the burner is proven and, in the event of failure of an air flow to the burner, will shut off the gas supply.

(6) On installations where the firing rate is automatically changed, the air-gas ratio shall produce stable conditions at all firing rates without manual attention.

IGNITION

13.—(1) All pilot lines shall be firmly secured and connected to the main gas supply line upstream from all gas control valves and supplied with a pilot manual shut-off valve, located as close as practicable to the main supply and where the main gas supply line is horizontal, the pilot line shall be taken from the side or top of the main gas supply line.

(2) The pilot or pilots shall be adequate to assure safe and reliable ignition of the main burner.

(3) Approved flame safeguards shall be provided,

- (a) for appliances equipped for automatic operation;
- (b) for appliances equipped for semi-automatic operation; and
- (c) for appliances equipped for manual operation and not intended for continual supervision while in operation.

(4) Where an approved flame safeguard is required in subsection 3, it shall be so constructed and installed that no gas can flow to the main burner or burners unless safe ignition is assured.

(5) The trial for ignition of,

- (a) other than constant pilots shall not exceed 15 seconds; and
- (b) the main burner equipped with other than a constant pilot shall not exceed 15 seconds.

(6) The flame failure response timing of the flame safeguard device shall de-energize the gas shut-off device in the event of flame failure in,

- (a) not more than 3 minutes for inputs not in excess of 400,000 BTUH; and
- (b) not more than 5 seconds for inputs in excess of 400,000 BTUH.

(7) Electric ignition systems shall ignite only the pilot or pilots unless approved for the specific application by an inspector.

(8) The input to,

- (a) a continuous pilot shall not exceed 3 per cent of the maximum rated input to the main burner; or
- (b) a pilot, other than a continuous pilot, shall not exceed 5 per cent of the maximum rated input to the main burner.

(9) Where a continuous pilot is not used, the combustion zone and appliance flue passages shall, prior to the ignition cycle, be effectively purged so that at least four air changes are made in the combustion zone and appliance flue passages when the air flow is not less than 50 per cent of the air flow required for the maximum input of the appliance.

MANUAL VALVES

14.—(1) Pilot lines shall be independently controlled by means of a manually operated pilot shut-off valve.

(2) In multiple burner installations, a manually operated pilot firing test valve shall be provided for each pilot.

(3) Each main burner having an input in excess of 400,000 BTUH shall be equipped with a firing test valve that clearly indicates the open and closed positions and that shall be placed downstream of all automatic safety shut-off valves on the valve train.

(4) The handle of the firing test valve shall be either permanently attached or detachable and shall be parallel to the gas flow in the open position.

(5) The firing test valve for each main burner having a maximum input rating exceeding 10,000,000 BTUH shall be equipped with an electrical or pneumatic end switch that will require closing before,

- (a) initial start-up; or
- (b) start-up caused by an unscheduled shut-down caused by safety limit controls or flame or ignition failure.

(6) On inputs in excess of 50,000,000 BTUH, the firing test valve shall be equipped as required by subsection 5, but shall require closing before any start-up.

AUTOMATIC SAFETY SHUT-OFF VALVES

15.—(1) Automatic safety shut-off valves shall,

- (a) be installed downstream from the main manual shut-off valve and upstream from the firing test valve;
- (b) be of the slow-opening, fast-closing type, unless otherwise required and permitted by an inspector;
- (c) not be by-passed;
- (d) be capable in normal operation of opening only when activated by an energizing medium and shall be constructed so that they cannot be manually opened or readily blocked in the open position; and
- (e) be of the manual reset type for manually lighted burners and for any burner with an input in excess of 50,000,000 BTUH.

(2) An appliance certified to specifications CSA-B 203.1-T or CSA-B 203.2-T may be equipped with a single automatic safety shut-off valve if the valve is of the fail-safe type.

(3) An appliance, other than that referred to in subsection 2, with an input in excess of 400,000 BTUH but not in excess of 10,000,000 BTUH shall be equipped with two automatic safety shut-off valves, piped in series and wired in parallel, of which one valve may be of the fast-opening type.

(4) An appliance, other than that referred to in subsection 2, with an input in excess of 10,000,000 BTUH shall be equipped with two automatic safety shut-off valves of the fail-safe type, piped in series and wired in parallel, of which one valve may be of the fast-opening type.

16. An automatic input flow ratio valve control shall be,

- (a) used on any appliance where a low-fire start is required for smooth and reliable ignition of the main flame; and

- (b) installed downstream of the automatic safety shut-off valve.

GENERAL

17.—(1) Where explosion relief doors or panels are used,

- (a) they shall be so located that, in the performance of their designed function, no potential hazard exists with regard to persons, gas lines, controls or firing equipment;
- (b) firing equipment, controls or gas lines shall not be a part of nor attached to them; and
- (c) they shall be so designed that, in the performance of their designed function, they shall remain attached to the fired equipment.

(2) Flexible metal hose connectors of approved construction may be used to connect main burner valve trains to burner manifolds and to connect pilot valve trains to pilot manifolds in order to offset vibration, expansion or contraction but shall not be used to offset torque.

(3) Where the designed outlet pressure of an appliance gas pressure regulator is in excess of $\frac{1}{2}$ psig, a low gas pressure safety control device shall be installed as close as practicable to the outlet of the appliance regulator to shut off the gas in the event of low pressure.

(4) Where continuity of service is important, valved by-passes may be placed around gas pressure regulators and automatic valves with the written permission of the Chief Inspector.

(5) Every appliance shall be provided with means for observation of the main and pilot flames.

(6) Valves and other control devices shall not be subjected to a pressure greater than that for which they are rated for constant service.

(7) Test points shall be provided for in valve trains downstream of automatic safety shut-off valves for the purpose of testing the valves for leaks.

(8) Approved automatic devices shall shut down the burners in the event of,

- (a) undue pressure or low water in any steam boiler;
- (b) overheating in any hot water boiler; or
- (c) low water in a hot water boiler with an input in excess of 250,000 BTUH.

(9) All automatically controlled space heating furnaces shall be equipped with an approved high-temperature limit control, the maximum setting of which shall be 350° Fahrenheit for a gravity furnace and 250° Fahrenheit for a forced-air furnace.

PART 2

INSTALLATION REQUIREMENTS FOR GAS APPLIANCES

GENERAL

18.—(1) Subject to section 9, all gas appliances shall be approved and shall be used for the purpose for which they were approved.

(2) All materials, controls, valves, accessories and components shall be of a type and rating approved for the specific purpose for which they are to be used.

(3) All work shall be done with careful attention to not only the mechanical execution of the work, but also to the arrangement of the installation and to the sequence of operation.

(4) All adjusting, purging, servicing and testing of appliances and of piping systems shall be done by a certified gas fitter.

(5) Gas appliances shall not be installed in any location where flammable vapours, flammable gases or combustible dust atmospheres are likely to be present, unless approved for such installations.

(6) In checking for gas leaks,

- (a) matches, candles, flame or other sources of ignition shall not be used;
- (b) artificial illumination shall be restricted to battery-operated hand flash lights or to approved explosion-proof equipment; and
- (c) electric switches in or adjacent to the area of leakage shall not be operated.

(7) Smoking shall not be permitted when work is being done on piping that contains or has contained gas.

(8) The Chief Inspector may, where he deems it necessary, exempt in writing any person or appliance from the provisions of this Regulation for such period of time as he deems necessary.

(9) Where an appliance is to be installed in a building to be frequented by the public, the Chief Inspector may require the submission of installation drawings for his approval and where he so requires this approval shall be obtained in writing prior to commencement of the installation.

PIPING DOWNSTREAM OF THE METER

19. Required gas piping size shall be such that,

- (a) for pressures at the meter outlet not in excess of $\frac{1}{2}$ psig the pressure drop in the piping between the meter outlet and any appliance valve train outlet shall not exceed 0.5 inches water column as shown in the following Table:

NOTES

- 1. Valves for welded fittings assume no appreciable spatter or obstruction.
- 2. Flanged fittings have .75 resistance as for screwed fittings.
- 3. To valves for smooth bends, add actual length of the bend.
- 4. R/d is the ratio of the bend radius to the pipe diameter.

MINIMUM PIPE SIZES

22.—(1) The size of the pipe from the meter to the piping drop or piping riser of any central heating appliance, unit heater, or similar heating appliance of input in excess of 75,000 BTUH shall be not less than 1 inch iron pipe size and the piping drop or piping riser shall be not less than $\frac{3}{4}$ inch iron pipe size.

(2) No supply piping of less than $\frac{1}{2}$ inch iron pipe size shall be used indoors except that $\frac{3}{8}$ inch piping may be used as a branch line not exceeding 25 feet in length and not exceeding a supply of 15,000 BTUH.

(3) No piping of less than $\frac{1}{2}$ inch iron pipe size shall be used in any concealed location.

(4) No underground piping smaller than $\frac{3}{4}$ inch iron pipe size shall be used except as provided for in clause *a* of subsection 1 of section 27.

23. The volume of gas to be provided for, in cubic feet per hour, shall be determined directly from the input ratings of the appliances and when the input rating is not indicated, the ratings shall be obtained from the gas supplier or the appliance supplier.

24. The total connected hourly load, with allowance for probable future extensions, shall be used as the basis for pipe sizing, except that, in special cases, where there is a diversity of load, smaller sized piping may be used as provided for in section 26.

25. Gas pressures downstream from the distributor's meter or service regulator shall not exceed those shown in the following Table and these pressures may be exceeded only with the written permission of the Chief Inspector.

TABLE

Type of Building	Maximum Pressure, psig	
	Other than Central Machine Room	Central Machine Room

*60 psig is permissible in machine rooms on top of commercial buildings.

26. In pipe sizing, the maximum pressure drops prescribed in section 19 shall not be exceeded except where engineering design acceptable to the gas distributor assures an adequate supply of gas to each appliance served at its designed pressure and rating and probable future extensions.

ACCEPTABLE MATERIALS

27.—(1) Subject to subsections 2 and 3, gas-piping,

(a) shall be new; or

(b) shall be used-gas piping, in which case it,

(i) shall not have been used for any other purpose, and

(ii) before re-use, the pipe and fittings shall be thoroughly cleaned and free from deterioration,

and shall comply with CSA Standard B62-1949, Welded Genuine Wrought Iron Pipe or CSA Standard B63-1949 Welded and Seamless Steel Pipe.

(2) General purpose Type K or Type L copper tubing having a minimum wall-thickness of 0.032 inch may be used to serve appliances located outdoors if the tubing is installed underground and if either $\frac{3}{8}$ or $\frac{1}{2}$ inch iron pipe size rigid piping is used to connect the tubing to the source of supply.

(3) With the written approval of the Chief Inspector, gas may be supplied through piping other than ferrous or copper.

(4) When used with wrought iron or steel pipe, all pipe fittings shall be malleable iron, annealed ductile iron or steel.

(5) Gasket material shall be either leather or synthetic rubber compound or other equivalent inert material and in no instance shall a natural rubber compound be used as gasket material.

(6) Gas piping and fittings shall be clear and free from cutting burrs and defects in structure or threading, and shall be thoroughly brushed and the scale blown out.

(7) Defects in pipe or fittings shall not be repaired and when defective pipe or fittings are found in a system, the defective pipe or fittings shall be replaced.

(8) Piping and fittings shall be coated or wrapped with an approved corrosion resistant material when in contact with material exerting a corrosive action.

(9) Strainers, regulators, meters, compressors, pumps, site-flow indicators, or any such accessory items are not pipe fittings.

(10) Lubricants used in valves and controls shall be of a type approved for gas service and capable of withstanding the service conditions to which the lubricants are subjected.

PIPE CONNECTIONS

28.—(1) The ends of all gas piping shall be reamed.

(2) Pipe joints shall be either threaded, flanged, welded, brazed, or made with approved steel compression fittings or couplings.

(3) Material used to join any gas-handling parts and lines shall have a melting point in excess of 1000°F.

(4) Jointing compounds, commonly termed pipe dope, shall be of approved types and applied only to the male threads of the joints.

(5) All runs of pipe 2½ inches iron pipe size and above diameter that contain three or more joints shall have joints welded except that the Chief Inspector may authorize the distributor to permit the use of threaded pipe and fittings when welding is not practicable.

(6) Job-fabricated fittings are not permitted in domestic buildings for any purpose and subject to subsection 3 of section 29 shall not otherwise be used.

(7) Subject to subsection 3 of section 29, pre-fabricated welded fittings shall be used in pipe runs of pipe size 2½ inches iron pipe size and above.

(8) When installing piping that is to be concealed, unions, bushings and swing joints made by combinations of fittings shall not be used.

(9) Right and left hand threaded fittings shall not be used.

(10) Underground piping shall not be installed with threaded fittings.

(11) All welding shall be done in accordance with the welding procedures prescribed in Ontario Regulation 334/64.

(12) Pipe and fitting threads shall comply with the following Table and with Standard Pipe Threads published as B2.1-1960 by The American Standards Association and running threads shall not be used.

BRANCH OUTLET PIPES

29.—(1) Subject to subsection 2, all branch outlet pipes shall be taken from the top or sides of horizontal lines and not from the bottom and where a branch outlet is placed on a main supply line before it is known what size of pipe that will be connected to it, the outlet shall be of the same size as the line that supplies it.

(2) Branch outlet pipes may be taken from the bottom when a drip pocket is provided on the piping drop.

(3) Welded job-fabricated fittings for branch connections may be connected to header or supply piping of 2½ inches iron pipe size or greater and branch connection piping diameter shall not exceed 50 per cent of the header or supply pipe diameter size.

(4) All welding shall be done in accordance with the welding procedures prescribed in Ontario Regulation 334/64.

PIPING PRACTICES

30.—(1) Piping shall be run as directly as practicable and provisions shall be made for expansion, contraction, jarring, vibration and settling.

(2) In the installation of gas piping, no girder, beam, joist or other member of a building shall be cut in such a manner as to reduce strength of the girder, beam, joist or other member of the building below that required for the purpose for which it was intended.

(3) Where condensation may occur, all piping shall be graded to a drip pocket.

(4) Gas piping shall not be supported by any other piping but shall be installed with supports that shall not be spaced at greater distances than those shown in the following Table, and shall be of a sufficient strength and quality to support the piping.

TABLE

Iron Pipe Size Inches	Spacing of Supports (feet)
$\frac{1}{2}$	6
$\frac{3}{4}$ —1	8
$1\frac{1}{4}$ — $2\frac{1}{2}$	10
3—4	15
5—8	20
Over 8	25
$1\frac{1}{4}$ or larger	Also Every Floor Level On Vertical Runs

(5) Where condensation may occur, gas piping shall be protected against freezing temperatures and when piping must be exposed to wide ranges or sudden changes in temperature, provision shall be made to prevent stoppages by condensation.

(6) Drip pockets and dust pockets shall be provided at any point in the line of pipe where condensation may collect.

(7) A dust pocket shall be provided at the bottom of any drop and riser pipes serving gas equipment.

(8) All drip pockets and dust pockets shall be installed only in such locations that are readily accessible to permit cleaning or emptying.

(9) A drip pocket shall not be located where the condensate is likely to freeze.

(10) The size of any drip pocket or dust pocket shall be determined by the capacity and exposure of the piping that it serves and shall not be of a smaller diameter or length than the diameter of the piping that it serves.

(11) The bottom of a drop or riser pipe shall be fitted with a Tee, using the side opening for connection to gas equipment and the bottom opening for connection to the dust pocket.

(12) All drip pockets and dust pockets up to 2 inch iron pipe size shall be capped.

(13) Where condensation may occur, drip pockets of $2\frac{1}{2}$ inch iron pipe size and larger shall be fitted with a lubricated plug valve that shall not be smaller than 1 inch iron pipe size and may be attached to the drip pocket by a transition piece and a secondary nipple of the same diameter and length as the valve size shall be capped and secured to the lower opening of the valve.

(14) Each outlet shall have a shut-off valve and shall be securely closed and gas-tight with a cap and nipple or threaded iron plug during any period the appliance is not connected to the outlet.

(15) The unthreaded portion of piping outlets shall extend at least 1 inch through finished ceilings and walls, and at least 2 inches through floors.

(16) Outlets shall not be placed behind doors.

(17) Outlets shall be placed as close as practicable to the appliance to be served.

(18) Gas piping extending from one building to another shall be connected through a manual gas valve at the meter and a manual gas valve shall be provided at the point of entry to the building being served.

(19) Piping installed in solid floors, such as concrete, shall be laid in channels in the floor, covered in a manner to permit access to the piping with a minimum of damage to the building, or alternatively shall be encased in ducts having free air space not less than $\frac{1}{2}$ inch around the gas pipe and such ducts shall be ventilated.

(20) Piping installed in contact with earth or other material that may corrode the piping shall be protected against corrosion.

UNDERGROUND PIPING

31. Underground piping shall,

- (a) be subject to subsection 4 of section 22, subsection 2 of section 27 and subsection 10 of section 28;
- (b) be tested by the installer and inspected by the gas distributor before being covered;
- (c) be laid not less than 15 inches underground or below frost line if wet gas is supplied, free from sags and properly graded except that pipe and tubing to outside appliances may be not less than 8 inches underground;
- (d) where, laid in contact with the earth and where required by local conditions be wrapped or coated with an asphaltic coating or equivalent;
- (e) not pass below foundations, walls, or under buildings or into unfrequented spaces below buildings except by written permission of the Chief Inspector;
- (f) on entering buildings without basements or buildings with inaccessible spaces under the buildings, rise above grade before entry except by written permission of the Chief Inspector;
- (g) at points where passing through outside walls below ground level be provided with means to ensure water tightness;
- (h) where laid to a building under a covering of pavement and the entry is made above ground level, have a sleeve inserted in the pavement, where the gas pipe comes through the pavement, to permit free movement of the soil and covering without placing strain on the gas pipe; and
- (i) have an inspection test point installed adjacent to buildings where the entire line is covered with paving or where paving extends 25 feet or more from the building, unless other provisions have been made for venting the area surrounding the gas pipe.

MANUAL GAS SHUT-OFF VALVES

32. Manual gas shut-off valves shall,

- (a) be of the plug or ball type approved for the application;
- (b) not be subjected to pressures greater than their approved rating;
- (c) where controlling several piping systems be placed at an adequate distance from each other so that they will be easily accessible for operation and shall be installed so as to be protected from physical damage and shall be plainly marked with an enamelled metal, substantial fibre or other permanent tag by the installer so that the piping system they control can be readily identified;

- (d) where spring loaded, be installed in such a manner as to prevent its plug being accidentally lifted off its seat;
- (e) not be replaced by quick-disconnect couplings; and
- (f) be installed in the drop line in an accessible location to each appliance and shall be of the plug or ball type except that plug valves over 1 inch iron pipe size or subjected to pressures greater than ½ psig should be of the lubricated plug type.

33.—(1) Provision shall be made for shutting off the gas supply to an appliance or appliances with a total input in excess of 400,000 BTUH by placing a shut-off valve or equivalent outside the boiler room or confined area occupied by the appliance or appliances and the shut-off valve shall be readily accessible and identified as such.

(2) A valve forming part of the distributor's installation is acceptable if it is accessible and identified as such and is located adjacent to the boiler room or confined area and is readily accessible where possible.

(3) Every such emergency shut-off valve shall be readily identified and its handle or appropriate wrench shall be readily accessible and maintained in the vicinity of the valve and the handle or wrench shall be identified.

PROHIBITED PRACTICES

34.—(1) Bends in piping are prohibited except where authorized by the Chief Inspector.

(2) Except in the case of extra low voltage control, ignition circuits, or electronic flame detection device circuits incorporated as part of an appliance, gas piping shall not be used for an electrical ground, nor shall electric circuits utilize gas piping in lieu of wiring.

(3) Gas piping shall not be installed in chimneys, flues, elevator shafts, dumbwaiters, coal chutes, clothes chutes, or in heating or ventilating ducts and shafts, or in contact with cinders or ashes.

(4) Gas piping in use shall not be run on the ground unless protected from corrosion and mechanical damage.

(5) Gas piping shall not be concealed in any location where corrosive chemicals are used.

(6) Gas piping shall not be run in inaccessible or concealed spaces where it cannot be inspected and tested for leaks in its final position prior to being concealed, or where undetected leakage might cause an accumulation of gas.

(7) A gas piping chase shall have an escape opening at the top.

(8) Except in the case of filter screens or filters where supplied with appliances or in the case of an orifice fitting in a valve train to control maximum flow to the burner, no device shall be placed inside the gas piping or fittings that will reduce the cross-sectional area, or otherwise obstruct the free flow of gas.

(9) Bushings shall not be used to reduce piping size.

(10) Right and left hand threaded fittings are prohibited.

TESTING GAS PIPING

35.—(1) All gas piping shall be tested after assembly either before appliances are connected or after appliances are connected in accordance with at least one of the following methods:

1. Before appliances are connected gas-piping systems shall be tested with a pressure in accordance with the following Table and pressure shall be measured with a mercury manometer or slope gauge, or an equivalent device calibrated in increments not greater than one-tenth of one pound and the source of pressure shall be isolated, before the pressure tests are made.

TABLE

TESTING PRESSURE AND DURATION

Working Pressure P.S.I.G.	Test Pressure P.S.I.G.	Duration
0 to less than ½	3	10 minutes
½ " " " 5	15	12 hours
5 " " " 33	50	24 hours
33 and over	1½ Times	24 hours

2. After appliances are connected, gas piping systems shall be tested by checking for leakage,

(a) using the gas meter and after the meter has been tested, testing for leakage shall be done by marking the glass opposite the indicator on the meter test dial and by observing for movement, if any, of the indicator for a period of not less than ten minutes and a satisfactory test is one where no movement is observed;

(b) where a gas meter is not used by connecting to the gas piping system a manometer or equivalent device so calibrated as to be read in increments not greater than 0.1 inch of water column and this system shall retain a test pressure at least equivalent to the operating pressure for a period of not less than ten minutes and the source of pressure shall be isolated before the pressure tests are made.

(2) Before turning on gas, a check shall be made to ensure that all openings are closed from which gas can escape.

(3) When the gas is turned into the piping, all joints that are not required by subsection 1 to be pressure tested shall be tested with a liquid soap solution or equal.

(4) Oxygen or liquids shall not be used to pressure test gas lines for leakage.

(5) Immediately after turning gas into the gas piping for operational purposes, the system shall be re-checked, with all appliances turned off, to ascertain that no gas is escaping by carefully watching the test dial of the meter for a period of not less than ten minutes and a satisfactory test is where no movement is observed.

PURGING OF GAS LINES

36.—(1) Subject to subsections 2 and 3, after the piping system has been pressure-tested and leak-tested, the piping system shall be purged by a certified gas-fitter,

(a) by means of a hose or temporary pipe-line to the outside of the building, in which case there shall be a man in attendance at each end of the purging line, and the purging line shall terminate not closer than 10 feet to any building or air intake; or

(b) by means of an approved purge burner,

except that the piping supplying an appliance with an open top range burner of inputs under 400,000 BTUH may be purged at the open top burner and the purged gas shall be burned at the burner by means of a lighted taper.

(2) Where piping of 4 inch iron pipe size or larger cannot be safely purged in accordance with subsection 1, the pipe shall be purged with carbon dioxide, nitrogen or a mixture of the two.

(3) The piping supplying a domestic appliance having a combustion chamber shall be purged by a certified gas-fitter at the outlet of the pilot valve, after the pilot piping has been disconnected.

(4) Each branch supply line shall be purged as close as is practicable to the end farthest from the point of entry of the gas.

(5) Where purging is being done,

(a) smoking shall not be permitted; and

(b) maximum precautions shall be taken with all sources of ignition and with all potential sources of ignition.

GAS SUPPLY PIPING IDENTIFICATION

37.—(1) Gas supply piping in institutional and industrial buildings shall be painted with at least one coat of high visibility yellow-orange paint and shall be marked to clearly identify the type of gas in the pipe and, subject to subsection 2, such identification shall be,

(a) applied at intervals on straight pipe runs close to all valves and fittings;

(b) adjacent to all changes of direction; and

(c) where the piping passes through walls and floors.

(2) As an alternative method of identification to that required in subsection 1, tags or wall signs may be used to identify small pipe.

Ventilating and Combustion Air

General

38.—(1) The provisions of sections 39 to 44 shall apply to appliances that are installed in buildings and that require air for combustion, ventilation and, where required, draft hood or barometric dilution and the air may come from within the building by natural infiltration or, where infiltration is inadequate, through supplementary air openings from the outside.

(2) The provisions of sections 39 to 44 shall not apply to,

(a) sealed combustion system appliances that are constructed, approved and installed so that all air for combustion is derived from outside and all flue gases are discharged to the outside;

(b) enclosed appliances that incorporate an integral total enclosure and use only outside air for combustion and necessary draft hood or barometric dilution; and

(c) boiler, furnace or appliance rooms where a make-up air heater supplies adequate air and the boiler or furnace or appliance is interlocked with the make-up air heater.

39.—(1) Appliances shall be so installed in a location where facilities for ventilation permit satisfactory combustion of gas, proper venting and maintenance of ambient temperature at safe limits that,

(a) appliances shall be located in such a manner as not to interfere with proper circulation of air within the appliance-containing space;

(b) when buildings are so tightly sealed that infiltration does not meet the air requirements, outside air shall be introduced;

(c) ducts used to convey make-up air from the outdoors shall be of the same cross-sectional area as the free area of the opening to which they connect and the minimum dimension of rectangular ducts shall not be less than 3 inches; and

(d) where ducts are used, the inlet air duct shall terminate in a location where freeze-up possibility of steam or water pipes, electrical or mechanical equipment is reduced to a minimum.

(2) Where an appliance or number of appliances with total input not greater than 400,000 BTUH are installed in a single enclosure, air requirements shall be calculated in accordance with sections 40 and 41.

(3) Where an appliance or number of appliances with total input greater than 400,000 BTUH are installed in a single enclosure, or the appliance or appliances have sealed mechanical venting systems with no draft hoods or barometrics within the enclosure, air requirements may be calculated in accordance with section 42.

40.—(1) For appliances with inputs not in excess of 400,000 BTUH and located in unconfined spaces in buildings of conventional frame, brick or stone construction, infiltration normally is adequate to provide air for combustion, ventilation and draft hood or barometric dilution.

(2) If the unconfined space referred to in subsection 1 is within a building having insufficient infiltration, the air for combustion, ventilation and draft hood or barometric dilution shall be obtained from outdoors or from spaces freely communicating with the outdoors and a permanent opening or openings, having a total free area of not less than one square inch per 5,000 BTUH of total input ratings of all appliances shall be provided and the minimum dimension of a rectangular opening shall be not less than 3 inches.

41. For appliances with inputs not in excess of 400,000 BTUH and located in confined spaces where,

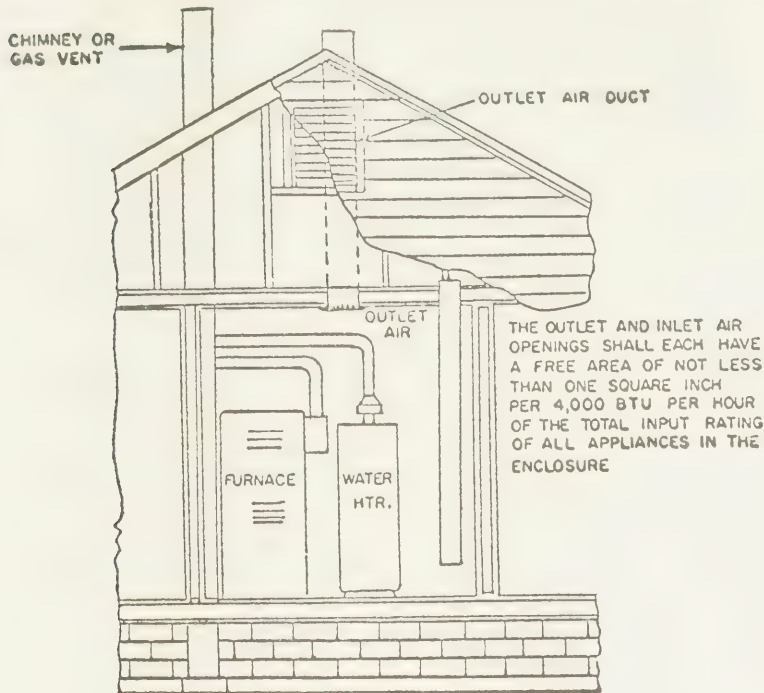

(a) all the air is from inside the building, the confined space shall be provided with two permanent openings, the lower of which shall be located not more than 6 inches above the floor level and the other shall be located as near the ceiling as is practical but not lower than the level of the draft hood or barometric opening and each opening shall have a free area of not less than one square inch per 1,000 BTUH of the total input ratings of all appliances in the enclosure and shall freely communicate with interior areas having in turn adequate infiltration from the outside as shown in the following Figure:

FIGURE
APPLIANCES LOCATED IN CONFINED SPACES
ALL AIR FROM INSIDE THE BUILDING

- (b) all the air is from outdoors the confined space shall be provided with two permanent openings, the lower of which shall be located not more than 18 inches above floor level and the other shall be located as near the ceiling as is practical but not lower than the level of the draft hood or barometric opening and the openings shall communicate directly, or by means of ducts, with outdoors, and,
 - (i) when directly communicating with outdoors or by means of vertical ducts, each opening shall have a free area of not less than one square inch per 4,000 BTUH of total input rating of all appliances in the enclosure as shown in the following Figure, and

FIGURE
APPLIANCES LOCATED IN CONFINED SPACES
ALL AIR FROM OUTDOORS

- (ii) when horizontal ducts are used, each opening shall have a free area of not less than one square inch per 2,000 BTUH of total input of all appliances in the enclosure as shown in the following Figure:

FIGURE
APPLIANCES LOCATED IN CONFINED SPACES
ALL AIR FROM OUTDOORS

**If the appliance room is located against an outside wall and the air openings communicate directly with the outdoors, each opening shall have a free area of not less than one square inch per 4,000 Btu per hour of the total input rating of all appliances in the enclosure.*

Total Inputs in Excess of 400,000 BTUH

42.—(1) Ventilation of the space occupied by gas-burning equipment with total inputs in excess of 400,000 BTUH shall be provided with an opening at the highest practicable point communicating with outdoors and the cross-sectional area of the opening shall be equal to 10 per cent of the area of the openings required in subsections 3 and 4 for combustion air, but in no case shall the cross-sectional area be less than 10 square inches.

(2) In no case shall a pressure in the space occupied by the gas appliance or gas appliances at burner elevation be less than,

- (a) atmosphere in the case of atmospheric natural draft burners; or
- (b) minus 0.05 inches of water column in the case of mechanical draft burners with sealed venting systems.

(3) Where combustion air is provided for atmospheric burners by natural ventilation from the outside air, there shall be a permanent air supply inlet or inlets having a total cross-sectional free area not less than 100 square inches plus 1 square inch for every 14,000 BTUH in excess of 400,000 BTUH.

(4) Where combustion air is provided for mechanical draft burners with sealed venting systems and no barometric damper or draft hood is installed in the same room, the size of combustion air opening or openings shall have a total cross-sectional free area not less than 1 square inch for every 30,000 BTUH.

(5) In calculating free areas in subsections 3 and 4, the blocking effect of louvres, grilles or screens protecting openings shall not be considered free area and screens where used shall have a mesh not smaller than 1/4 inch.

43. Where an appliance is installed in a location where the operation of exhaust fans, clothes dryers, fireplaces or equivalent may create conditions of unsatisfactory combustion or venting, special provisions shall be made subject to the approval of the Chief Inspector.

44. The size of combustion air openings specified in section 42 may be waived where special engineering, approved by the Chief Inspector, assures an adequate supply of air for combustion, ventilation and draft hood or barometric dilution.

VENTING OF APPLIANCES

General

45.—(1) The installer shall be responsible for the proper and adequate venting of appliances.

(2) Venting systems shall be designed, constructed and utilized to develop a positive flow adequate to remove all flue gases to the outside atmosphere and,

- (a) basic components of a natural draft venting system for a single appliance are shown in the following Figure:

FIGURE
BASIC COMPONENTS OF NATURAL DRAFT VENTING SYSTEM
FOR SINGLE APPLIANCES

- (b) basic components of a natural draft venting system for multiple appliances connected to a single vent or a chimney are shown in the following Figure:

FIGURE

BASIC COMPONENTS OF A MULTIPLE APPLIANCE VENTING SYSTEM

(3) Every appliance shall be connected to an effective B or BW vent or chimney except,

- (a) radiant heaters installed in masonry fireplaces with approved permanent openings that provide venting;
- (b) any domestic appliance that is approved for use without a vent;
- (c) any domestic appliance installed in a building where adequate ventilation, approved by the Chief Inspector, is provided by exhaust fans, natural draft ventilators or by other effective means;
- (d) any appliance that has a sealed combustion chamber and that is so constructed and installed that all air for combustion is derived from outside the space being heated and all flue gases are discharged to the outside atmosphere above ground level;
- (e) commercial and industrial appliances, when located in a large and adequately ventilated space, may, subject to the approval of the Chief Inspector, discharge the flue gases directly into the space if the maximum total input to all the appliances in the space does not exceed 30 BTUH for each cubic foot of space in which the appliances are located;
- (f) subject to subsection 3 of section 67, carbon dioxide generators; and
- (g) as provided in section 53.

(4) Hoods or canopies may be used in place of direct vent or chimney connections and the design of these venting systems shall be approved.

(5) Chimneys shall be used for venting the following types of appliances:

1. Incinerators, except where they are installed in locations such as open sheds, breezeways or carports and if metal pipe not less than No. 20 manufacturers' standard gauge galvanized sheet steel or equivalent is used to vent the incinerator and the metal pipe is exposed and

readily accessible for examination for its full length and the clearances called for in the Table to subsections 3 and 5 of section 46 are maintained and where discharge temperatures may exceed 1000°F, factory-built chimneys shall not be used unless approved for the application.

2. Appliances that may be converted to the use of solid or liquid fuels.
3. Combination gas-oil burning appliances.
4. Appliances approved for use with chimneys only.

(6) Type B gas vents shall be used only with approved gas appliances equipped with draft hoods and approved for use with Type B gas vents.

(7) Type BW gas vents shall be supplied and installed only as a complete venting system, or kit and shall be used only with vented recessed heaters.

(8) Types B and BW gas vents shall be tested by a designated testing organization for conformance with the ULC Standard for 441-1963, "Gas Vents" and shall bear the marking of the designated testing organization.

(9) Factory-built chimneys used for venting gas appliances shall be tested by a designated testing organization for conformance with the ULC Standard 103-1963 "Test Requirements for Factory Built Chimneys" and bear the marking of the designated testing organization.

(10) No device or attachment shall be installed that may in any way impair the combustion or the safe venting of the flue gases.

VENT CONNECTORS

46.—(1) The materials used in vent connectors shall be,

- (a) non-combustible, corrosive resistant and capable of withstanding the flue gas temperatures involved and shall have sufficient strength to withstand physical damage likely to occur under the conditions of use;

- (b) in the case of single wall vent connectors used for appliances having draft hoods not lighter than No. 26 manufacturers' gauge of galvanized steel or 0.022 inch wall thickness aluminum, except that Type B vent material may be used between the draft hood and the vent or chimney; or
 - (c) in the case of vent connectors used for appliances without draft hoods and vent connectors for incinerators constructed of materials having resistance to corrosion and heat and not less than No. 24 manufacturers' standard gauge galvanized steel.
- (2) A connector shall be sized so that,
- (a) for an appliance approved with a draft hood that is not integral with the appliance, the connector between the appliance flue collar and the draft hood shall be of a size in conformance with the certification of the appliance;

- (b) for a conversion burner approved for use with a draft hood, the connector between the flue collar of the fired appliance and the draft hood shall have a diameter not smaller than the diameters of the vent connectors shown in the Table to clause d and if the diameter is less than that of the flue collar of the fired appliance, the reduction shall be made at the flue collar;
- (c) for a single appliance equipped with a draft hood and connected to a Type B vent that has been sized for that appliance, the diameter of the vent connector shall not be smaller than that of the Type B vent to which it connects;
- (d) for a single appliance equipped with a draft hood and connected to a chimney, the diameter of the vent connector shall not be smaller than that shown in the following Table:

- (e) subject to section 53, for a single appliance having more than one draft hood outlet, and in the absence of the appliance manufacturer's approved instructions, the vent connector shall equal the combined area of the draft hood outlets for which it acts as a common connector to the vent or chimney;
- (f) subject to section 53, for multiple appliances equipped with draft hoods served by a vent connector, the vent connector and all junction

fittings shall be of a size adequate for the combined volume of the flue gases;

- (g) for multiple appliances equipped with draft hoods and individually connected to a single Type B vent, the size of the individual Type B material vent connector shall not be less than that shown in the following Table as described in the Figure to clause a of subsection 2 of section 45.

NOTES:

Scale 1,
Appliances located in utility room of single storey building.

Scale 2,
Appliances located in basement of single storey building or basement and/or utility room on first floor of two or more storied building.

“E” indicates vertical rise curves for draft hoods with horizontal outlets and no additional rise, or vertical outlets with a 90 degree elbow and no additional rise.

(i) subject to section 53, for an appliance not equipped with a draft hood, and in the absence of the appliance manufacturer's approved instructions, the vent connector shall be not less than the size of the appliance flue collar and where there is more than one flue outlet from the appliance, the area of the connector shall equal the combined areas of the outlets; and

(j) subject to section 53, for multiple appliances not equipped with a draft hood, served by a common vent connector, the size of the connector and all junction fittings shall be of a size adequate for the combined volume of the flue gases.

(3) Minimum clearances of vent connectors to combustible material shall be in accordance with the following Table:

TABLE
VENT CONNECTOR CLEARANCES FOR
GAS APPLIANCES

Appliance	Minimum Distance from Combustible Material	
	Type "B" Vent Connectors Inches	Other than Type "B" Vent Connectors Inches
Boiler	1a	6
Warm Air Furnace	1a	6
Water Heater	1a	6
Room Heater	1a	6
Floor Furnace	3b	9
Incinerator	Not permitted	18
Conversion Burner (with draft hood)	6	9

a Except as otherwise approved.
b 3 inches for a distance of not less than 3 feet from the outlet of the draft hood. Beyond 3 feet the minimum clearance is 1 inch.

(4) Vent connectors of Type B gas vent material shall be securely assembled, using the method shown in the manufacturers' approved instructions.

(5) The clearances from vent connectors to combustible materials may be reduced from that required in subsection 3, where the combustible material is protected as specified in the following Table:

TABLE
CLEARANCES WITH SPECIFIED FORMS OF PROTECTION

Type of Protection	Where the Required Clearance With No Protection is:		
	6 Inches Clearance Reduced to: inches	9 Inches Clearance Reduced to: inches	18 Inches Clearance Reduced to: inches
¼ inch asbestos millboard spaced out 1 inch with non-combustible spacers	3	6	12
28-gauge sheet metal on ¼ inch asbestos millboard.....	2	4	12
28-gauge sheet metal spaced out 1 inch with non-combustible spacers	2	4	9

(6) A single-wall vent connector shall not pass through a ceiling or a floor.

(7) Subject to clause a of subsection 1 of section 49, a vent connector of Type B gas vent material where passing through combustible construction shall be installed so that the clearances in the Table to subsection 3 are maintained.

(8) A vent connector of other than Type B gas vent material shall not pass through any combustible construction unless the construction is guarded at the point of passage by ventilated metal thimbles not smaller than:

1. Subject to paragraphs 2 and 3 for appliances, the thimble shall be 4 inches larger in diameter than the vent connector unless there is a run of not less than 6 feet of vent connector in the open between the draft hood and the thimble, in which case the thimble may be 2 inches larger in diameter than the vent connector.

2. For floor furnaces, the thimble shall be 6 inches larger in diameter than the vent connector.

3. For incinerators, the thimble shall be 12 inches larger in diameter than the vent connector.

INSTALLATION PRACTICES

47.—(1) The vent connector shall be installed so as to avoid excessive turns or other construction features that create unnecessary resistance to flow of flue gases.

(2) Vent connector sections shall be firmly attached to appliance flue collars, barometrics and draft hoods, where used, and to each other by sheet metal screws or equivalent means but sheet metal screws shall not be used in exhaust ducts from clothes dryers.

- (3) Vent connectors shall be installed without dips or sags.
- (4) The horizontal run of the vent connector shall be as short as possible and the appliance shall be located as near the gas vent or chimney as practicable.
- (5) Vent connectors shall be securely supported by non-combustible hangers suitable for the weight and design of the materials employed.
- (6) Where the vent connector used for an appliance having a draft hood must be located in, or passed through, a crawl space or other area that may be cold, the entire vent connector shall be of Type B material.
- (7) Subject to clause g of subsection 1 of section 49, where a vent connector vents an appliance to a Type B vent, the connection of the vent connector to the Type B vent shall be an elbow or tee fitting of Type B vent material and construction.
- (8) Where a vent connector vents an appliance to a chimney using Type B material as a liner, the connection of the vent connector to the Type B vent liner may be of single-wall construction.
- (9) The entry of a vent connector into a chimney shall be sufficiently above the bottom to avoid stoppage and means shall be employed that will prevent the vent connector from entering so far as to unduly restrict the space between its end and the opposite wall of the chimney and a thimble shall be used to facilitate removal of the vent connector for cleaning and where a vent connector enters a lined masonry chimney, an adequate seal shall be provided to prevent flue gases from entering the space between the chimney and the chimney liner.
- (10) A vent connector shall not be connected to a chimney flue serving a fireplace unless the fireplace opening is permanently sealed.
- (11) Manually operated dampers shall not be placed in any vent connector except with written permission of the Chief Inspector.

(12) Where a fixed damper, baffle or neutral pressure point adjustor is used to limit chimney draft, it shall not be adjustable and shall be provided with a safe minimum opening.

DRAFT CONTROL FOR VENT CONNECTED APPLIANCES

- 48.—(1) A draft control,
- (a) where it is a part of the appliance or is supplied by the appliance manufacturer shall be installed in accordance with the manufacturer's instructions;
 - (b) shall be installed in the position for which it was designed with reference to the horizontal and vertical planes and shall be so located that the relief opening is not obstructed and is accessible for checking vent operation.
- (2) A draft hood,
- (a) shall be provided for every vented appliance requiring a zero overfire draft for operation, except for incinerators, dual oven type combination ranges, appliances with sealed combustion chambers and units designed for power burners or for forced venting;
 - (b) supplied with or forming a part of an approved appliance shall be used and installed without alteration as furnished by the appliance manufacturer and as specified in the appliance approval;
 - (c) where required with a conversion burner shall be of an approved design consistent with the following three Figures and it shall be sized in accordance with the Table to clause d of subsection 2 of section 46;

NOTE

This is only one design of a horizontal to vertical hood and should not be construed as the only design that may be used. A hood of any other design which will meet the Canadian Standard B. 206-2T, Listing Requirements for Draft Hoods, should be satisfactory within the limits of performance specified.

- (d) subject to clause b, where the installer determines that special requirements dictate the need for an alternative type of draft hood, shall be acceptable to the gas distributor prior to its installation;

(e) shall be in the same room as the combustion air inlet of the appliance and in no case shall be installed in a false ceiling, in a different room, or in any manner that will permit a difference in pressure between the draft hood relief opening and the combustion air supply; and

(f) where required with a conversion burner, shall be located at the proper height to assure zero overfire draft with adequate combustion air supply to ensure safe operation.

(3) A barometric draft regulator,

(a) shall not be used as a substitute where a draft hood is required except with the written permission of the Chief Inspector; and

(b) where used shall be of the double-acting type, except for incinerators, and shall be located so that the relief opening is not obstructed by any part of the appliance, components or adjacent construction.

(4) An automatic damper,

(a) shall be interlocked with gas burner control systems to prevent hazardous operation in the event of mechanical failure; and
- (b) shall be designed and constructed so that it shall be provided with a safe minimum opening.
- GAS VENTS
- 49.—(1) A gas vent,

(a) of Type B or BW shall be installed and used in accordance with its individual certification;

(b) of Type B gas vent shall be plainly and permanently identified by a label reading: "This gas vent is for appliances which burn gas only. Do not connect to solid or liquid fuel burning appliances.";

(c) of Type B or BW shall be adequately supported and spaced in accordance with its individual certification and such support shall be independent of the appliance or appliances being served;

(d) where two or more vent connectors enter it shall have the connection for the smaller connector at the highest level where consistent with available headroom or clearance to combustible material;

(e) subject to section 51 shall be installed within the structure housing the appliance or appliances served and where this is impractical, an outdoor vent may be used with the permission of the gas distributor;
- 222

- (f) where used with natural draft venting systems extending through an exterior wall and terminating adjacent to the exterior wall is prohibited but this prohibition does not apply to exhaust systems or sealed combustion units; and
- (g) may connect directly to the outlet of the draft hood of the appliance that it serves if the vent is independently supported and an approved single wall to double wall adaptor is used;

- (2) The size of a gas vent shall be such that,
 - (a) subject to section 53, if of Type B where connected to a single appliance, the diameter shall be not less than that of the flue collar of the appliance it serves or as determined in the following Table in which case the entire vent system from draft hood outlet to the vent termination, including the vent cowl, shall be of Type B vent material;

- (b) if of Type BW it shall be of the same internal cross-sectional area as that of the flue collar of the vented recessed heater that it serves;

(c) for multiple appliances equipped with draft hoods and individually connected, using vent connectors of material other than Type B, to a single Type B vent, the area of the common vent shall be not less than the area
- of the largest vent connector plus 50 per cent of the area of additional vent connectors;

(d) subject to section 53, for multiple appliances connected to a single Type B vent through individual vent connectors of Type B material, the diameter of the vent may be sized in accordance with the following Table:

CHIMNEYS

- 50.—(1) A chimney,
- (a) of the factory built type shall be installed and used in accordance with its individual certification;
 - (b) of masonry or metal construction shall be built and installed in accordance with Part 6 of the National Building Code of Canada, 1965;
 - (c) before the connection of a connector to it, shall be examined to ascertain that it is properly constructed and its passageway is clear, free from soot, creosote or other obstructions and will effectively conduct the flue gases to the outer air;
 - (d) where there is connected to it a gas appliance, and where the chimney also serves equipment for the combustion of solid or liquid fuel, the gas appliance be equipped with a safety device to shut off the gas supply in event of ignition failure;
 - (e) may have connected to it a gas appliance vent connector and a flue connector from an appliance burning fuel other than gas if the connections are made through separate openings and if the connector for the gas appliance is on top or the connection may be made through a single opening if the connectors have been joined by a suitable fitting located as close as practicable to the chimney.
 - (f) subject to clause g, shall be provided with a cleanout opening and the clean out opening shall be of such construction that it will remain tightly closed when not in use and, where tee fittings are used as cleanouts or condensate drains, the tee fittings shall have tight-fitting caps to prevent entrance of air into the chimney at that point;

- (g) of existing masonry construction intended for the venting of a gas appliance or appliances, shall be safe for the intended application and, where inspection reveals that it is not safe, it shall be lined with an approved liner, rebuilt according to Part 6 of the National Building Code of Canada, 1965 or replaced with a gas vent or chimney suitable for the appliances to be connected;
 - (h) where two or more vent connectors enter it, the smaller connector shall enter at the highest level where consistent with available headroom or clearance to combustible material, but vent connectors from incinerators shall always be connected at the lowest level; and
 - (i) shall be adequately supported independently of the appliance or appliances being served and if of the factory built type shall be supported and spaced in accordance with its individual certification.
- (2) The size of a chimney shall be such that,
- (a) subject to section 53, where connected to a single appliance or multiple appliances through a common vent connector the effective internal area shall be not less than the area of the vent connector and equivalent effective internal areas of rectangular shapes, as shown in the Table to clause e of subsection 2 of section 49;
 - (b) subject to section 53, for multiple appliances equipped with draft hoods and individually connected to a single chimney, the effective area shall be not less than that of the largest vent connector plus 50 per cent of the additional vent connectors or shall conform with the following Table:

TABLE

- (c) for inputs to chimneys, and vent connectors thereto, of a greater size than those shown in the tables to subsection 1 of section 46 and subsection 2 of this section sound engineering practice, subject to the approval of the Chief Inspector, shall be used to ensure the safe venting of flue gases from an appliance or appliances.

TERMINATION OF GAS VENTS AND CHIMNEYS

51.—(1) The height of a gas vent or chimney shall be such that it extends above the building or other adjacent obstruction to provide effective venting.

(2) Gas vents shall extend a minimum of 2 feet and chimneys a minimum of 3 feet above the highest point where they pass through the roof of a building and shall terminate a minimum distance of 10 feet horizontally from any portion of the building or buildings and shall be in accordance with the following Table:

TABLE

Minimum Distance Above the Roof for Termination of Vents and Chimneys

4" Diameter	24"
5" Diameter	30"
6" Diameter	36"
7" Diameter	48"
8" Diameter	60"
10" Diameter	60"
12" Diameter	72"

(3) Subject to section 53, gas vents or chimneys shall terminate not less than 5 feet in vertical height above the highest connected draft hood, outlet or flue collar.

(4) The requirement of subsection 3 does not apply to sealed combustion units.

MECHANICAL EXHAUST VENTING SYSTEMS

52.—(1) Gas vent and chimney exhausters of the power type may be used in place of natural draft vents and, where used with gas appliances requiring venting, provision shall be made to prevent the flow of gas to the main burner in the event of failure of the exhaust system and, where used with domestic and commercial incinerators, the exhauster shall be of a such a type that the flue gases do not come in contact with the moving parts of the exhauster.

(2) Where mechanical flue exhausters or induced or forced draft devices are used, provision shall be made to prevent flow of gas to the burners on failure of the exhauster or device.

ENGINEERED VENT SYSTEMS

53. With the written approval of the Chief Inspector, venting practices or formulae other than those required by sections 45 to 52 may be used.

General Requirements for Appliances

TYPE OF GAS

54.—(1) It shall be determined from the rating plate or from the manufacturer of the appliance, that the appliance has been designed for use with the gas and gas pressure to which it is intended to be connected.

(2) An appliance may be converted from propane to gas or from one type of gas to another with the prior permission of the gas distributor.

(3) Where an appliance is converted from propane to gas, or from one type of gas to another, the fitter making the conversion shall mark the appliance to indicate the type of gas to which the appliance has been converted.

APPLIANCE PIPING CONNECTORS

55.—(1) Vented appliances such as furnaces, boilers, room heaters, water heaters and incinerators shall be connected directly to the gas supply piping with rigid pipe, but with the approval of, and under the conditions required by the Chief Inspector, appliances used for temporary heating may be connected by approved flexible connectors.

(2) Where,

- (a) a domestic range is used, it may be connected to the supply piping with rigid pipe or approved flexible connectors;
- (b) a refrigerator is used, it may be connected to the supply piping with rigid pipe, approved flexible connectors or approved semi-rigid connectors;
- (c) a domestic clothes dryer is used, it may be connected to the supply piping with rigid pipe or approved flexible connectors of double wall construction;
- (d) commercial counter equipment and deep fat fryers are used, they may be connected to the supply piping with rigid pipe or approved flexible connectors of double wall construction, and an approved quick-disconnect fitting may be used and the valve portion, termed the "supply end", of the quick-disconnect fitting shall be connected directly to the rigid piping and a manual shut-off valve shall be installed in the piping in an accessible location as close as possible to the supply end of the quick-disconnect fittings;
- (e) subject to section 26, a suspended unit heater is used it may be connected to the supply piping with rigid pipe or approved flexible metal connectors of double wall construction; and
- (f) other appliances that require flexible connectors and have inputs not in excess of 60,000 BTUH are used, they may be connected to the supply piping with approved semi-rigid connectors or approved flexible connectors of the double wall construction with the approval of the Chief Inspector.

(3) Where semi-rigid tubing or flexible metal connectors are used, they shall not pass through walls, floors or partitions but shall be connected to rigid pipe located in the same area as the appliance.

(4) The length of a flexible metal or semi-rigid connector shall not exceed 6 feet, and it shall be installed so as to be protected from physical damage.

(5) All appliances shall be so supported and so connected to the piping that there shall be no undue strain on the connection.

FLEXIBLE METAL HOSE CONNECTIONS

56.—(1) Flexible metal hose connectors, where used, shall be of approved construction and shall be installed in accordance with the manufacturer's instructions.

(2) Flexible metal hose connectors may be used to connect internal combustion engines to rigid supply piping.

(3) Subject to section 26, flexible metal hose connectors may be used to connect suspended unit heaters to rigid supply piping.

(4) Flexible metal hose connectors may be used to connect appliances in industrial and process applications where vibration, expansion, contraction or other circumstances of an appliance installation warrant their use.

(5) A connection made with a flexible metal hose connector shall have a manual shut-off valve installed on the rigid supply pipe at the connection to the rigid supply piping.

(6) Where a flexible metal hose connector is used, it shall be of the minimum practical length, and shall not extend from one room to another, nor pass through any walls, partitions, ceilings or floors.

(7) A flexible metal hose connector shall not be used in a concealed location.

ACCESSIBILITY

57.—(1) The installation of appliances shall be such as to make them accessible for cleaning, inspection, repair, adjustment, lubrication, removal and replacement of components and accessories.

(2) Appliance panels and grilles that require removal for servicing shall not be attached to the building construction.

(3) An access opening with minimum dimensions of 24 inches by 30 inches shall be provided to the space in which any appliance or accessory is located.

(4) A clear and unobstructed passageway of at least 36 inches high and 36 inches wide shall be provided to any appliance.

MISCELLANEOUS INSTALLATION REQUIREMENTS

58.—(1) Before leaving any installation, the installer's fitter shall ensure that all appliances installed by him comply with the requirements of this Regulation.

(2) The installer shall instruct the operator or owner in the safe and correct operation of all appliances installed by the installer.

(3) The instructions that are supplied with the appliance by the manufacturer shall be left by the installer with the user.

(4) Where two or more burners are connected to the same manifold they shall be piped in such a manner as to supply the same pressure to each burner.

(5) Valves, regulators and other control devices that require bleeding shall be bled separately by a bleed vent or, if manifolded, the common manifold shall have an area equal to not less than twice the total area of the connected bleed vents.

(6) Relief vents from relief valves shall not be manifolded with bleed vents from other devices, but the relief vents from two or more relief valves may be manifolded together if the common manifold is equal in area to the area of the largest relief valve opening plus 50 per cent of the total area of the other relief valve openings.

(7) Subject to section 10 and subsection 5 of section 11, gas pressure regulators shall be bled by a bleed vent to a safe location outdoors or into a combustion chamber adjacent to a constant pilot and, where bled into a combustion chamber, the terminus of the bleed vent shall be securely held in a fixed position relative to the pilot flame and shall not affect the operation of a thermal element.

(8) Means shall be provided to prevent water from entering a bleed vent and to prevent stoppage of a bleed vent by insects or foreign matter.

DAMAGED AND USED APPLIANCES

59.—(1) Appliances that have been exposed to fire, explosion or water damage shall not be offered for sale, installed for use, or reconnected to supply lines without permission of the gas distributor.

(2) All used appliances shall be inspected by the installer in conformance with subsection 1 of section 3 before connection or reconnection to a supply line.

APPLIANCE CLEARANCES

60.—(1) All clearances shown in sections 63 to 72 shall be minimum where no protection is provided.

(2) Reduced clearances may be approved only for approved appliances with reduced clearances marked on the nameplate or, where protection is provided over combustible material in accordance with the following Table:

TABLE

(i) ¼ inch cellular asbestos.	36	36	36	18	18	18	12	12	9	3	3

*All clearance given in inches.

**Except for the protection indicated in (e) above, all clearance shall be measured from the outer surface of the appliance to the combustible construction, disregarding any intervening protection applied to the combustible construction, but in no case shall the clearance be such as to interfere with the requirements for combustion air and for accessibility.

***Applied to the combustible construction unless otherwise specified and covering all surfaces within the distance specified as the required clearance with no protection. Thicknesses are minimum.

NOTE : Spacers shall be of non-combustible construction.

(3) The clearances to the appliances referred to in this section shall not interfere with the requirements for combustion air, draft hood or barometric dilution, relief openings and accessibility for servicing.

OUTDOOR INSTALLATIONS

61.—(1) An appliance to be used outdoors shall be approved for the application.

(2) The appliance, when installed, shall be protected against weather and physical damage.

(3) The appliance shall be readily accessible for inspection and servicing and where an appliance is installed on a roof, a fixed means of access shall be provided.

(4) Appliances shall be so spaced as to prevent circulation of the flue gases into the combustion air inlet or circulating air stream of any adjacent appliance.

INSTALLATION OF APPLIANCES IN TRAILERS AND MOBILE HOMES

62.—(1) Appliances to be installed in trailers and mobile homes shall be approved for the application.

(2) The installations referred to in subsection 1 shall be subject to the direct approval of an inspector.

Installation Requirements for Specific Appliances

BOILERS

63.—(1) Central heating boilers shall be installed on a firm, level foundation and, unless approved for installation on a combustible floor, shall be installed on a non-combustible floor.

(2) Unless approved for lesser clearances, central heating boilers shall be installed with a minimum clearance from combustible construction of 18 inches to the side and rear and 48 inches in front.

FURNACES, SPACE HEATING

64.—(1) Central heating furnaces shall be,

(a) installed on a firm, level foundation and, unless approved for installation on a combustible floor, shall be installed on a non-combustible floor;

(b) subject to clause b of subsection 2 of section 70, unless approved for lesser clearances from combustible construction, shall be installed with a minimum vertical clearance of 3 inches from the warm air plenum, 6 inches from the jacket sides and rear, and 24 inches from the front; and

(c) not installed with a cold air return opening located in a small enclosed space that contains a forced air furnace.

(2) A floor furnace,

(a) shall not be installed in the aisle or passageway of any auditorium, public hall, place of assembly or in any exit-way from any auditorium, public hall or place of assembly;

(b) shall not be installed closer than 6 inches to the nearest wall;

(c) of the wall register type, shall not be placed closer than 6 inches to a corner;

(d) shall be located so that doors, drapery, or other similar objects shall not be within 12 inches of any portion of the register;

(e) subject to subsection 6 of section 47, located in a building without a basement shall have a vent connector made of aluminum or of equivalent corrosion resistive material;

(f) shall be installed so that the floor immediately around the furnace be braced and headed with a framework of material not lighter than the existing joists;

(g) shall be provided with means to support the furnace when the floor grille is removed;

(h) shall be installed so that the lowest portion of the furnace has at least a 12 inch clearance from the general ground level, except that where the lower 6 inch portion of the furnace is sealed by an approved method to prevent entrance of water, the clearance may be reduced to not less than 2 inches;

(i) shall be provided with a minimum clearance of 6 inches on all sides, except the control side where the minimum clearance shall be 24 inches;

(j) shall be provided with a clear and unobstructed passageway of at least 48 inches high by 36 inches wide, and a trap-door access, where used, shall be a minimum size of 24 inches by 30 inches; and

(k) shall be provided with fixed ventilation, by means of a duct or grille arranged to supply air from a permanently ventilated attic or floor space, to any confined space that encloses the furnace, and the duct or grille shall be screened and have a free area of at least twice the area of the vent collar of the furnace and the duct or grille shall be installed in such a manner that proper combustion is assured.

(3) A duct furnace shall be installed so that,

(a) the ducts connected to the furnace have removable access panels on both upstream and downstream sides of the furnace;

(b) where located in a confined space, no circulating air is taken from the confined space;

(c) the controls, other than a sensing element, are located outside the duct;

(d) where used in conjunction with a refrigeration system, the furnace is not located downstream from the evaporator coil, except where the

heat exchanger of the furnace is constructed of corrosion-resistive material approved for such operation;

- (e) the furnace is supported in such a manner that no weight is carried by the supply piping; and
 - (f) unless approved for lesser clearances, a minimum distance of 6 inches from all combustible construction is provided, except for the control side and filter panels where the minimum clearance shall be 24 inches.
- (4) A horizontal furnace,
- (a) may be installed in crawl spaces or suspended from floors or ceilings and, if so approved and so marked, may be installed in attic spaces;
 - (b) where installed in an attic space, shall be provided with a permanent and substantial walkway to the control side of the furnace;
 - (c) shall not be installed in an attic space that contains loose shavings or other combustible material used for insulating purposes; and
 - (d) unless approved for lesser clearances, shall be installed at a minimum distance of 6 inches from all combustible construction.

(5) A counterflow furnace,

- (a) having a downward warm air discharge and where marked "For Installation on Non-Combustible Floors Only", and where installed on, or passing through, combustible floors, shall be provided with a separate base certified as a component part of the furnace;
- (b) shall be installed so that there are no open passages in the floor through which flame or hot gases from a fire originating in the area below the floor can travel to a space above;
- (c) where located in a confined space, the circulating air for the furnaces shall not be taken from the same space from which combustion air is supplied to the furnace; and
- (d) shall be provided with the minimum clearances that conform with the furnace certification.

HEATERS

65.—(1) A sealed combustion unit,

- (a) shall be of the combustion chamber design in space heaters and water heaters that are installed in bathrooms; and
- (b) shall be installed so that the vent outlet terminates a minimum of 9 inches from fresh air intakes, doors, windows that open or from other openings.

(2) A direct fired make-up air heater,

- (a) shall be installed in accordance with the installation provisions contained in CSA-B 203-7F-T, 1966 "Requirements for Direct Gas-Fired, Non-Recirculating Make-Up Air Heaters"; and
- (b) shall be controlled so that the discharge temperature from the heater does not exceed 68° F, except with permission of the Chief Inspector.

(3) Gas-fired construction heaters shall be used only in conformance with section 72.

(4) A vented recessed heater,

- (a) may be installed in a combustible wall where approved for such an installation;
- (b) where equipped with panels and grilles that must be removed for normal servicing, shall have the panels and grilles attached to the heater and not to the building structure; and
- (c) subject to subsection 1, shall be vented only with an approved Type BW vent kit, unless the heater is additionally approved as a room heater and used as a room heater, in which case subsection 6 of section 45 shall apply.

(5) A room or space heater,

- (a) where installed in rooms where sleeping accommodation is provided and in areas accessible to the public, shall be of the fully enclosed, automatic temperature controlled and vented type, and shall be equipped with a pressure regulator and 100 per cent safety shut-off control;
- (b) whether of the radiant type or not, designed and marked "For Use in Fireplaces of Masonry Construction" shall not be installed elsewhere;
- (c) of the unvented radiant type, shall be installed only in chimney-connected fireplaces and, where such fireplaces have manual dampers permanent stops shall be provided on the damper control to prevent closure of the flue outlet;
- (d) shall be located so as not to cause a hazard to walls, floors, curtains, furniture, doors when open, and to the free movement of persons; and
- (e) unless approved for a lesser clearance, shall be installed with a minimum clearance of 6 inches from combustible construction and the clearance shall be 2 inches from projecting flue boxes and draft hoods.

(6) A water heater,

- (a) unless of the sealed combustion chamber design, shall not be installed in bathrooms or in bedrooms or other confined areas in which sleeping accommodation is provided;
- (b) of the storage type and not equipped with a metal baffle between the burner and combustible construction, shall be located on a solid fire-resistive foundation, the minimum size of which shall be 24 inches by 24 inches;
- (c) of the instantaneous type and installed on a combustible wall, shall be provided with protection consisting of $\frac{1}{4}$ inch asbestos millboard, or equivalent, that extends the full length and width of the heater and draft hood;
- (d) shall be equipped with an approved temperature and pressure relief device installed,
 - (i) in the side or top tapping provided by the manufacturer, or
 - (ii) in a vertical position as close as possible to the hot water outlet,

and the relief opening of the device shall be piped to a level approximately 6 inches from the floor, or to an effective drain, and both temperature and pressure relief functions may be included in a combination type valve; and

- (e) of the automatic instantaneous type shall have a water supply of sufficient pressure to operate the automatic valve when drawing hot water from a faucet on the top floor.
- (7) A suspended unit heater,
 - (a) shall be firmly supported with metal hangers or brackets;
 - (b) and the ducts attached to the heater shall be so located that a negative pressure is not created in the room in which the heater is located;
 - (c) shall not be attached to inlet or outlet ducts unless approved for use in such an installation;
 - (d) where installed in commercial and public garages, the location of the heater shall be such that the bottom of the heater is not on a lower horizontal plane than the top of the highest vehicle-admitting door opening, unless the heater is installed in an out-of-the-vehicle-travelled part of the garage in which case the clearance to the floor from the bottom of the heater may be reduced to not less than 4 feet, 6 inches; and
 - (e) except where permitted by approved manufacturer's instructions, shall have a minimum of 18 inches clearance from combustible construction.

COOKING EQUIPMENT

66.—(1) A domestic range,

- (a) shall be installed level, and where installed on combustible floors it shall be set on its own legs or baffled base;
- (b) where the range is attached to a flue or vent connector, provisions shall be made by the installer for the protection of combustible construction adjacent to the flue or vent connector;
- (c) shall have a vertical clearance above the cooking top of not less than 30 inches to combustible construction, except where the underside of the combustible construction is protected with asbestos millboard that is at least $\frac{1}{4}$ inch thick and covered with sheet metal of not less than No. 28 Manufacturer's Standard Gauge, the vertical clearance may be reduced to not less than 24 inches and the protection shall extend 9 inches beyond the sides of the range; and
- (d) where installed beneath combustible material or metal cabinets shall have protection provided by a metal ventilating hood, the top of which is not less than 24 inches directly above and is, in width, equal to that of the cooking top, and is insulated with asbestos millboard that is at least $\frac{1}{4}$ inch thick, the protection need not extend beyond the sides of the range.

(2) Hotplates and laundry stoves,

- (a) shall be connected with rigid pipe and, where installed on combustible surfaces, shall be set on their own legs or a base and firmly secured to prevent accidental movement;
- (b) shall not be installed in light-housekeeping rooms or in rooms in which sleeping accommodation is provided;
- (c) shall be installed so that a minimum horizontal clearance of 6 inches from combustible construction is maintained; and

- (d) shall be installed so that the vertical clearance between the top of the hotplate or stove and combustible construction is not less than 30 inches.

(3) Hotel and restaurant ranges, deep fat fryers and unit broilers,

- (a) shall be installed level and on a firm foundation;
- (b) where installed on unprotected combustible floors, shall have legs that provide a minimum of 4 inches clearance between the metal base and the floor;
- (c) that do not have legs at least 4 inches high, shall not be installed on a combustible floor except where the floor space thereunder is protected with sheet metal and a 2 inch air space is maintained between the metal base and the sheet metal;
- (d) shall be installed so that a minimum clearance of 6 inches from combustible construction is maintained between their ends and sides; and
- (e) shall be installed so that any portion of combustible construction located within 18 inches of a cooking top section is protected for a vertical distance of 36 inches above the surface of the cooking top.

(4) A gas counter appliance shall be installed so that,

- (a) a minimum vertical distance of 36 inches is provided between the top of the appliance and combustible construction; and
- (b) a minimum horizontal clearance of 6 inches from any combustible construction is provided.

MISCELLANEOUS APPLIANCES

67.—(1) A refrigerator shall be installed so that a minimum clearance of,

- (a) 2 inches is provided between the back of the refrigerator and the wall; and
- (b) 12 inches is provided above the top,

unless approved for lesser clearances or ducts provide ventilation to the top and to the rear.

(2) A clothes dryer,

- (a) shall be installed with a minimum clearance of 6 inches from combustible construction, unless approved for lesser clearances;
- (b) may be equipped with a moisture exhaust duct and in such case the duct shall not,
 - (i) terminate immediately above or within 3 feet horizontally of a gas service regulator, or fresh air intake,
 - (ii) be metal screwed, and
 - (iii) be connected into a vent connector, vent or chimney; and
- (c) of the commercial type shall be installed so that,
 - (i) the front and any accessible side of the dryer is enclosed from the top of the dryer to the ceiling and the enclosure shall be metal screen, expanded metal of not larger than $\frac{3}{4}$ inch mesh and not less than 14 USWG wire or material that is fire-resistive, and

- (ii) a minimum clearance in any direction of not less than 18 inches is maintained between the top of the heating unit of the dryer and combustible construction.

(3) An incinerator,

- (a) shall be installed as close as practicable to a chimney and shall have a minimum of 12 inches clearance from all combustible construction unless approved for lesser clearance, but in no case shall the clearance be less than 3 inches;
- (b) of the wall type shall be installed only in a non-combustible wall that communicates directly with a chimney flue;
- (c) shall not be equipped with a draft hood but, where draft control is required, shall be equipped with a barometric damper of the single-acting type;
- (d) shall be connected to a chimney by a direct connector through a separate thimble;
- (e) shall be chimney connected and the vent connector shall have a minimum of 18 inches clearance from combustible construction, except that the connector may pass through a wall or partition of combustible construction where the wall or partition is guarded at the point of passage with a thimble 12 inches larger in diameter than the vent connector; and
- (f) shall be installed so that the clearance above a charging door is not less than 48 inches from combustible construction.

(4) A carbon dioxide generator for a controlled atmosphere warehouse,

- (a) shall be certified by a designated testing agency for the application;
- (b) shall take its combustion air from outside the warehouse space; and
- (c) subject to Regulation 138, Revised Regulations of Ontario, 1960, under *The Farm Products Grades and Sales Act* shall be used only for producing controlled atmospheres in a warehouse.

(5) A carbon dioxide generator for a greenhouse,

- (a) shall be approved for the application, except that the Chief Inspector may authorize, in writing, the distributor to permit the use of approved conversion burners with safety pilots for such applications;
- (b) may take its combustion air from inside the greenhouse if the total input of the generators in the greenhouse does not exceed 30,000 BTUH per 10,000 cubic feet of greenhouse and there is one complete air change per hour; and
- (c) shall not produce a concentration of carbon dioxide in a greenhouse in excess of 5,000 parts per million, being 0.5 per cent.

(6) An infra-red heater,

- (a) shall be installed in accordance with approved manufacturer's instructions;
- (b) of the unvented type, shall not be installed in dwellings of single or multiple family occupancy, hotels, motels or buildings for institutional occupancy; and

- (c) installed in a building, other than a building described in clause b, shall be installed in accordance with approved manufacturer's instructions and installation drawings shall be submitted to the Chief Inspector for approval prior to the commencement of work.

(7) Gas-fired toilets shall be installed in accordance with approved manufacturer's instructions.

(8) Gas-fired steam bath appliances shall be installed in accordance with approved manufacturer's instructions.

(9) Gas-fired appliances shall not be installed in the areas of dry-cleaning and similar establishments that have atmospheres where vapours corrosive to the appliances may be present.

GAS LIGHTING

68.—(1) Pendant type light fixtures shall be firmly supported to remove the direct weight of the fixture from the gas line.

(2) Wall bracket fixtures shall be firmly supported and, if of the swing type, shall be provided with stops to maintain a 5 inch horizontal clearance from combustibles, unless approved for lesser clearances.

(3) Bracket and pendant fixtures,

- (a) of the enclosed type shall have a minimum clearance from combustibles of 18 inches vertically and 5 inches horizontally, unless approved for lesser clearances; or
- (b) of the unenclosed type shall have a minimum clearance from combustibles of 18 inches.

APPLIANCE INSTALLATION IN GARAGES

69.—(1) An appliance may be installed on the floor of a residential garage if the door opening to the garage is on a level equal to, or lower than, the level of the floor on which the appliance rests and the appliance must be protected against physical damage.

(2) An appliance may be installed in a commercial storage garage if the appliance is located at least 18 inches above floor level and protected against physical damage.

(3) An appliance may be installed in a commercial repair garage if the appliance is located at least 4 feet, 6 inches above floor level and is protected against physical damage.

CONVERSIONS FROM SOLID OR LIQUID FUELS

70.—(1) Where converting from solid or liquid fuels,

- (a) equipment to be converted shall be thoroughly cleaned, leak tested where applicable, and examined for serviceability;
- (b) conversion burners shall be approved; and
- (c) the burner or burners and their accessories shall be installed according to the manufacturer's instructions and shall be firmly secured in place to maintain correct alignment in normal use and to eliminate direct flame impingement on metal surfaces.

(2) Clearances from combustible construction in the case of,

- (a) boilers, when converted, shall be not less than 18 inches vertically and not less than 18 inches horizontally at sides and rear and 48 inches in front; and

(b) space heating furnaces, when converted, shall be in conformance with the following:

1. Not less than 3 inches from the warm air plenum.
2. Not less than 6 inches horizontally from jacket sides and rear.
3. Not less than 24 inches horizontally from the front.

(3) The conversion to gas of a furnace with reversible flue passes may be carried out only if,

- (a) where an atmospheric burner is used, the centre line of the flue collar outlet is at least 12 inches above the burner ports;
- (b) where an atmospheric burner is used, the flue collar outlet is extended to permit installation of the draft hood with the relief opening of the hood being at least 12 inches above the highest flue pass;
- (c) a by-pass of at least 1 inch in diameter is connected to the top of any section of the flue passages or combustion chamber where gas may be trapped or pocketed and is extended through the outer casing to terminate in the flue collar outlet extension; and
- (d) the flue collar outlet extension is gas-tight and is constructed of steel that is not less in strength than 20 gauge galvanized steel.

PRESSURE BOOSTERS AND GAS ENGINES

71.—(1) A pressure booster shall be installed so that,

- (a) the space occupied by the booster is isolated and ventilated, the isolation and ventilation may be accomplished by an enclosure built around the booster or by an enclosing hood vented to the atmosphere;
- (b) the booster or similar apparatus, capable of creating a reduced pressure in the service pipe lower than the pressure acceptable to the gas supplier, is provided with a low-pressure cut-off device; and
- (c) if of the positive displacement type with a mechanical by-pass arrangement, a high gas pressure switch to cut off gas supply or shut down the booster is installed downstream.

(2) A stationary gas engine shall be installed so that,

- (a) the space occupied by the engine is provided with combustion and ventilation air;
- (b) the fuel line to the engine is sized in accordance with section 19 and where more precise information as to the maximum rate of gas consumption is not available from the manufacturer, the input shall be taken, for normal operation, as 10,000 BTUH per brake horsepower for a 4-cycle engine and 13,000 BTUH per brake horsepower for a 2-cycle engine;
- (c) the engine is equipped with an automatic device to shut off the gas supply if the engine stops; and
- (d) the exhaust pipe from the engine,

- (i) is of corrosion and heat-resistive metal,

(ii) is protected by a metal thimble 12 inches greater in diameter where passing through a combustible partition or wall,

(iii) terminates outdoors in a location where exhaust fumes cannot be trapped or cannot be drawn into any building through a window, door or other opening, and

(iv) is protected to prevent contact or access by unauthorized personnel.

CONSTRUCTION HEATERS

72.—(1) Construction heaters and accessories intended for temporary heating on construction sites shall be used only for the purpose for which they were approved.

(2) The installation of construction heaters shall be such that,

- (a) the heaters are so located as to prevent physical damage to them and to prevent upsetting of them;
- (b) the heaters are installed on a solid, level base;
- (c) all pipe, tube, hose and accessories are supported and secured and protected from physical damage and strain;
- (d) straw, plastic, canvas, wood and other combustible materials and debris are kept clear of the heater by the clearances specified on the instruction plate on the heater;
- (e) where used in a confined or enclosed space, an adequate supply of air for combustion and ventilation is provided;
- (f) where the heaters are directly connected to a permanent gas supply in the building under construction, the connections are of rigid piping;
- (g) where the heaters are connected to temporary piping, the temporary piping and connections conform to sections 19 to 36 and in addition,
 - (i) the shut off valve described in subsection 14 of section 30 shall be provided with a lever handle when the branch line is in service,
 - (ii) outlets shall be equipped with excess flow valves or equivalent devices approved for the purpose, and
 - (iii) approved hose may be used as a connector to the heater if an excess flow valve or equivalent device and shut off valve approved for the purpose are installed immediately upstream from the hose connector.

(3) It shall be the responsibility of the lessor of construction heaters at the time of delivery to the lessee to ensure that,

- (a) the heaters are approved and in safe operating condition; and
- (b) the lessee is instructed in the safe installation and use of the heaters and accessories as required by this section.

(4) It shall be the responsibility of the lessee of construction heaters to ensure that,

- (a) the heaters and accessories are installed and used in accordance with the requirements of this section;

- (b) the installation and maintenance of the heaters and accessories are done only by a gas fitter;
 - (c) the handling and operation of heaters and accessories are done by persons who have been instructed in the handling and operation of heaters and accessories; and
 - (d) malfunctioning or damaged heaters or accessories are removed from service and the malfunctioning or damage is reported to the lessor.
- (5) It shall be the responsibility of the owner, where he is also the user, of construction heaters and accessories to ensure that,
- (a) the heaters and accessories are installed and used in accordance with the requirements of this section;
 - (b) the installation and maintenance of heaters and accessories are done only by a gas fitter;
 - (c) the handling and operation of heaters and accessories are done by persons who have been instructed in the handling and operation of heaters; and
 - (d) malfunctioning or damaged heaters and accessories are removed from service.

ELECTRICAL REQUIREMENTS

73.—(1) Where electrical circuits and devices are employed, they shall be arranged so that the gas is shut off in case of electrical failure.

(2) Electrical safety limit circuits shall use not more than 115 volts nominal, single phase, and shall be isolated circuits such as provided by a control circuit transformer.

(3) Electrical connections between gas appliances and building wiring shall comply with Ontario Regulation 304/63, being the Ontario Electrical Code made under *The Power Commission Act*.

(4) The circuit employed for operating the automatic main shut-off valves of commercial and industrial installations shall be provided with a readily accessible manual switch, located near the entrance of the room where the appliance is installed.

74.—(1) Every person, on becoming a contractor, shall apply for registration by filing with the Minister an application for registration in Form 301 and paying with the application a fee of \$10.

(2) Every registered contractor shall apply annually for renewal of registration by filing with the Minister an application for renewal in Form 301A and paying with the application a fee of \$10.

(3) A certificate of registration in Form 302 shall be issued to a contractor who has applied for registration under subsection 1 and annually to a contractor who has applied for renewal under subsection 2.

(4) A registered contractor shall display his certificate of registration in a conspicuous place in his business premises and shall notify the Minister immediately upon any change of his business address.

FITTERS' APPLICATIONS

75.—(1) An application for certification of a person to install, repair, service or remove all gas appliances and the piping downstream from the meter thereto shall be in Form 303.

(2) An application for certification of a person to install, repair, service or remove gas appliances and the piping downstream from the meter thereto in a commercial or industrial building of his employer shall be in Form 306.

(3) An application for certification of a person to repair and service gas appliances and the piping downstream from the meter thereto shall be in Form 307.

(4) The fee for filing an application under this section, including any examination, is \$5.

FITTERS' CERTIFICATES

76.—(1) The certificate of a person, referred to in subsection 1 of section 75, to install, repair, service or remove all gas appliances and the piping downstream from the meter thereto shall be in Form 309.

(2) The certificate of a person, referred to in subsection 2 of section 75, to install, repair, service or remove gas appliances and the piping downstream from the meter thereto in a commercial or industrial building of his employer shall be in Form 312.

(3) The certificate of a person, referred to in subsection 3 of section 75, to repair and service gas appliances and the piping downstream from the meter thereto shall be in Form 313.

(4) A person who has paid the fee under subsection 4 of section 75 and qualifies for certification is exempt from payment of a fee for his certificate for the year for which it is issued.

(5) A certified fitter shall notify the Minister within six days of any change in his registered address.

RENEWALS

77.—(1) An application for renewal of a certificate referred to in section 76 shall be in Form 315 and the fee therefor is \$5, but a person who, in addition to being a gas fitter, is also a propane fitter Class I shall, upon payment of \$5, be issued a renewed certificate in Form 316 instead of a separate gas fitter's licence and a separate propane fitter's licence.

(2) A person who is registered under section 74 or is certified under section 76 and who has lost his certificate may apply for a duplicate thereof by filing with the Minister a statutory declaration setting out the reasons for the loss and paying a fee of \$2.

78.—(1) Registrations and certificates are not transferable from one person to another.

(2) Every registration under section 74 and every certificate under section 76 expires with the 31st day of December of the year for which it was issued or made, unless the registration or certificate bears a term or condition to the contrary.

(3) A person who does not hold a certificate for the year prior to the year for which he is applying for a certificate shall not be issued a renewal certificate.

EXEMPTIONS

79.—(1) A professional engineer registered under *The Professional Engineers Act* is exempt from being a fitter under subsection 4 of section 7 of the Act.

(2) A person is exempt from being a contractor under subsection 3 of section 7 of the Act in respect of an appliance he owns in his own dwelling.

(3) An appliance is exempt from inspection under subsection 6 of section 7 of the Act while being used only for the purpose of testing or examination of the flame.

CONSERVATION AND USE OF ENERGY

80. When a distributor's supply of gas is not sufficient to supply all the wants of the distributor's consumers, the gas shall be supplied to the consumers in the following order of preference:

- 1. For hospitals without equipment to use an alternate fuel.
- 2. For institutions without equipment to use an alternate fuel.
- 3. For residential purposes.
- 4. For commercial purposes.
- 5. For industrial purposes.

ACCIDENT REPORTS

81. Every transmitter, distributor and storage company shall,

- (a) report to an inspector in person or by telephone or telegraph immediately upon the fact becoming known to him,
 - (i) any fatality,
 - (ii) any fire or explosion resulting in property damage estimated to exceed \$250 in amount, or
 - (iii) any fire or explosion resulting in a personal condition requiring medical treatment,

where the fatality, fire or explosion was caused or appears to have been caused directly or indirectly by gas produced, transmitted, distributed or stored by the transmitter, distributor or storage company;

- (b) report forthwith to the Minister in writing the information required under clause a; and
- (c) on the request of the Minister, or an inspector, supply such additional information as is required concerning the fatality, fire or explosion.

MISCELLANEOUS

82.—(1) A tag attached to a work or appliance under section 3 of the Act shall be in Form 601.

(2) The permission of the Minister to lay an information under section 9 of the Act shall be in Form 602.

(3) Every distributor of gas shall pay an annual fee for inspections during the year of his pipelines and appliances and the pipelines and appliances of his consumers in an amount equal to the cost of the inspections.

REVOCATION

83. Ontario Regulation 333/64 is revoked.

Proclamation

(Great Seal of Ontario)

W. EARL ROWE

PROVINCE OF ONTARIO

ELIZABETH THE SECOND, by the Grace of God of the United Kingdom, Canada and Her other Realms and Territories, Queen, Head of the Commonwealth, Defender of the Faith.

TO THE HONOURABLE GEORGE A. MCGILLIVRAY of Our Village of Forest Hill, in Our Province of Ontario, a Justice of Appeal of Our Supreme Court of Ontario and One of Our Counsel learned in the Law.

GREETING:

PROCLAMATION

WHEREAS in and by Chapter 323 of the Revised Statutes of Ontario, 1960, entitled "The Public Inquiries Act", it is enacted that whenever Our Lieutenant Governor in Council deems it expedient to cause inquiry to be made concerning any matter connected with or affecting the good government of Ontario or the conduct of any part of the public business thereof or of the administration of justice therein and such inquiry is not regulated by any special law, he may, by Commission appoint one or more persons to conduct such inquiry and may confer the power of summoning any person and requiring him to give evidence on oath and to produce such documents and things as the commissioner or commissioners deems requisite for the full investigation of the matters into which he or they are appointed to examine;

AND WHEREAS Our Lieutenant Governor in Council of Our Province of Ontario deems it expedient to cause inquiry to be made concerning the matters hereinafter mentioned:

NOW KNOW Ye that We, having and reposing full trust and confidence in you the said George A. McGillivray DO HEREBY APPOINT you to be Our Commissioner,

To inquire into, report upon, and make recommendations concerning The Workmen's Compensation Act, upon subjects other than detail administration.

AND WE DO HEREBY CONFER on you, Our said Commissioner, the power to summon any person and require him to give evidence on oath and to produce such documents and things as you Our said

Commissioner deem requisite for the full investigation of the matters into which you are appointed to examine.

AND WE DO HEREBY FURTHER ORDER that all Our departments, boards, commissions, agencies and committees shall assist you, Our said Commissioner, to the fullest extent, and that in order to carry out your duties and functions, you shall have the authority to engage such counsel, research and other staff and technical advisers as you deem proper.

TO HAVE, HOLD AND ENJOY the said Office and authority of Commissioner for and during the pleasure of Our Lieutenant Governor in Council for Our Province of Ontario.

IN TESTIMONY WHEREOF We have caused these Our Letters to be made Patent, and the Great Seal of Our Province of Ontario to be hereunto affixed.

WITNESS:

THE HONOURABLE WILLIAM EARL ROWE,
A Member of Our Privy Council for Canada,
Doctor of Laws, Doctor of Social Science, LIEUTENANT GOVERNOR OF OUR PROVINCE OF ONTARIO,

at Our City of Toronto in Our said Province, this sixteenth day of June in the year of Our Lord one thousand nine hundred and sixty-six and in the fifteenth year of Our Reign.

BY COMMAND

JOHN YAREMKO,
Provincial Secretary
and
Minister of Citizenship.

Harkwith Company Limited, 15059
26 Mulock Avenue, Toronto, Ontario.

The Ontario Highway Transport Board, pursuant to Section 16 of The Ontario Highway Transport Board Act, will review the terms of the certificate, dated the 8th day of June, 1965, which led to the issuance of Class ‘A’ public commercial vehicle operating licence No. 536, and has fixed Friday, the 29th day of July, 1966, at 10 a.m. (E.D.S.T.) at its Chambers, 67 College Street, Toronto, Ontario, for that purpose.

At the hearing this licensee will be required to show cause why this certificate should not be amended or revoked by reason of operations contrary to the public interest; the operations are, more specifically—continued disregard of The Public Commercial Vehicles Act and the regulations pursuant thereto.

The Board may amend or revoke the terms of its certificate.

THE HOURS OF WORK AND VACATIONS WITH PAY ACT

O. Reg. 169/66.

General.

Made—May 30th, 1966.

Filed—June 13th, 1966.

REGULATION MADE UNDER THE HOURS OF WORK AND VACATIONS WITH PAY ACT

GENERAL

PART I

HOURS OF WORK

APPLICATION

1. This Part applies only in respect of the provisions of the Act relating to hours of work as distinguished from the provisions of the Act relating to vacations with pay.

INDUSTRIAL UNDERTAKING

2. For the purposes of the Act and this Part, "industrial undertaking" includes every establishment and undertaking and all work in or about every business, trade or occupation, but does not include work by,

- (a) a duly qualified practitioner of architecture, dentistry, professional engineering, law, medicine, optometry, pharmacy, public accountancy, surveying or veterinary science or a duly qualified registered nurse, dental technician, drugless practitioner, or a student while engaged in training for such profession or calling;

- (b) a teacher as defined in *The Teaching Profession Act*;

- (c) any person in the business of funeral directing and embalming;

- (d) a person employed in farming operations or as a servant in a private residence;

- (e) a person employed in the cultivation of flowers, fruits or vegetables;

- (f) a person employed in commercial fishing;

- (g) an employee of a municipal fire department or police department;

- (h) a superintendent, janitor or caretaker of a residential building who resides in the building;

- (i) a person employed,

- (i) as an agent or salesman licensed under *The Insurance Act*,

- (ii) as a salesman registered under *The Real Estate and Business Brokers Act*, or

- (iii) in selling or soliciting orders for goods, wares, merchandise or services,

other than one so employed at the employer's actual place of business or as a route salesman, or where his working hours are set by the employer or can be verified by the employer;

- (j) a person employed as an ambulance driver or as his helper or as a taxicab driver;

- (k) a person employed as a fishing or hunting guide; or

- (l) employees of a telephone company owning or operating a telephone system, switchboard or exchange serving fewer than 300 subscribers.

WORKING DAYS EXCEEDING EIGHT HOURS

3. Where an employer has reduced the number of hours in the working week in an industrial undertaking to conform to subsection 1 of section 2 of the Act but desires to establish a working week of less than six days, the employer may, with the approval of the Board, adopt a working day in excess of eight hours.

EXCESS WORKING HOURS

4. The Board may authorize working hours in excess of those prescribed by subsection 1 of section 2 of the Act in respect of any industrial undertaking or branch thereof where the Board is satisfied that the nature of the work or the perishable nature of raw material being processed requires the extended daily or weekly working hours.

5. An employer may, with the approval of the Board, provide for working hours of employees in excess of those prescribed by subsection 1 of section 2 of the Act but the working hours shall not exceed,

- (a) in the case of an engineer, fireman, receiver, shipper, watchman or other person engaged in non-productive work, twelve hours in each week for each employee; and

- (b) in the case of all other employees, 100 hours in each year for each employee.

6. The granting by the Board of its approval under section 4 or 5 does not preclude an employee from refusing to work for any period in excess of that prescribed by subsection 1 of section 2 of the Act.

7. The daily working hours prescribed by subsection 1 of section 2 of the Act may be exceeded in any industrial undertaking designated and defined as an industry under *The Industrial Standards Act* and the regulations thereunder to the extent provided by any schedule for that industry.

ELAPSE OF TIME FOR DAILY WORK PERIOD

8.—(1) The maximum number of hours that may elapse between the commencement and the termination of the daily work period or periods of an employee working in the restaurant industry shall be twelve.

(2) In subsection 1, "restaurant industry" means any establishment or industry, where in consideration of payment, food is,

(a) prepared or cooked; and

(b) served,

except where food and lodging are regularly furnished to the public or to the members of a club not organized for pecuniary gain.

9.—(1) Where work is performed under section 6 of the Act, the employer shall, within thirty days of the performance of the work, report the work to the Board, stating the reasons therefor.

(2) Work performed under section 6 of the Act shall not be included in calculating working hours under sections 4 and 5.

PART II

VACATIONS WITH PAY

APPLICATION

10. This Part applies only in respect of the provisions of the Act relating to vacations with pay as distinguished from the provisions of the Act relating to hours of work.

INDUSTRIAL UNDERTAKING

11. For the purpose of the Act and this Part, "industrial undertaking" includes every establishment and undertaking and all work in or about every business, trade or occupation but does not include work by,

(a) a duly qualified practitioner of architecture, dentistry, professional engineering, law, medicine, optometry, pharmacy, public accountancy, surveying or veterinary science or a duly qualified registered nurse, dental technician, or drugless practitioner, or a student while engaged in training for such profession or calling;

(b) a teacher as defined in *The Teaching Profession Act*;

(c) a person employed in farming operations or as a servant in a private residence;

(d) a person employed in the cultivation of flowers, fruits or vegetables; or

(e) a person employed in commercial fishing.

12. In this Part, "construction work" includes all work in and about the construction, erection, demolition, repair, remodelling, decoration or alteration of the whole or any part of a building, road or structure, whether above or below the surface of the earth, except work done by,

(a) a student of architecture, surveying or professional engineering while employed by a duly qualified architect, surveyor or professional engineer in the course of the practice of that profession; or

(b) a person who is regularly employed by a manufacturing, industrial or service institution and performs maintenance work on the premises of his employer.

13.—(1) In lieu of vacation with pay, an employer shall pay to an employee who has ceased to be employed by the employer, other than an employee employed in construction work,

(a) an amount equal to 2 per cent of the employee's pay for all work done by him during the period in respect of which he is entitled to vacation with pay, where the employee has completed less than thirty-six months of continuous or non-continuous employment; and

(b) an amount equal to 4 per cent of the employee's pay for all work done by him during the period in respect of which he is entitled to vacation with pay, where the employee has completed thirty-six or more months of continuous or non-continuous employment.

(2) An amount payable under subsection 1 shall be paid to the employee on termination of employment or on the employer's next following regular pay day.

14.—(1) A vacation-with-pay stamp book in Form 1 shall be issued by the Board on request and payment of 35 cents to an employee engaged in construction work.

(2) A vacation-with-pay credit stamp shall be in Form 2.

(3) An employer shall affix to the vacation-with-pay stamp book of an employee employed in construction work vacation-with-pay credit stamps purchased by the employer,

(a) equivalent in cash value to 2 per cent of the employee's pay for all work done by him during the period in which he is entitled to vacation with pay, where the employee has completed less than thirty-six months of continuous or non-continuous employment; and

(b) equivalent in cash value to 4 per cent of the employee's pay for all work done by him during the period in respect of which he is entitled to vacation with pay, where the employee has completed thirty-six or more months of continuous or non-continuous employment.

(4) An employer shall return the vacation-with-pay stamp book to an employee,

(a) within ten days after the employee, who has ceased to be employed by the employer, presents a vacation-with-pay stamp book to the employer; and

(b) on the 30th day of June in each year where the employee,

(i) has not ceased to be employed by the employer; and

(ii) has presented a vacation-with-pay stamp book to the employer.

THE PUBLIC SERVICE ACT, 1961-62

O. Reg. 170/66.

Overtime—Ontario Provincial Police.

Made—May 30th, 1966.

Approved—June 9th, 1966.

Filed—June 14th, 1966.

REGULATION MADE UNDER
THE PUBLIC SERVICE ACT, 1961-62

1.—(1) In this Regulation,

(a) "employee" means a member of the Ontario
 Provincial Police Force, other than,

(i) a commissioned officer, and

(ii) a member of the civilian staff;

(b) "holiday" means the day on which a holiday
 falls or the day that is allowed in lieu thereof
 when the employee is required to work on
 the day of the holiday;

(c) "overtime" means a period of work computed
 to the nearest half hour and,

(i) performed on a regular working day
 in addition to the regular working
 period and consisting of at least one-
 half hour, or

(ii) performed on a holiday or other day
 that is not a regular working day.

(2) For the purposes of this Regulation, a normal
 working week is deemed to be five working days of
 eight hours each with a mealtime period of forty-five
 minutes during each eight hour period.

2. An employee shall be paid for each hour of
 overtime performed,

(a) during the six hour period immediately
 following his regular working period, an
 amount equal to his hourly rate of salary; and

(b) immediately after that six hour period, an
 amount equal to 1½ times his hourly rate
 of salary.

3.—(1) Where an employee is required to report
 for any period of work,

(a) prior to his regular working period or after
 leaving his place of employment at the end of
 his regular working period; or

(b) on any day, that is not a regular working day,

he shall be paid for each hour of overtime performed an
 amount equal to 1½ times his hourly rate of salary,
 but in no case shall he be paid an amount less than
 four times his hourly salary.

(2) This section does not apply where an employee,
 on being called in not more than one hour prior to his
 regular period of work, is given compensating time
 therefor at the end of that period of work.

4. Where an employee is required to work on a
 holiday he shall be allowed another day in lieu thereof
 and such other day shall be regarded as compensating
 time and there shall be no overtime payment in
 respect thereof.

5. This Regulation applies to overtime performed
 by an employee on and after the 15th day of May, 1966.
